Thousands Have Kidney Trouble and Never Suspect It. .

To Preve What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of the "Globe" May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood - that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A

trial will convince anyone.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and niuscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by phy- regular fifty-cent and onesicians in their private practice, and is taken by dollar size bottles at the drug doctors themselves who have kidney ailments, stores everywhere. Don't because they recognize in it the greatest and make any mistake, but remost successful remedy for kidney, liver and member the name, Swampbladder troubles.

If you are already convinced that Swamp- Root, and the address Bing-Root is what you need, you can purchase the hamton, N. Y., on every bottle. EDITORIAL NOTE-You may have a sample bottle of this wonderful remedy, Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact their very lives, to the great curative properties of Swamp-Root. BILL TO UNITE THE CITY AND COUNTY **PREPARED**

Chamber of Commerce Legislative Committee Makes a Report, Showing That Consolidation Cannot Be Effected Except Through a Constitutional Amendment

Unless an earthquake intervenes or the ship goes down a party of five St. Paul men will be making the tropical scenery of Martinique and a few other islands in the Antilles a trifle more picturesque in a couple of weeks.

The party leaves tonight. It will include W. J. Carling, Rudolph Schiffmann Jr., Paul Benz, William Trauernicht and Freeman P. Strong.

The itinerary provides for a stay in New York, then a voyage to the Bahamas, the Dutch, French, British and Danish West Indies, an inspection of Mr. Carling's sugar plantation and rum distillery in Cuba, a brief sojourn at The legislative committee of the Chamber of Commerce, through its ehairman, F. H. Morphy, yesterday reported to a meeting of the board of directors of that organization on the proposed bill for the consolidation of the city and county governments. After investigation of the questions involved it was decided by the committee that the change could not be effected except through a constitutional amendment. The report of the committee is as follows:

"Your committee on legislation has carefully considered the resolution passed by the chamber and referred to this committee that a bill be prepared for the consolidation-of the city and county government, to be presented to the legislation now in session.

"In considering such measure your committee had to bear in mind the concommittee had to bear in mind the constitutional amendment inhibiting class legislation, and the provisions of the constitution relating to counties and townships. Article 11, section 2, of which provides that the legislature may organize any city into a separate county when it has attained a popular county when it has attained a popula-tion of 20,000 inhabitants, without reference to geographical extent, when majority of the electors of the county in which such city may be situated, voting thereon, shall be in favor of a separate organization.
"Legislative power over counties is

supreme, except as restrained by the constitution, either expressly or by necessary implication.

"Under the constitution no county in the state shall contain less than 400 square miles, and all laws changing county lines in counties already organized shall, before taking effect, be submitted to the electors of the county affected thereby at the next general election after the passage thereof and be adopted by a majority of such electors. adopted by a majority of such electors. Counties may be enlarged, but not reduced below 400 square miles.

"Keeping within the provisions of the constitution a bill might be passed by the legislature enlarging the limits of the city of St. Paul to embrace the whole county, or the county, outside of the city limits be cut off and the city of St. Paul and the county confined to the present limits of the city, but any such measure would not meet the requirements of the resolution, for there would still exist the dual offices.

Albert Schultz, abstract clerk, asked the chamber to disapprove of the passage of a law abolishing the office of abstract clerk. The communication was referred to the committee on legislation.

The chamber passed a resolution of regret for the death of Lane K. Stone,

NO CAR LINE TO SOUTH ST. PAUL

Negotiations With Officials of That Town Are Off at Present.

The scheme of an extension of the Rice and Concord street car line to South St. Paul this year is not likely to materialize. All negotiations with the South St. Paul officials are off and the improvement is very much in the

Mayor Lytle, who was in St. Paul vesterday, said that the town was eager for street car connections with the capitol city, but if the Twin City Rapid Transit company wanted to include South St. Paul in its list of suburban stations, it would have to freat with the town, instead of the town treating

with the company.

"All the company would do," said Mayor Lytle, "was to run its line to the stock yards gate. If it wants to do business with us the cars will have to go to the city limits. The company should have accepted our terms at first, for if it comes in now it will be in the

way we want it to."

A line to the South St. Paul city limits is necessary, as the Great Western is understood to have informed the officials that if a franchise is granted for any corr line from St. Public treet. for any car line from St. Paul it will withdraw the motor. Beyond the stock yards gate there are a large number of residents, and if the motor was withdrawn they would be without any transportation facilities what ever. The South St. Paul officials say that if a car line is built to their city it must be on the basis of a 5-cent fare.

The town officials are now trying to

compel the Great Western road to place a flagman where its tracks pass the stock yards gate. Nearly 2,000 people cross this point daily, and it is claimed no provision whatever is made for their safety. Cold, Headache, Catarrh, relieved in 10 minutes.—Rev. W. H. "Kid" Lee, a known pal of the redoubtedly "Curly," now in the custody of the Minneapolis police, was yesterday caught "mooching" about some buildings on Third street east, taken to the central station and later handed over to the authorities of the Flour City.

The police look upon him as an old hand in the business, though little known here as to the character of his work. He is said to be one of the cleverest pickpockets in the country, and his Bertillon picture was taken yesterday.
