St. Paul Team May Play Games in Heart of the City.

The promise of a down-town park is again held out to the fans of St. Paul. The management of the local American association baseball team has selected a site, which it secured, will give St. Paul one of the best located ball parks in the country.

The proposed site is the block bounded by Eighth, Ninth, Minnesota and Robert streets. It is an ideal location, but three blocks from Seventh and Wabasha and within easy walking distance of the wholesale and office districts.

Since selecting this site it is said that the local management has had agents at work securing the transfer of leases of the lots involved to George E. Lennon, president of the club, and that the site has now practically been secured.
