

ITCHING ECZEMA
And Other Itching, Burning and Scaly Eruptions.

Instant Relief and Speedy Cure Afforded by Cuticura Soap, Ointment and Pills When All Else Fails.

COMPLETE TREATMENT, \$1.00.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humor remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, in severe forms, take Cuticura Resolvent Pills, to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring and humiliating skin, scalp and blood humors, with loss of hair, when all else fails.

Getting at New Battleships. WASHINGTON, D. C., March 12.—The naval board on construction today considered plans for the five new battleships just authorized by congress. The board took up first the projected 15,000-ton ships, and it practically decided that the Missouri type, now under construction, represents about the best ship of the kind yet designed, so the plans will be adopted for the new ships with possibly a slight alteration in the disposition of the armor.

HOCKEY FINDS PEACE WORK HARD

Western Mission of Association President Looks a Failure.

SAN FRANCISCO, Cal., March 12.—Although President W. H. Lucas, of the Pacific Northwest league, evades reporters and declines to be interviewed as to his movements, his whole plan in the baseball controversy has been revealed. He is known to have preferred to H. B. Hopkins a franchise for a club in San Francisco, of the Pacific Northwest league. The offer has been accepted. He has informed Mr. Hopkins that he is in the fight to stay, that he will not withdraw, that clubs at Los Angeles and San Francisco will be formed, and that he hopes to outdo the Pacific Coast league by having eight clubs instead of six, the number the other league intends to have.

Lucas says that he cannot depend upon Hickey and Sexton to bring about peace now and he does not believe that they can help him.

Charles Reilly, who was third baseman of the Los Angeles team last year, has accepted the franchise for a Los Angeles team.

The season of the Pacific Northwest league will open here on April 14, two weeks later than the Pacific Coast's opening.

In an interview President Hickey said: "Mr. Sexton and I are now in the West on a mission of peace, and we hope to convince the Pacific coast baseball people that it would be a good business move for them to go into the National association. What the result of our trip will be I cannot guess until I have seen all the parties interested. I will say, however, that there has been some misunderstanding about the mission of Mr. Sexton and myself. We are out here this time strictly for the purpose of talking baseball business, and beyond that I would not like to be quoted."

SHERIFF FAILS IN SEARCH FOR ARNOLD

Police Raid St. Louis House, but Speculators Are Not Found.

ST. LOUIS, Mo., March 12.—The fashionable neighborhood of Lake and McPherson avenues was invaded by Sheriff Dickmann, his chief deputy, Charles Horan, and seven officers from the Tenth police district. They were in search of a man named Arnold, who is believed to be a speculator in the stock market. The search was fruitless, and the officers returned to their quarters without having found the man they were looking for.

BIDS FOR BIG FIGHT ARE STILL MISSING

Clubs After Jeffries-Corbett Match Are Holding Back.

B. C. MAY, March 12.—Vancouver, B. C., may get the Jeffries-Corbett fight. The Vancouver Baseball club, of Vancouver, B. C., has made an offer of \$25,000 for the battle. It has wired both pugilists the offer for the fight in July. The manager of the club says he has the assurance of the club officials that a limited-round bout will be allowed in that city. Although the offer is bona fide, the chances are that the fighters will not pay any attention to it unless the club deposits a very large sum of money as a guarantee that it will hold the contest on the date selected.

AX WAITING FOR PRIZE FIGHT BILL

Illinois Legislature Will Refuse to Permit Six-Round Bouts.

SPRINGFIELD, Ill., March 12.—Representative Thomas H. Dandy of Chicago, will introduce in the house a bill to amend the law against prize fighting and boxing so as to permit six-round contests. Both house and senate leaders declare the bill will be killed. It backed by the sporting fraternity of Chicago, but legislative sentiment seems to be overwhelmingly against it. It is said Speaker Miller will refuse to touch it on the calendar, and that Gov. Yates stands ready to kill it if it should be passed by the legislature.

SIMPSON'S
The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Simpson's. It has been recommended by the medical profession for many years, and its efficacy is proved by the fact that it is the only remedy that does not irritate the system, but goes straight to the seat of the trouble, relieves the distress, and affords permanent relief. It is a general tonic up. The five-cent packets are kept for an ordinary occasion. The family bottle, 50 cents, contains a supply for a year. All druggists sell this.

AGREEMENT BETWEEN YALE AND HARVARD

Terms so Clear That There Can Be No Misunderstanding.

NEW HAVEN, Conn., March 12.—A new athletic agreement between Yale and Harvard was entered into tonight at a meeting in Springfield held by conference committees representing the two universities. The agreement covers the eligibility rules and the terms of the agreement. The agreement is lengthy, most of it dealing with rules governing eligibility and the terms of the agreement. Most of the rules are such as have been between Yale and Harvard, and some have been worked out, however, some of them are new. The agreement covers the four main sports of the conference, football, basketball, track and tennis. The term of the agreement is two years. It is provided, however, that the agreement shall be renewed in effect for successive two-year periods unless notice is given of intention to terminate the same at least six weeks prior to the end of the period. The agreement will go into effect March 15, 1930.

The most interesting point about the agreement is the first instance of the eligibility of the men who are candidates for the position of captain of a college. The captain must submit the list of candidates to the conference committee. The captain shall be responsible for that committee.
