DISAGREE ON NUMBER OF HOURS OF WORK

Operators and Miners Again at Loggerheads in Pennsylvania.

PHILADELPHIA, Pa., April 4.—A disagreement between the mine operators and miners today regarding the strike commission's ruling on the number of hours to constitute a day's work, resulted in the closing of numerous collieries throughout the anthracite coal region. The greatest dissatisfaction was expressed in the lower region and in Pottsville, Shamokin, Mahanoy City and contiguous towns a majority of the mines were idle part of the day. At some of the collieries the men laid down their tools after they had worked eight hours, and at others they remained in the mines nine hours, but refused to work ten hours when requested to do so by the superintendents. The operators assert that they will pay the men only for the actual time worked and the miners claim this to be a violation of the agreement.

PSYCHICAL RESEARCH AND SPIRITUALISM

Henry Ward Beecher's Spirit, "Widow's Mite" Coin and a Medium.

BOSTON, Mass., April 4.—Dr. Richard Hodgson, secretary of the American branch of the Society for Psychical Research, has received a letter from Dr. Isaac U. Funk, of New York, in regard to the "widow's mite" coin, the possession of which a spiritualistic medium revealed to Dr. Funk, by whom it had been forgotten for nearly ten years. Dr. Funk wished to get into communi-

800 INVESTS OVER \$500,000 IN REAL PROPERTY

Railroad Company Files Big Batch of Deeds to Land in Lower Town—Its Total Investments in This Section Said to Aggregate \$1,000,000.

What is probably the final clean-up in the big railroad land deals that have been sending lower town realty up by leaps and bounds the past month, was made public yesterday when the St. Paul and Northern Pacific filed with the Register of Deeds a batch of deeds representing an investment of nearly \$500,000.

The transfers represent nearly thirty lots, all in Bass' and Kitsons' additions, and the purchases in the majority of cases are late ones. The deeds were filed yesterday morning and unusual haste was made in getting them to the office before the noon closing hour.

As a result of the transfers the Wilder estate is enriched to the extent of nearly \$60,000, the deeds given by the trustees representing about fifteen lots. The others represent fractions and single lots.

According to the deeds so far filed with the register of deeds the Soo line now has invested over \$500,000 in old town realty. It deals for all the ground purchased were on file, real estate dealers say the Soo's investment would be nearer \$1,000,000.

CHARLES E. FLITNER.

Principal of the U. S. Grant School.

Charles E. Flitner, principal of the U. S. Grant school, was born in New York city. He was educated at the Teachers' college, New York, and at the Minnesota State university. Eleven years ago he began to see the city in his present position. During this time the enrollment of his school has doubled and new grades have been successively added, so that at the present time classes are taught in all the grades below the high school.

ADMIRAL SCHLEY TO BE HERE THIS WEEK

THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for a cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the poisons and impurities always present in the stomach and intestines, and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. The charcoal effectually cleans and improves the complexion, whitens the teeth and further acts as a natural and permanent safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best is Stuart's Absorbent Lozenges, they are composed of the finest powders, they are charcoal and other harmless antiseptics in a pleasant tasting lozenge form, the daily use of these lozenges will soon give you a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the benefit of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

SERGEANT MURNANE MAKES PLUCKY STOP

Captures a Runaway Team About to Dash Into a Crowd.

Police Sergeant Patrick Murnane probably saved the lives of a score of people yesterday afternoon when he captured a runaway team of horses about to dash into a crowd on Broadway.

At Fifth street a large crowd of people had congregated to see the president-elect of the Minnesota Educational association, and the team of horses broke from their harness, and started to dash into the crowd.

The infuriated animals pranced about trying to throw their captor, but the plucky policeman held on. For several minutes he struggled with the horses, but eventually brought them to a standstill.

Murnane was cheered for several minutes by the crowd of spectators.

ARMY NEWS.

Col. Parker, assistant adjutant general in charge of the militia division of the War Department, has sent the following telegram to the adjutant general of all states and territories in reference to the proposed inspection of militia organizations by regular army officers with a view to supplying them with standard arms and ammunition in accordance with the provisions of the militia law:

"The secretary of war earnestly desires the cooperation of the national guard in the inspection of militia organizations in accordance with the provisions of the militia law. It is very necessary that the information to be obtained by the inspection be accurate and that it be obtained at the earliest practical moment, and it is therefore hoped that every effort will be made to have the inspection completed as soon as possible. The adjutant general of the states and territories to complete it."

Gen. Baldwin, who returned from the Philippines on the transport Thetis, will stay in San Francisco for a few days preparatory to taking command of the department of the Colorado, receiving the 2nd Cavalry and the 2nd Infantry.

Twice he has received the medal of honor that is given only for exceptional bravery in the field. The first time he was in the Philippines, and the second time he was in the Philippines.

First Lieutenant Ross Reese and Frank Nielson, Philippine scouts, have been recommended by the commanding general of the division of the Philippines for commissions in the regular army in recognition of their participation in the fight with San Miguel's forces last month in which the Filipino leader was killed.

Second Lieutenant John L. Finlayson, who shot the only man killed in the fight, has been recommended for promotion and Otto Helms, hospital steward, for the same honor.

Reporting to the war department from the Rock Island arsenal, Maj. Stanhope has been recommended for promotion to lieutenant colonel, and for the rank of major during the last six months.

He says: "The post exchange of the grade of sergeant for the promotion of sobriety and discipline in the army which I have observed during twenty-nine years of service."

Lieut. Joel L. Blee, of the Tenth Infantry, who was tried court-martial at Ilijan, Island of Mindanao, has been acquitted of charges of murder in the killing of two native prisoners of war.

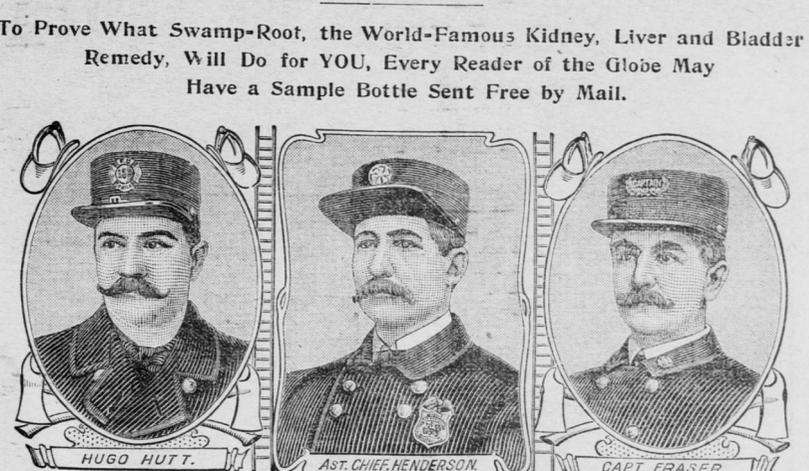

IRONWORKERS' STRIKE ENDS.

The men for whom the strike was declared, will get 40, 45 or 50 cents an hour according to the class of work. Formerly \$3.25 per hour was the highest. Five hundred men will return to work Monday.

Test for Yourself the Wonderful Curative Properties of Swamp-Root.

Thousands Have Kidney Trouble and Never Suspect It. To Prove What Swamp-Root, the World-Famous Kidney, Liver and Bladder Remedy, Will Do for YOU, Every Reader of the Globe May Have a Sample Bottle Sent Free by Mail.

I wrote to Dr. Kilmer & Co., at Binghamton, N. Y., for a free sample bottle of Swamp-Root, and its effect upon me was so noticeable that I bought a supply, and after taking a few bottles of Swamp-Root I had entirely recovered, and in six months I became the man you see me now. I had kidney trouble, aggravated by bladder trouble. Was obliged to pass water often day and night, had back ache, and was run down generally. A few bottles of this remedy did more for me than a dozen physicians could.

Yours truly, Hugo Hutt, 865 Stillman St., Philadelphia (Pa.) Fire Dept.

I am a firm believer in that wonderful remedy, Dr. Kilmer's Swamp-Root. It's a great medicine when a man is not feeling well; after exposure or loss of sleep and irregular meals. It is also a great medicine to tone up and regulate a man. There is such a pleasant taste to it and it seems to go right to the spot. I use it and recommend it. There is more Swamp-Root used by Kansas City firemen than any other medicine twice over.

Yours truly, Asst. Chief Henderson, Kansas City (Kansas) Fire Dept.

I cheerfully give my indorsement to Dr. Kilmer's Swamp-Root, which I sincerely believe, from my own experience, stands at the head of all known curatives for kidney, liver and bladder troubles.

My own cure and also my personal observation during years of service in the Toledo Fire Department, have convinced me that Swamp-Root is a medicine of wonderful merit. I have seen many who had been pronounced incurable, speedily restored to health by Swamp-Root.

Yours Respectfully, J. W. Fraser, No. 1 Engine House, Toledo (Ohio) Fire Department.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you nervous, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back joints and muscles; makes your head ache and back ache, causes indigestion, attacks of liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you make have plenty of ambition, but no strength; get weak and waste away. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

EDITORIAL NOTICE—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The St. Paul Sunday Globe when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

TEACHERS OF STATE WILL MEET IN ST. PAUL

Executive Committee of Minnesota Educational Association Decides to Hold Next Annual Convention in December in This City Instead of Minneapolis.

The next annual convention of the Minnesota Educational association will be held in St. Paul, instead of Minneapolis, at the last convention in favor of holding the next meeting in Minneapolis.

At the executive committee meeting of the Minnesota Educational association, held yesterday at the Commercial club, Dr. S. G. Smith, in behalf of the Commercial club of St. Paul extended a cordial invitation to the association to hold its next meeting in St. Paul, as has been the custom for a number of years.

W. G. Nye, representing the Commercial club of Minneapolis, extended an invitation to the association to meet in that city. There was some discussion, but it was decided to hold the convention in St. Paul, at least this year, to avoid possible conflict. The headquarters of the convention will be at the Windsor hotel, and the dates will be Dec. 29, 30 and 31.

FIRE DAMAGES FURNITURE STORE

Inflicts Loss of \$5,000 on Cardozo's Establishment.

Fire, shortly before midnight, in the furniture store of Ralph N. Cardozo, 140-144 East Seventh street, damaged the stock to an extent of \$5,000, and for awhile threatened the entire structure.

As soon as Chief Jackson arrived he turned in a two-eleven alarm, calling out every piece of fire apparatus in the basement, directly beneath a staircase that leads to the center of the store. When the firemen finally did effect an entrance the flames were rapidly gaining headway.

What caused the blaze is unknown. The fire had evidently been smoldering for several hours, for the entire building was completely filled with smoke. Nothing of the fire was known until there was an explosion, which blew out the front windows. The noise of the explosion was heard for several blocks. Detective O'Brien was standing opposite to the building, near the Rockway restaurant, when the explosion occurred. O'Brien turned in the alarm, which was followed by a second when Chief Jackson arrived.

But little damage was done to the building, which is known as the Schutte block. Cardozo's loss was mostly caused by smoke and water, the flames having done but small damage. The loss to the furniture stock is fully covered by insurance. Six years ago a building in the same place suffered from a similar fire which completely destroyed the stock.

DR. J. H. BRYANT DIES IN CALIFORNIA

Former St. Paul Physician Passes Away at Los Angeles.

Dr. J. H. Bryant, formerly a resident of St. Paul, died yesterday at Los Angeles, Cal. He was sixty-nine years of age. Death was caused by an attack of cerebral embolism.

Dr. Bryant is survived by six children. Dr. H. L. Dr. W. E. and Miss Florence Bryant, and Mrs. C. H. Skelton, of St. Paul. Mrs. C. B. Smith, of Aberdeen, Wash., and Dr. E. A. and Norman J. Bryant, of Los Angeles.

Dr. Bryant left St. Paul to make his home in California ten years ago. He was a member of the Twin City Lodge of the Masons, and will be buried under Masonic auspices Wednesday afternoon from the funeral home of Bryant, Winifred street. Interment will be at Oakland cemetery.

WAIT FOR PRESIDENT AT COMMERCIAL CLUB

Guests Listen to Music Before Chief Executive Arrives.

The parlors of the Commercial club presented an animated scene yesterday between 12:30 and 2 o'clock in the afternoon. Little luncheon parties filled all the dining rooms which were decorated with amylax and cut flowers in honor of the day.

In the parlors were little groups of men and women awaiting the firing of the guns on the West side, announcing the president's arrival. Over 100 women lunched at the club and made it a rendezvous for parties going to witness the parade. Wolfe and Barrett's orchestra played a special programme of music, appropriate to the occasion.
