THE LEAGUES SHOW WOULD FRONT COMMITTEES OF BIG LEAGUES TO MEET

American and National Must Respect Contracts and Reservations. Conference Likely to Be Held in Chicago Monday.

CHICAGO, Feb. 19.—The meeting of the joint committees of the National and American leagues will probably be held in this city next Monday. President Hart, of the National league, called on Ban Johnson, the American league chief, yesterday to discuss the plan of having the committees meet in Chicago shortly.

President Johnson received a letter from President Pullman, of the National league, suggesting that the rules and schedule committees get together here as soon as possible, and inquired if tomorrow or Saturday would not be a good date for the conference. Johnson and Pullman had Saturday was satisfactory to the American league.

Later President Hart called on Johnson and suggested that Monday would be a better date for the meeting. This date was just as satisfactory to Johnson, and he told Hart so. The latter then wired Pullman to this effect.

It is more than probable that Pullman, president of the Western league, will come to Chicago on Monday and that he, Pullman, and Johnson will get together and frame up the new national agreement.

Hart wired Powers yesterday, after he had sent word to Dreyfuss of the proposed meeting to the sports committee. By holding the meetings of the committees here long journey for many of the members will be avoided. Most of the men on the committees are Westerners, and Chicago is a convenient city for them as a meeting place.

The National league committees are made up as follows: Schedule-Dreyfuss, chairman; Hart and Ebbets, on rules; Hart, Ebbets and Johnson, on contracts; and the American league committee of Shibe, Bruce and Lortus.

The feature of the committee meetings will, of course, be the agreement on schedules. On the subject of rules only important point to be decided is the foul strike rule.

President Johnson is not yet ready to announce the date of the American league meeting. He expects to give this out before the end of the week, however.

YANGER-MCGOVERN MATCH IS CLINCHED

Articles Signed by Terry and Manager Hertz. CHICAGO, Feb. 19.—The Benny Yanger-Terry McGovern match was clinched yesterday when John Hertz, Benny's manager, received a set of articles signed by Sam Harris and the manager of the soft goods and the articles of a \$1,000 bid for the contest are to be opened at New York tomorrow, and the supposition is the International of Fort Erie will bid for the contest.

The date of the battle, according to the articles, is to be later than March 15, which will give the boys less than four weeks to prepare for the mill. Yanger has been doing light work since he celebrated his twenty-first birthday yesterday.

NERO AND MIMI.

Two of Professor Goleman's Trained Animals That Perform Clever Feats at the Star.

"Patience is the one thing necessary in training animals of any kind, but particularly that virtue is essential in teaching anything to a cat."

"This was the answer of Prof. Goleman, the animal trainer now exhibiting his troupe of dogs and cats at the Star theater, when asked last evening to explain his methods of instruction."

"You see," said Prof. Goleman, "you take upon yourself the whole and do not wrong, or punish her in any way, for she would become afraid of you and entirely unmanageable. You must just be patient with her and try to understand what you want her to do and becomes accustomed to doing it. Even then she is not at all times reliable and will fall at the most unexpected times."

"At best a cat has but little intelligence and but little capacity for remembering. While the dog acquires that she knows and you cannot depend upon her with any certainty."

"I have eight cats and sixteen dogs, and the greatest trouble I have found in perfecting my act is in getting the cats and dogs to work together peacefully. In those tricks which require that the cats shall ride around the stage on the dogs' backs I have had more trouble than I can explain. While the dog is not at all times reliable and will fall at the most unexpected times."

"I have been in this country only about a year, and brought all of my dogs from Europe, with me except the Great Dane policeman. I got him in Philadelphia. The collies I got in different parts of England and Scotland, and the other dogs and the cats from all over Europe."

"Each dog has his own name and knows it, but I call all of the cats Mimi. They are very intelligent and respond to individual names. It would be very hard to describe my method in detail, for each individual animal has a different degree of intelligence and requires a different course of training. The principal requirement is to make the animal understand that it is to be rewarded for doing it right and punished for failure."

"I have also had more trouble in getting the collies and fox terriers to work together, but the dogs have given me but little trouble in comparison with the cats."

"I find that for trick work it is necessary to begin training a dog before he is a year old. After that he is not susceptible to teaching and does not so well retain what he learns. My favorite is the collie that slips the collar over his head. Perhaps that is because he was the first I had; but I think the collies are intelligent as a breed. I began my work with that one collie and have gradually added other animals, until my troupe reached its present number."

"I have picked up the animals in all parts of the world and by rehearsing them morning after morning have gradually worked them into the act. I think now I have about enough animals, but would still be willing to add a handsome dog or cat."

NEW YORK BALL PARK AGAIN LOCATED

Johnson League Has Secured Grounds on Kingsbridge Road.

NEW YORK, Feb. 19.—It is reported today by John Johnson, president of the American league, that he has secured ball grounds on Kingsbridge road, between the Fifty-Sixth and Sixty-Eighth streets, and that a lease of that property had been secured from the representatives of the juvenile asylum at an annual rental of \$10,000.

Three weeks ago President Johnson attempted to lease the property bounded by the Fifty-Sixth and Sixty-Eighth streets, and that a lease of that property had been secured from the representatives of the juvenile asylum at an annual rental of \$10,000.

Johnson also made the statement that the grounds in the Bronx were more valuable than those at the Kingsbridge road, and that he had practically closed negotiations with the representatives of the juvenile asylum at an annual rental of \$10,000.

MOST TRYING DAYS FOR CORNELL UNIVERSITY

Institution Declines Responsibility for Health of Students. ITHACA, N. Y., Feb. 19.—Sixteen new cases of typhoid fever developed at Cornell University today, however, was among the students of Cornell university. Although the general exodus of students of a week ago has subsided, the university is still in a state of confusion.

President Schurman this afternoon addressed the students in mass meeting under the present situation. For the first time since the outbreak of the typhoid fever, the university authorities because of the university's refusal to grant the students' demand that the university establish a temporary pure water supply for students' boarding and eating houses.

President Schurman said that the trustees refused to grant this demand because the university did not want to take upon itself the responsibility for the health of the student body. The university, he said, asks no student to remain in Ithaca under the present conditions, but he asks the student to take upon himself the responsibility of his health if he remains.

President Schurman announced, however, that the university would bear the expense of any pure water supply system that the students might institute and operate themselves. This offer was accepted by the students at mass meeting tomorrow. President Schurman further announced that the university itself will in two days open to the students a canteen capable of accommodating 300, in which all possible precautions against typhoid fever will be taken.

RELIGIOUS DISORDERS REVIVED IN FRANCE

Police Commissary Resisted in Closing a Nuns' School. PARIS, Feb. 19.—There was a revival today of the religious disturbances which characterized the closing of the congregational schools in Brittany last summer. The nuns having reopened their school at the village of St. Meen, the commissary who was sent to the scene of the bitterest troubles against the school closing last year, a police commissary accompanied by gendarmes proceeded to the village to serve the order to close the school.

When he arrived the church bell sounded the tocsin and 300 peasants gathered in front of the school shouting "Death to the commissary!" "Down with Combes" and "Hurrah for the sisters!" Showers of stones greeted the commissary and the gendarmes, who, however, forced their way through the crowd and into the school. The commissary read the order to the lady superior, who promised to close within a week.

"What?" he exclaimed, when his bill was presented to him. "Thirty francs for a man!" You are joking. "Monsieur," said Bignon, "if you can find three or four at the same price I will buy them." "Fifteen francs for a peach!" said a Russian prince on another occasion. "They must be very scarce." "It isn't the peaches that are scarce, your highness, it is princes," replied Bignon. "Monsieur Bignon, a red herring at 2 1/2 francs is a very good thing," asked another customer. "It is in your interest, monsieur. My prices are low to procure it. He is of the orthodox faith is good enough for his subjects, and, therefore, those who go thither with the object of spreading the doctrines of the Roman Catholic or Protestant church think it advisable to say that their sole object is to convert Hebrews and pagans. This a man who has a Swedish missionary recently said when Menelek, before whom he was summoned, inquired as to the object of his visit. When he heard it the ruler asked: "In what countries were you obliged to cross an order to come here?" "Germany, Egypt and the Sudan," replied the missionary. "And were you not able to find in Germany any Hebrews whom you might have converted?" "I have been in this country only about a year, and brought all of my dogs from Europe, with me except the Great Dane policeman. I got him in Philadelphia.
