SAYS IT'S A RASCALLY JOB

Capt. Berkey So Describes the Building of the New County Jail.

"The county jail is the most rascally transaction ever perpetrated on Ramsey county, and I do not fear to make the statement freely," said Capt. Berkey at a meeting of the directors of the Chamber of Commerce yesterday. Capt. Berkey recommended that a bill should be pushed through the next legislature for the consolidation of the city and county. "The county tax is double what it was last year," said he.

The directors discussed the report of the conference committee on the budget. They realized that the amount voted was necessary for the expenses of the city for the coming year, but thought that the rate of taxation was too high. They agreed, in view of the fact that the amount of money required for new schools, etc., was so large, that the funds should be raised by a bond issue instead of by taxation.

Favor a Bond Issue.
Major Epp recommended that the chamber favor the resolution of President Wheelock, of the park board, for a bond issue. A resolution was adopted, and will be sent to the committee on municipal affairs.

The chamber voted in favor of appointing a delegate from the chamber to the joint committee on approaches to the capitol building. The chamber expressed its approval of the plan to secure proper and artistic approaches to the building.

Foley will have his hearing in the police court this morning. When the case was called yesterday he asked for a continuance.

Drunken Row Leads to Court.

Henry Mack's saloon, near Seventh corners, was the scene of a fierce fight on Sunday night.

Henry Carroll, a prominent Rosemount farmer, was badly beaten, and, as a result, John Salera, 197 West Fourth street, was arrested yesterday and charged with assault. Carroll entered the place in a drunken state and uttering to himself. Salera took something said in this manner as an insult and struck Carroll over the head with a heavy cane, rendering him unconscious.

In the police court Salera pleaded not guilty to the assault, as Carroll admitted being in a condition in which he would not be accountable, both cases were continued until this morning.

WILLIAM C. RODE KISSES CHILDREN GOOD-BYE AND COMMITS SUICIDE

After tenderly kissing his six small children good-bye, William C. Rode, a grocer living at 1055 Hastings avenue, committed suicide early yesterday morning by swallowing three ounces of carbolic acid.

Rode quarreled with his wife Sunday and at that time threatened to end his life. Shortly afterwards he kissed all his children, telling them that he was going away never to return. Late Sunday night, Rode did return, and retired to his room. He was not seen by any of the family. He arose early yesterday morning, before his wife or children had awakened, and, after slitting his left wrist, he committed suicide.

Shortly before 7 o'clock Rode's son, Henry, was attracted to the barn in the rear of his home by loud groans. He found his father lying on a pile of straw, unconscious. Mrs. Rode was called, and at once summoned medical assistance. When Dr. George Binder arrived the man was dying. All efforts to revive him failed, and he expired shortly after the doctor arrived.

Rode is forty-two years of age, is survived by a widow and six children. He had lived in St. Paul for ten years. Coroner Miller took charge of the remains. There will be no autopsy.

Mrs. Blanche E. Douglass' Suit to Recover Securities Before Supreme Court.

Arguments on an application for an order requiring A. G. Morey, of Minneapolis, to return certain securities, valued at \$2,300, to Mrs. Blanche E. Douglass, were heard in the supreme court yesterday.

Mrs. Douglass secured a divorce from her husband, E. J. Douglass, in Wisconsin, and sometime after the divorce was granted she returned to St. Paul and placed the matter in the hands of Attorney Morey to make a settlement.

Mrs. Douglass alleged Morey settled with the Milwaukee attorneys for \$300, and for this and other legal work done demanded \$1,365, and retains securities to her.

Lengthy arguments were made by the attorneys yesterday. Foot & Wickersham representing Mrs. Douglass, and H. C. Collier appeared for Morey. Chief Justice Start finally called a halt, saying the court had heard enough and would take the case under advisement. Some question was raised as to whether the court had jurisdiction in the case, as it might have to be first heard in the district court.

DECLINES TO VISIT SOUTH DAKOTA FOR PURPOSE OF PAYING A DEBT

Fred Zobel, a resident of Mankato, through his attorneys, is preparing to fight extradition to Aberdeen, S. D., and yesterday the hearing on the requisition issued by the governor of South Dakota asking for the return of Zobel was held.

The papers in the proceedings allege that Zobel, while in charge of the construction of a building at Aberdeen, S. D., borrowed money from a number of the workmen. One of the men, who claims to have advanced \$50, swore to a complaint charging Zobel with securing money under false pretenses.

A sheriff from South-Dakota visited Mankato several days ago and endeavored to have Zobel return with him without a requisition. Zobel declined on the ground that there was nothing to the charge except a desire to get him back to South Dakota for the purpose of collecting a debt.

SERVANT GIRL IS CRAZED BY RELIGION

Lizzie Person Smashes Dishes and Furniture and Tears Curtains—Is Sent to Rochester.

Lizzie Person, a Swedish servant girl employed at 468 Prior avenue, manifested about ten days ago symptoms of insanity, and at that time was incarcerated in the county jail. Yesterday she was taken to the probate court to be examined as to her mental condition.

Week or two ago Miss Person was discovered by her mistress crying and talking in a very incoherent manner. The burden of her troubles appeared to be of a religious nature, but this tendency soon wore off and she became very destructive. The dishes about the culinary department were the first things to suffer; then her attentions were directed to the furniture, and afterward to the curtains. The authorities were called in, and Lizzie was removed to the county jail.

Yesterday she was adjudged insane by Drs. Moore and Lundholm and committed to the Rochester asylum.

HOPES CENTER IN SECOND AND NINTH CAUCUSES AT MANKATO AND CROOKSTON EXPECTED TO END SPEAKERSHIP FIGHT

JOHNSON PROPOSES AN IMMEDIATE CAUCUS

Babcock and His Friends Think the Proposition Was Made to Influence Delegations Meeting Today and Decline to Answer Until After the District Conferences.

The fight for the speakership of the next house of the Minnesota legislature if not settled today by the caucuses of the Second district at Mankato and the Ninth at Crookston will probably go to the organization caucus in January.

Both sides claim to be confident of carrying the Second and Ninth district delegations today, and it is undeniably true that each has some strength in both districts. How the majority stands and how the delegations will line up, is, however, a horse of entirely different shade. Babcock and his friends claim they have strength in the Ninth sufficient to secure an endorsement, and in the Second to enable them to prevent an endorsement of Johnson.

Johnson before leaving for Crookston last night said he entertained no doubt of his ability to land the Ninth today and felt entirely safe about the Second district. Babcock claims 64 votes. Johnson says there are 62 anti-Babcock votes in the next house and that 52 of them are pledged to him.

Play for Capital.
The one feature of yesterday's campaign was a proposition to an immediate caucus of the house submitted to Babcock and Johnson. The Babcock people are inclined to look upon the

DECLINES TO VISIT SOUTH DAKOTA FOR PURPOSE OF PAYING A DEBT

Fred Zobel, a resident of Mankato, through his attorneys, is preparing to fight extradition to Aberdeen, S. D., and yesterday the hearing on the requisition issued by the governor of South Dakota asking for the return of Zobel was held.

The papers in the proceedings allege that Zobel, while in charge of the construction of a building at Aberdeen, S. D., borrowed money from a number of the workmen. One of the men, who claims to have advanced \$50, swore to a complaint charging Zobel with securing money under false pretenses.

A sheriff from South-Dakota visited Mankato several days ago and endeavored to have Zobel return with him without a requisition. Zobel declined on the ground that there was nothing to the charge except a desire to get him back to South Dakota for the purpose of collecting a debt.
