MIKE TINO SHOOTS
HIS PURSUER AND
DROPS HIM

Mob of Hoodlums Chase Him
and His Companion for
Two Blocks Because He
Kept His Hat on in Theater,
and Ringleader Is
Shot in the Leg.

Bewildered and affrighted Mike Tino and Frank Anello, two laborers, rushed from the Star theater last night at the conclusion of the performance with a crowd of jeering youths at their heels, the result of their ignorance of American customs and the English language.

According to the story as told by three eye witnesses, James Quinnlan, Snelling avenue; Arthur G. Drew, 1924 Iglehart street, and Alfred Woodin, Hastings, Minn., who were of the crowd pursuing the two men, the matter began in the gallery of the Star, when the boys sitting behind them began to request in various forms that Tino remove the hat he was wearing.

Apparently he did not understand the nature of their request, for he did not comply with it. Then the young fellows resolved to have fun with the two.

After the show was out, in front of the opera house, they began surging up against the twain in boyish fashion, shouting and jeering in pandemonium style. Clearly the two were rattled by this performance and turned to run, with the yelling crowd in pursuit.

One of the Men Shoots.
Here, in the excitement, each drew a gun and the crowd began to scatter. However, some of the boys held their own and turned and ran again up the alley which leads behind the Pioneer Press building, the mob following in the darkness no one could see very well, but a shot was heard, and then young Le Claire was seen to drop.

Tino is a rather good looking Italian, twenty-nine years of age, and is the one who did the shooting with a .38-calibre Smith & Wesson revolver. He did not deny the fact, indeed he seemed rather to indicate by his conduct at the station that he thought he had been justified in his action.

Le Claire, who is twenty years of age, was taken to the hospital. The bullet entered his left leg a little above the ankle.

IRELAND SURE TO
BE CARDINAL

The Report Is Brought Back
From Rome by Father
Slattery.

BALTIMORE, Md., Jan. 18.—Archbishop Ireland's appointment to the cardinalate in the immediate future is assured, according to the Rev. Joseph R. Slattery, president of St. Joseph's seminary, Tech victory of Monsignor Denis O'Connell and the consequent restoration of the O'Connell-Ireland party in the American church to favor by the Roman curia, means the red hat for the archbishop. Father Slattery has just returned from Rome, after spending considerable time traveling with Monsignor O'Connell, the newly appointed rector of the Catholic university, who was a classmate of Father Slattery, and an intimate friend.

THE LAHN STUCK FAST
ON BANK OF SAND

Big Liner Stranded in Thick Weather
and Heavy Rain.

GIBRALTAR, Jan. 18.—The North German Lloyd steamer Lahn, Capt. Malchow, from Mediterranean ports for New York, went ashore at 4 o'clock this morning at Tumara, ten miles east of the rock of Gibraltar. There was a heavy fog and rain was falling at the time. On board the steamer are 300 saloon passengers and 1,200 immigrants. She is in no danger of being high tide to get her off. The Lahn is stern-on to the sea. The weather is moderate, but there is a heavy sea.

DEATH RIDES ON THE
RAIL AND IN THE CARS

Many Killed on Railroads During the Last Year.
WASHINGTON, D. C., Jan. 18.—A statement prepared by the interstate commerce committee shows that during the three months ended Sept. 30,

1902, there were 263 persons killed and 2,168 injured in train accidents. Other kinds of accidents, including those sustained by employes while at work and by passengers in getting on or off the cars, etc., bring the total number of casualties up to 12,008; the killed number 812 and the injured 11,296.

During the period covered by the statement the traffic of a large number of railroads has been heavier than ever before, necessitating the employment of more men in train and yard work. The total number of collisions and derailments was 2,044, of which 1,644 were collisions and the others derailments of which 11 collisions and 92 derailments affected passenger trains. The damage to cars, engines and roadways by these accidents amounted to \$2,158,500.

WARNING ARCH
TO THE CHINESE

Recalls the Penalty They
Paid for the Boxer
Outrages.

PEKIN, Jan. 18.—The dedication of the Von Ketteler memorial arch, which occurred today, was an impressive ceremony. The arch was erected by China. Baron von Ketteler was the German minister who was killed by "Boxers" at the outbreak of the "Boxer" trouble. The dedication took place in the presence of a brilliant assemblage of diplomats, many Chinese officials, all the military officers in Peking, the entire foreign community of the city, as well as German officers and civilians from Tien Tsin and other cities. The streets and roofs from which a view of the function was to be had were crowded with Chinese. The German troops were aligned in the street south of the arch, while the Chinese soldiers occupied the corresponding position to the north.

Baron von der Goltz, first secretary of the German legation, officiated in behalf of Germany and Prince Chun, brother of the emperor, who was sent to Germany to apologize for the murder of the minister, represented China at the altar, while imperial sacrificial vessels were erected before the arch. When Prince Chun arrived he was escorted to the arch by Baron von der Goltz, and he poured out a libation in honor of the dead man. He then spoke as follows:

"This monument is to be a warning to the people, a sign of the friendly relations between our two countries and a symbol of peace."
To these words, Baron von der Goltz replied: "This monument has been erected to the emperor of Germany by the emperor of China as a permanent proof of the anger of the emperor at this crime. In erecting this monument in China he fulfills an obligation he took up after the events of 1900. The monument shall stand as a sermon to posterity and as a lasting symbol of the desire of the Chinese government to promote and perpetuate friendly relations with foreign governments."

These two speeches were read in German and in Chinese. After the dedication the German troops marched under the arch, while the bands played national airs.

GREAT WESTERN
TRAIN WRECKED

Engineer Heady, of Minneapolis,
Killed and 30 Others
Injured.

ST. LOUIS, Mo., Jan. 18.—A special to the Republic from Sycamore, Ill., says that in a wreck near there today on the Great Western road one person was killed and thirty were seriously injured. Of those several may not recover. J. D. Heady, of Minneapolis, engineer, was killed.

The most seriously injured: John B. Ashore, Ida Grove, Iowa, mail clerk; Mrs. E. H. Riggs, wife of the conductor; Mrs. L. B. Stewart, back injured; L. L. Stewart, badly bruised, from Hampton, Iowa; C. C. Smith, Des Moines; W. P. Craffe, Jess City; G. L. Hoebel, Waukegan; Thomas D. Heady, state senator from Iowa, and Attorney James Finnegan, of Sycamore.

St. Charles and Sycamore hospitals are crowded with the injured tonight. Many escaped with broken fingers and bruised heads. The Des Moines and Minneapolis special, running at a high rate of speed, struck a broken rail just as it was about to cross a bridge. The speed of the train carried it across the bridge on the ties; then the entire train pitched down a twenty-foot embankment and the cars turned on their sides and were jumbled together in a hopeless wreck.

MARACAIBO SHELLED
BY THE GERMANS

No Warning of Intention
Given by Commander of
the Panther.

MARACAIBO, Venezuela, Jan. 18.—The German cruiser Panther shelled Fort San Carlos, at the entrance to Lake Maracaibo, yesterday for one hour. The fort returned the fire with four guns. The Panther withdrew in the direction of Curacao.

Fort San Carlos is twenty-two miles from Maracaibo and commands the entrance to the lake or inner bay. The correspondent here of the Associated Press has received the following letter from Gen. Bello, the commander of the fort:

"Yesterday afternoon at 12:30 Fort San Carlos was attacked and shelled, without any provocation on our part, without previous notification, or the delivering of an ultimatum, by the German cruiser Panther, which tried to force the entrance. After a fight lasting an hour, during which the fort used only four guns, the Panther was obliged to abandon the fight, and retreated in the direction of Curacao. The fort has suffered no damage, and only three men were wounded."

There have been popular demonstrations on the streets here as a result of the shelling of the fort.

HOW LONG WILL THE PEOPLE ENDURE IT?

NO TRICK NEGLECTED
BY WOLCOTT IN
COLORADO

Wholesale Unseating of
Democrats Is Still Urged,
but Effort Will Be Check-
mated if Undertaken—
Something Definite Will
Be Known Tuesday.

Wholesale Unseating of
Democrats Is Still Urged,
but Effort Will Be Check-
mated if Undertaken—
Something Definite Will
Be Known Tuesday.

DENVER, Col., Jan. 18.—Interest in the senatorial fight in Colorado centers in the report of the house elections committee which has been investigating the contests filed against the seating of seventeen Democratic members of the house. The matter was in the hands of the elections committee for several days, and while positive evidence has been brought out that frauds were committed in several precincts of Arapahoe county, the large majorities received by the Democrats, ranging from 2,000 to 5,000, it is believed, will be hard to overcome in every instance.

The report will be made to the committee, and made by the majority members. He said that he thought both sides would stand together, but he did not want the inference drawn that the entire seventeen Democrats would be ousted. It is the general opinion that the Democrats whose majorities given above will be allowed to retain their seats, but that the others will be thrown out.

It is also believed that the unseating of the entire seventeen, which the Wolcotts demand, will give them the balance of power in the house. But should this be done, and the threat of the Democrats, who control the senate, to unseat every Republican senator be carried out, the results would likely be a deadlock, for the senate, then unanimously Democratic, would refuse to enter a joint session. So that whatever the outcome may be, there would be sufficient opposition to make the session an interesting one.

On Tuesday the legislature will meet in joint session to ballot for a successor for Senator Teller. The equal division of the Republicans for and against Senator Wolcott will remain intact, with no apparent hope of a change between now and Tuesday.

Platt to Succeed Himself.

ALBANY, N. Y., Jan. 18.—The election of a United States senator to succeed Thomas Collier Platt will be the most important legislative event in the coming week. Thus far there is but one Republican candidate in the field and he is Senator Platt. Both Senator Platt and Gov. Odell have expressed the belief that he will be re-elected. On Monday night caucuses of both Republicans and Democrats will be held. It is believed that Senators Brackett, Elsborg and Brown, who refused to attend the first Republican caucus, at which a president pro tem of the senate was nominated, will also refuse to attend the Monday night caucus. The Democratic legislators will name Hon. John B. Stanchfield, of Elmira, as their candidate for United States senator.

Are Living Quietly.

MENTONE, France, Jan. 18.—The crown princess of Saxony and M. Girou, with whom she eloped, have arrived here and intend to stay here for some time. They have taken the name of M. and Mme. Andre Gerard.

DAY'S NEWS SUMMARIZED

WASHINGTON—Supply bills to have right of way in senate and house; statehood, immigration and Cuba next in senate; trust bill next in house.

Interstate commerce commission publishes statistics of railroad accidents.

DOMESTIC—Henry Clews sees nothing alarming in last week's market.

One killed, thirty injured, in Great Western wreck near Sycamore, Ill.

FOREIGN—M. de Blowitz, famous newspaper man of Paris, is dead.

Fort Maracaibo shelled by German warship.

SPORTING—Fort Erie Athletic club offers \$25,000 for fight between Jeffries and Corbett.

National league managers do not believe the peace treaty will be turned down at Cincinnati meeting.

LOCAL—Michael Tino who, with his fellow companion, is chased by a mob of hoodlums, shoots Frank Le Claire, one of the pursuers.

Rev. Dr. J. M. Fulton in his sermon at the Central Presbyterian church, Feb. 1, wives how they should treat their husbands.

Father Conway delivers the concluding address at the mission for non-Catholics held at St. Luke's.

Dr. R. E. Moss, the supreme medical examiner of the Macabees, arrives in St. Paul.

Emanuel Lasker, the champion chess player of the world, will visit the Twin Cities this week.

MINNEAPOLIS—Two men caught while attempting to break into the offices of the Cos Commission company are arrested and letters are found on their persons indicating they were employed by Minneapolis Chamber of Commerce.

Rev. G. L. Morrill denounces Mormons and says their heaven is a harem.

MINE WORKERS ARE
TO STUDY THEIR
CONDITIONS

President Mitchell Declines
to Forecast Recommendations
to Be Made in His
Annual Address—He Be-
lieves Labor Problem Is
Nearing Solution.

INDIANAPOLIS, Ind., Jan. 18.—The fourteenth annual convention of the United Mine Workers of America will begin here tomorrow. Every train today brought delegates from some part of the United States. President Mitchell arrived late in the day and went to his hotel. Vice President Lewis and many members of the executive committee will arrive tomorrow. President Mitchell will hold an informal reception for his personal friends at his hotel here. The crowd, which assembled at the depot to welcome him was very large.

When Mr. Mitchell appeared he was greeted with cheers, which continued until he had left his carriage and entered the hotel. Those who accompanied him were Prof. Frank W. Barnes, instructor of political economy of the University of Pennsylvania, and Harry S. Keating, of the Boot and Shoe Makers' union. Others who arrived with Mr. Mitchell were John Fahey, president of District No. 9 of anthracite workers; President W. H. Hasleus, Vice President D. H. Sullivan and Secretary-Treasurer G. W. Savage, of the Ohio Mine Workers.

Early in the evening a dinner was served for Mr. Mitchell and the reception committee at the hotel. After the dinner Mr. Mitchell spoke briefly. He said: "I am not here to speak of the merits of the controversy between the operators and the miners in the anthracite fields. Strikes and lockouts, however, are foreign to the purposes of organized labor. I do not believe in strikes, regard them as horrible and the creators of suffering. After I do believe that the laboring men of the country should never surrender the right to strike and to protect themselves against capital."

Problem Will Be Solved.
"I, for one, do not regard the interests of capital and labor as so much opposed to each other that they cannot be reconciled. I have abiding faith in the citizens of this country and believe that they can solve the great labor problem which confronts us, and solve it right. The labor principles are considered more lofty now by that class of the people who heretofore did not understand the purposes of trades unions. The anthracite strike will result, I believe, in the establishment of proper relations between employers and employes."

Tomorrow will be the day of labor's celebration of Mitchell's return. Tomorrow night a parade of laboring men will be held. After the parade addresses will be delivered at Tomlinson hall.

The convention will open tomorrow morning at 10 o'clock. It will be called to order by President Mitchell, who will give way to Mayor Bookwiler, who will welcome the delegates to the city. He will be followed by President John Feitman, of the Central Labor union, who will welcome the mine workers on behalf of local organized labor. It is expected that the organization and opening speeches will occupy the greater part of the day. Following them the report of the committee on credentials will be submitted. President Mitchell said tonight: "Immediately after the report of the committee on credentials is submitted I will make my annual address and report. It is very probable that it will not be made until Tuesday morning. It is very long and it will require some time to deliver it."

No Forecast of Speech.
He refused to discuss the contents of the address and the recommenda-

TWO FAMOUS MEN DEAD
DE BLOWITZ AND A. S. HEWITT

Former the Most Noted of
European Newspaper Cor-
respondents, the London
"Times Ambassador"—
Latter Well Known Amer-
ican Statesman and Phi-
lanthropist.

Special to The Globe.

PARIS, Jan. 18.—Henri George Stephane Adolphe Oppet de Blowitz, for many years correspondent of the London Times in Paris, died here this evening. M. Blowitz was for many years the most famous newspaper correspondent at the French capital. He had not only been a successful getter of news of international importance, through his intimacy with kings and statesmen, but his nick name of "Times Ambassador" testified to his real power in the world of diplomacy.

He was born in 1832, in the chateau of Blowitz at Pilsen. He went early to Paris, where he became a teacher of German at the lycées and occasionally contributed articles on literary or political subjects to the newspapers. In 1874 he was made a naturalized citizen of the French republic. He became acquainted with Lawrence Oliphant, correspondent of the London Times, and aided him in important matters so that he became the natural successor of Oliphant when the latter resigned, some twenty years ago.

In the official and diplomatic world at Paris, De Blowitz was treated as the representative of a great power rather than a mere correspondent. He entertained kings and princes; King Edward and the wild stampede of prospectors from all the surrounding countries is in progress. As yet few have reached the discovery.

The holes that have proved the wealth of the country were sunk late last winter and the first man to reach Dawson from the country has just arrived. He is a Japanese named J. Wada, well known in Dawson, where his veracity and honesty are well known. So far the report has not been spread to any extent in Dawson, but the little that has been told has created an excitement that surely means a stampede.

The gist of Wada's report is that the district resembles the Klondike in its physical formation, but has a heavier growth of timber. Gold in widely different kinds has been found in eight different creeks when Wada left for Dawson on Dec. 22.

The original strike was made on Pedro, a creek running parallel with Tanana, about eighteen miles from the river. This creek is staked for miles. Dan McCarthy, a well known Dawsonite, made the discovery on Cold stream, a continuation of Pedro, which has proved to be the richest so far found.

Pedro district creek, so far as discovered, has not yet equalled Cold stream. Seven cents is the richest found, but its wealth is better indicated in a statement that Costa Brothers sunk seven holes to bedrock and found an even run of gold in every one with a pay streak over eight feet deep right through with a width of about 600 feet.

Cold stream is a big district, three claims (Alaska dimensions) wide. It was not all staked out when Wada left. About 100 men are working the ground. Jack Costa was offered \$50,000 for his claim on Cold stream and refused it.

COAL DEALERS
FACE CHARGES

Chicago Grand Jury Indicts
About Forty of
Them.

CHICAGO, Jan. 18.—When the grand jury, especially convened to investigate the coal situation in Chicago, made its report tomorrow morning, it is expected that there will be thirty-nine true bills returned against coal dealers. Charges will be made with violations of the anti-trust laws and with blacklisting.

For several hours today stenographers were at work writing up the indictments, which will be submitted when the grand jury shall convene at 10 o'clock tomorrow morning. It is asserted that there are one or two indictments which at least three of the jurors are in favor of withdrawing and there will be no vote taken on these bills before the report of the jury is made to the court.

The charges made against the coal dealers, it is said, are of three kinds: Conspiracy to fix prices; this charge is made against retailers. Combination to fix prices; this charge is made against operators and blacklisting; this charge is made against retailers, and especially, it is said, against the retail dealers' association of Illinois and Wisconsin.

Warship Disaster Victim Dies.
WASHINGTON, D. C., Jan. 18.—A short cablegram which came to the navy department today from Admiral Higginson at San Juan, P. R., announced the death of A. S. Tacke, the coxswain on the United States battleship Massachusetts, who was fatally injured in the powder explosion in the eight-inch turret of that vessel Friday while off Culebra island.

AVARICE'S DREAMS
NOT EQUAL TO

New Gold District Found in
Alaska Excelling the
Klondike.

SEATTLE, Wash., Jan. 18.—A special to the Times from Dawson says: A tremendously rich strike, the magnitude of which has never been equalled since Bob Henderson told his wonderful story of the Klondike, has been made eighteen miles north of a point on Tanana river, 300 miles from its source. The district is in American territory. It has been depopulated and a wild stampede of prospectors from all the surrounding countries is in progress. As yet few have reached the discovery.

The holes that have proved the wealth of the country were sunk late last winter and the first man to reach Dawson from the country has just arrived. He is a Japanese named J. Wada, well known in Dawson, where his veracity and honesty are well known. So far the report has not been spread to any extent in Dawson, but the little that has been told has created an excitement that surely means a stampede.

The gist of Wada's report is that the district resembles the Klondike in its physical formation, but has a heavier growth of timber. Gold in widely different kinds has been found in eight different creeks when Wada left for Dawson on Dec. 22.

The original strike was made on Pedro, a creek running parallel with Tanana, about eighteen miles from the river. This creek is staked for miles. Dan McCarthy, a well known Dawsonite, made the discovery on Cold stream, a continuation of Pedro, which has proved to be the richest so far found.

Pedro district creek, so far as discovered, has not yet equalled Cold stream. Seven cents is the richest found, but its wealth is better indicated in a statement that Costa Brothers sunk seven holes to bedrock and found an even run of gold in every one with a pay streak over eight feet deep right through with a width of about 600 feet.

Cold stream is a big district, three claims (Alaska dimensions) wide. It was not all staked out when Wada left. About 100 men are working the ground. Jack Costa was offered \$50,000 for his claim on Cold stream and refused it.

THE STRUGGLE ENDED.
Abram S. Hewitt's Fight for Life
Proves Unavailing.

NEW YORK, Jan. 18.—Abram S. Hewitt, former congressman from New York, and for many years representative in congress, died at 6 o'clock this morning of his eighty-first year, having been critically ill for several days. With him at the moment of death was his wife, three sons and three daughters.

Mr. Hewitt, who has been in feeble health for some time, died after a struggle with obstructive jaundice on Jan. 8, and from the first it was realized by his attending physicians, Dr. L. Keyes and Dr. L. Keyes, that his recovery was practically no hope of the aged patient's recovery. On the following Sunday it was thought that Mr. Hewitt could not survive the night, and the members of his family were summoned to his bedside, but his wonderful vitality kept him alive for a week longer.

For several hours today stenographers were at work writing up the indictments, which will be submitted when the grand jury shall convene at 10 o'clock tomorrow morning. It is asserted that there are one or two indictments which at least three of the jurors are in favor of withdrawing and there will be no vote taken on these bills before the report of the jury is made to the court.

The charges made against the coal dealers, it is said, are of three kinds: Conspiracy to fix prices; this charge is made against retailers. Combination to fix prices; this charge is made against operators and blacklisting; this charge is made against retailers, and especially, it is said, against the retail dealers' association of Illinois and Wisconsin.

Warship Disaster Victim Dies.
WASHINGTON, D. C., Jan. 18.—A short cablegram which came to the navy department today from Admiral Higginson at San Juan, P. R., announced the death of A. S. Tacke, the coxswain on the United States battleship Massachusetts, who was fatally injured in the powder explosion in the eight-inch turret of that vessel Friday while off Culebra island.

Salvation Army Conclave.
CLEVELAND, Ohio, Jan. 18.—Gen. William Booth, of the Salvation army, spoke to 10,000 people in the city today tonight. An important army convocation will be held here beginning Tuesday and lasting until Friday.

German Covet American Markets.
BERLIN, Jan. 18.—The government has published a report from Herr Waetzold, commercial attaché of the German consulate in New York, upon the American iron situation. Herr Waetzold advises German manufacturers to make an attempt to obtain a permanent foothold on the American markets and to establish a common selling agency in New York for the purpose of reaching American, Canadian, Mexican and West Indian consumers. He rests his case and Mexico as especially promising fields for the sale of rails.
