

BERLIN OPERATORS ARE REGAINING CONFIDENCE

Report That Harriman and Keene Interests Have Buried Hatchet Allays Uneasiness on the Boerse--London Market Continues Lifeless--Manchester Has a Particularly Inactive Week.

BERLIN, March 22.—There were indications of regained confidence in the New York situation among the operators on the boerse last week. Reports received here that the Harriman and Keene interests had buried the hatchet had a marked effect in allaying the uneasiness regarding the flurry on Wall street. The American demand for money is also diminishing and little was heard last week about borrowings for New York. The main features of the Berlin stock market were the strength of industrial securities, and the weakness of domestic and foreign loans. Some foreign securities of high denominations remained in good demand.

Among industrials, iron shares were particularly firm, rising on an average 3 to 4 points. The reports regarding the iron trade continue favorable and further advances in prices are announced. The rolling mills in the Rhine-Westphalian district report a heavy increase in the home demand, and they have ordered a contingent of the sales of blooms, billets, etc. abroad. The Koelnische Zeitung reports that the uncovered home demand for half rolled goods for the June quarter amounts to from 80,000 to 120,000 tons.

Coal shares made a further advance, but only a moderate one, in view of the indications that the production was exceeding the consumption. Electricals were weak, and ocean transportations declined upon the failure of the North German Lloyd to pay a dividend. Money remained abundant. Loans for the carry-over command 4 per cent.

London Market Lifeless. LONDON, March 22.—The dealings in American and Canadian securities were the sole redeeming feature in last week's stock market. There were hurries here and there during the week, the news of the Venezuelan revolution, for instance, causing temporary excitement, but otherwise the whole lists have been lifeless and there is little hope of improving before Easter. The public is disinclined to speculate or invest before the budget statement is issued, while money is scarce, and until the outlook in Venezuela becomes clear. The Southern Pacific railroad struggle is watched with interest on this side, and has created a certain degree of nervousness. Consols remain at low water mark. Home rails are flabby, and even Colonial Secretary Chamberlain's speech have failed to have any favorable effect on the South African market.

Cloth Market Inactive. MANCHESTER, March 22.—Business on the cloth market last week was particularly inactive. None of the outlets abroad appears disposed to purchase on the normal scale under the conditions. The offers from India and China were below acceptance, while the business for the minor Eastern markets was unsatisfactory. There were some sales of broadens for the United States and of miscellaneous and fancy goods for the home trade. Transactions in yarns were very slow and the turn-over far below the average.

TEXTILE UNIONS POSTPONE STRIKE. Men May Go Out Thursday if Wages Are Not Increased. LOWELL, Mass., March 22.—After two sessions in which no action was taken the textile council, a delegate body representing the textile unions of this city, decided to meet again on Thursday night and then decide whether or not to order a strike of organized labor in seven corporations here, the agents of which have declined to increase wages. After the meeting President Conroy, of the council, said: "We have decided to force the issue."

A joint note from President Charles E. Adams, of the state board of trade, who is also a Lowell merchant, and President Charles H. Conant, of the Lowell board of trade, requesting a conference with Mayor Howe and representatives of the mill agents, was placed on file without discussion. President Conroy in an interview says that he has not sought outside influence for arbitration purposes and the textile council has not up to the present time been given any official assistance or support from unions in other places.

HAWAIIAN CIRCULAR IS NOT RELIABLE. Many Incorrect Statements in Report of Bureau of Agriculture. HONOLULU, March 22.—In agricultural circulars about Hawaii, sent out by the bureau of agriculture about statistics, the principal portion is found to be an extract from a memorial issued at the first meeting of the Royal Hawaiian Agricultural society in June, 1850. It contains many statements that are not correct. The house of representatives has passed a resolution which appropriates \$40,000 for a Hawaiian exhibit at the St. Louis exposition.

An appropriation of \$30,000 has passed both houses and signed by the governor, Dole, for the purpose of reimbursing the Washington government for sums expended in paying damages to those whose houses were destroyed by fire in expelling the plague from Hawaii. Under instructions from Secretary Shaw \$7,000 of this amount has been called for by Washington to be placed to the credit of the treasury department. The secretary of the territory will superintend the distribution of the sums appropriated.

The warrant for the arrest of Immigration Commissioner Taylor, which was taken to San Francisco by Special Agent General Lindsay on the steamer Albatross, charges an embezzlement of \$550 from the Chinese fund, from which the embezzlement of \$18,000 by ex-Treasurer Wright is alleged. The Chinese fund is source of much trouble to the local government, and its final disposition is a puzzle to the officials. It is the remainder of \$235,000 collected by the republic of Hawaii from Chinese contract laborers who were required to deposit \$36 each, with which the government sent them home in the event of their violating contracts by leaving plantation work. The organic act nullified all the contracts and the territorial government has since been using the money when the treasury ran short.

CHICAGO WAGONMAKERS WILL STRIKE TODAY. Men Will Quit Work This Morning if Demands Are Refused. CHICAGO, March 22.—A thousand carriage and wagonmakers will go on strike tomorrow unless their demand for recognition of the union and an increase in wages of 12 1/2 per cent is granted by the manufacturers. At a meeting of the men this afternoon the manufacturers offered to compromise the difficulty by paying extra for overtime and to grant the nine hour work day. This was unsatisfactory to the men and they voted unanimously to strike. They will go to the various shops tomorrow morning and if the firms again refuse to grant the demands the men will quit work.

STREET CAR RUNS AWAY AND INJURES FIFTEEN. East Liverpool, Ohio, Motor Jumps Track and is Badly Wrecked. EAST LIVERPOOL, Ohio, March 22.—A street car on the New Pleasant Heights line ran away tonight on a steep hill, struck a sharp curve and overturned, landing thirty feet away. There were fifteen persons on board and all were injured, some very seriously. The wreck was so complete that the car had to be chopped with an axe before all the passengers could be extricated.

BURDICK'S WIDOW WILL BE CALLED

Inquest Into Death of Buffalo Man to Be Resumed Today. BUFFALO, N. Y., March 22.—The inquest into the death of Edwin L. Burdick will be resumed in Judge Murphy's court tomorrow afternoon at 2 o'clock. The first witness probably will be George C. Miller, who was attorney for Mr. Burdick and in whose office Mr. Burdick and A. R. Pennell met for the conference several days before Mr. Burdick's murder. Following Mr. Miller the district attorney may call Miss Lizzie Romance, the Pennell domestic on whom Mr. Pennell relied in part for his alibi on the night Burdick was killed. The third witness that day is expected to be Mrs. Alice Burdick, widow of the murdered man. While Mrs. Burdick was not in Buffalo on the night her husband was murdered, she may be called upon to testify as to the details of his domestic life up to the time she left her home last December. The purpose of Pennell's visit to her while she was in New York and Atlantic City and his return to Buffalo to seek Burdick and have an interview with him may form a fruitful field for questioning by the district attorney. The authorities are in possession of minute details regarding the whereabouts of Pennell before and after the murder. It is known that he saw Mrs. Burdick in Atlantic City three days before the murder. He was in Buffalo again on Wednesday, Feb. 25. It was on the night of Thursday, Feb. 26, that Burdick was killed. On Friday, according to the story told to the authorities by Pennell before his death, he and his wife visited Niagara Falls. He first visited the automobile factory in the city line. While at the factory Pennell said he called up Mrs. Pennell on the telephone. He explained that Mrs. Pennell for some days had been urging him to take her to the falls to see the ice scenery and a spokesman for him about it the day before, on his return from the East. He told her to take a Niagara Falls car and he would join her there. He said this was about 2 o'clock on Friday afternoon, or a few minutes earlier. He said he went on down to the falls and that his wife came and brought the papers with her, and that he read in the papers of the murder of Burdick. They stayed at the falls until evening. He and his wife returned from the falls, and late that evening the detectives called at his home and questioned him, and he gave them the foregoing account of his movements. Certain letters and documents, including the letter alleged to have been written by Pennell to Mrs. Burdick, in which he asked her to meet him at the falls, will be produced. It must be placed in the district attorney's hands tomorrow. Mrs. Burdick will be closely questioned by his agents. No arrest, it is generally conceded, will take place at the close of the inquest. The authorities may see to it that the case is ready for trial. But this is considered improbable in view of the lack of material evidence in hand. Judge Murphy will probably issue a statement at the conclusion of the inquest embodying his views. Thousands of people today visited the stone at the residence of Pennell was killed and Mrs. Pennell fatally injured by their automobile when it plunged down from Kensington avenue.

PRESIDENT OF ST. LOUIS EXPOSITION RETURNS. David R. Francis Back From Record Trip in Interest of Fair. ST. LOUIS, Mo., March 22.—David R. Francis, president of the Louisiana Purchase Exposition company, returned here today from his record-breaking trip in Europe, where he went in the interest of the world's fair. He left St. Louis on Feb. 10, and was in Europe eighteen days, during which time he visited the capitals of England, France, Germany, Spain and Belgium, and had audience with King Edward, President Loubet, Emperor William, the Spanish premier and King Leopold. When President Francis' train rolled into the Union station this evening there was a crowd of at least 10,000 persons present to greet the traveler. With President Francis were a committee of twenty prominent St. Louisans who had gone to New York last week to meet him and attend the dinner of the Missouri society given there in his honor. Mayor Holla Wells headed a local reception committee. After an impromptu reception on the station platform, was escorted by a squad of police through the cheering crowd to the carriage in which he and his wife and daughter-in-law, with whom he was driving home.

Could Afford to Wait. Angrily the agriculturist glares at the man which has hatted him through the side of the barn. "Drate ye," he exclaims, "drate ye I'd sell ye to the butcher's every day if it wasn't I could wait another week and get 40 cents a pound for ye as spring lambs."—Judge.

Amended Motto. "Do I hear any suggestions for a motto for this association," asked the chairman at the first meeting of the Street Car Kickers' society. "United We Stand, Divided We Sit!" howled a man in the rear of the hall.—Cincinnati Commercial Tribune.

Realty Versus Art. "Uncle Tom's Cabin" company is plodding along the pike between Saunders' Cross Roads and Hazel Hollow, where the next performance was to be given. They came to a small stream, which in summer had to be forded, but which was now frozen over. The blood-bounds, the donkey, Uncle Tom, and Marks the lawyer crossed without hesitation. Among the remainder of the company an altercation arose. One of the cast seemed to object to attempting the trip across the ice on foot. At last, after considerable wrangling, Simon Legree strode down to the bank of the stream and called: "Oh, Marks, Marks! Send them blood-bounds back here, will you? Eliza says she is afraid to walk across on this ice, an' I'm goin' to sic the dogs on her ar' run her to the other bank."—Judge.

His Portrait of Washington. "I'm getting painfully careless, my dear. I've just found a portrait of George Washington in my coat pocket that has been there for the last ten days." "Well, I don't see anything serious about that." "Don't you, my dear? I'm glad to hear it. You see, the portrait is a part of the stamp on that letter you wrote to me last week."—Cleveland Plain Dealer.

MINNEAPOLIS TRIED TO LYNCH A COLORED MAN

Drunken Lumberjack Wantonly Assaults an Inoffensive Negro. "Bring me some hemp, and we'll send this nigger to a place where he will be taught some better manners. Hurry up, there!" yelled a drunken woodsman to a crowd of bystanders on lower Nicollet avenue near Second street yesterday afternoon. Plunged against the exterior of a building, a lumberjack was holding a colored man with one arm while with the other he was gesticulating to a crowd of several hundred. No one offered to help him. "I'm a better man than a colored man with some rope," he shouted. But some policemen from the Central station arrived on the scene and would have arrested the white man but for the protests of the colored man. The trouble started when the woodsman meandering up the avenue, using the whole sidewalk, bumped into the colored man. He smote the descendant of Ham on the jawbone and the colored man retaliated with several blows which marked the lumberjack's face. The lumberjack being the larger soon had a hold of his victim, and then called for help to lynch him.

MINORITY MEET IN WORSHIP. First Baptist Church Seceders Hold Church Services. So large was the attendance at the first service held by the members of the "minority" who withdrew from the First Baptist church Thursday evening that the place of meeting yesterday forenoon had to be changed from the small lecture room to the large auditorium of the Y. M. C. A. building. Dr. James W. Ford, of Owatonna, delivered a sermon from the text, "What Shall I Do to Be Saved?" The members were much encouraged by the success of their first Sunday service, especially as the arrangements for the meeting had been made since Friday noon.

A business meeting will be held this evening at the residence of E. D. Jones, when a permanent place of worship will be decided upon.

Rather Confusing. "What," he asked, "does 'E. R.' stand for?" "In what connection?" "Why, referring to the king of England, of course." "It stands for 'Edward Rex.'" For a few minutes the inquirer was buried in thought. "His mother used the initials 'V. R.,' didn't she?" he asked at length. "She did." "Was she 'Victoria Rex?'" "No, she was 'Victoria Regina.'" "That's what I thought, and that's what puzzles me." "How does it puzzle you?" "Why, I can't help wondering what King Edward wanted to change the family name for."—Brooklyn Eagle.

URUGUAYAN REBELS SIGN PEACE TREATY. Revolutionists Accept Proposals of the Government Party. MONTEVIDEO, March 22.—Peace was signed today between the Uruguayan government and the rebels. The Uruguayan revolution broke out on March 16 in the departments of Rivera, Flores and Maldonado and thus lasted one week. Previous dispatches stated that the rebellion was brought about by the white party who were dissatisfied with the new president, Ordoñez, who succeeded President Cuestas, and with the recent appointments of departments of departmental prefects. The government, while taking strong military measures to suppress the revolution, also made certain proposals with a view to arriving at a peaceful settlement. Four of the disaffected provinces to act for the government authorized to make conciliatory propositions. They were instructed to inform Senor Saravia, the instigator of the revolution, that as the basis of arrangements the government would agree to the appointment under the direction of the Nationalists of new prefects in six departments. The uprising, according to the dispatches was not so general as was thought though the rebels mustered 8,000 men who had destroyed the railway, cut the telegraph wires and threatened to attack Montevideo itself. From today's dispatch announcing that peace had been signed it would appear that the rebels have accepted the conciliatory proposals made by the government.

Advertisement for Ripans Tablets, featuring a large illustration of a bottle and text describing its benefits for various ailments like indigestion, constipation, and general weakness. The text includes: 'Ripans Tablets are a standard household remedy. Each tabule is an accurate dose, made separately. They are for men, women and children. They regulate the stomach, liver and bowels; keep them in a healthy condition, prevent chronic and dangerous diseases, and restore the organs to a healthy condition when they have become diseased. Ripans Tablets are a most economical remedy. For the convenience of families where the tabules are in constant use, they are put up in large bottles, each containing one hundred and fifty tabules. Care should be taken to observe that the bottle is securely corked and bears the trade-mark on the unbroken paper seal over the cork. The tabules should never be bought in bottles that have been tampered with. The price for the Family Bottle is sixty cents — 150 doses for sixty cents. If you cannot get a Family Bottle from your druggist, send the price, sixty cents, to the manufacturers, The Ripans Chemical Co., 10 Spruce St., New York City, and they will send you one by return mail, postage paid.'
