FINDS TROUBLE HE LOOKED FOR

E. W. Forest Assaults Passer-by With Knife and Is Kicked in the Eye.

E. W. Forest, 2814 Sixteenth avenue, was out looking for trouble yesterday afternoon about 3 o'clock and he had not looked far before he found Pat Fay, a railroad man from Iowa, who gave him all he was looking for with a little bit added just to show his generous spirit.

Fay was coming serenely down Nicollet avenue having had just enough to drink to make him feel at peace with all the world. When he reached the corner of Nicollet and Second street he met the ferocious Mr. Forest, who with a drawn knife, was creating a great commotion on the sidewalk. Then he saw Fay and made for him, and after a few preliminary courtesies being exchanged he struck at him with his knife, cutting Fay in the hip and behind the ear.

Fay at once started up Nicollet avenue in search of an officer, with Forest in pursuit. Pursuer and pursued turned down Washington avenue and were just in front of the Nicollet house when some public-spirited citizen, seeing Forest with the knife, made a lead for him and knocked him down. Not wishing to be involved in the fracas he proceeded on his way and was lost to sight. As soon as Fay saw his pursuer knocked down he returned to his side and before Forest could get up basted him in the eye until the patrol wagon reached the scene. Fay was locked up and Forest was taken to the city hospital, where he was found to have sustained a severe shaking up, but otherwise not much the worse for his knockdown and beating. The hospital was notified to hold Forest until he will probably be arraigned in the police court Monday morning for assault with a dangerous weapon.

PREFERS DEATH TO WORKHOUSE

Woman Prisoner Tries to Hang Herself in Lockup Cell.

Ida Peterson, an old-time patron of the Minneapolis police courts, attempted to hang herself in her cell at the Central police station yesterday afternoon.

The Peterson woman was arrested Saturday, charged with drunkenness, and taken to the lockup. About 1 o'clock Lulu Richardson, a woman confined in the next cell, heard a gurgling sound and called for help.

Capt. Range and Sergeant George Revere, who were down stairs, hurried to the woman's cell and hastily cut her down. It was found that she had made a rope out of a piece of cloth torn from the mattress and had tied it to the top of the cell and then placed her head through the noose and thrown herself forward on her knees.

The woman has only been out of the workhouse a week or two, and she says that she would rather die than go back for another term. The prison woman frequently has been arrested on drunk and disorderly charges and has served many sentences at the workhouse.

SHUT-OUT IS ORDERED IN BUILDING TRADES

Bricklayers and Masons in Pittsburgh Find Work Stopped.

PITTSBURGH, Pa., June 7.—Another move is to be made tomorrow morning in connection with the bricklayers' and stonemasons' quarrel, which, since early in April has had the effect of tying up much of the building operations in Pittsburgh and Allegheny. It will consist of a general cessation of all operations by the Master Builders' association, covering a large portion of all building operations, whether conducted by bricklayers or stonemasons or with other trades concerned. In other words, it is an extension of the united front of the brick contractors to shut down all work until the fighting unions come to some agreement.

The master builders say they were forced to take this step for their own protection. If the dispute were over wages or hours, they say, it could easily be settled, but as it is simply a quarrel between two unions who will not work together, the completion of buildings is impossible.

Wears Long Locks as Result of Bet.

James Clawson, one of the prominent men of Southern Illinois, has not had his hair cut since Cleveland made his second race for the presidency and was defeated.

"Uncle Jimmy" was a firm believer in the success of Cleveland each time that the New York man ran for the presidency. After the second nomination Clawson made a bet with some of his Republican neighbors to the effect that he never would have his hair cut until Cleveland should be elected. The Democratic candidate was beaten that time and "Uncle Jimmy" let his hair grow, as he had promised. He was pleased with the result. So much so, that when Cleveland was elected again four years later he did not sacrifice his locks, but let them grow.

Cause and Effect. "That young woman next door goes in for music, she?" "Music, so-called, she?" "Vocal or instrumental?" "A little of both. She's vociferously vocal, and instrumental in making all the neighbors swear."

RIPANS FAMILY BOTTLE

Ripans Tabules are a standard household remedy. Each tabule is an accurate dose, made separately. They are for men, women and children. They regulate the stomach, liver and bowels; keep them in a healthy condition, prevent chronic and dangerous diseases, and restore the organs to a healthy condition when they have become diseased.

Ripans Tabules are a most economical remedy. For the convenience of families where the tabules are in constant use, they are put up in large bottles, each containing one hundred and fifty tabules. Care should be taken to observe that the bottle is securely corked and bears the trade-mark on the unbroken paper seal over the cork. The tabules should never be bought in bottles that have been tampered with. The price for the Family Bottle is sixty cents — 150 doses for sixty cents.

If you cannot get a Family Bottle from your druggist, send the price, sixty cents, to the manufacturers, The Ripans Chemical Co., 10 Spruce St., New York City, and they will send you one by return mail, postage paid.
