### CROPS OF THREE COUNTIES ARE HELD UP TO VIEW

Wheat in Stearns, Sherburne and Benton Damaged by Chinch Bugs in Places, but Elsewhere Is Excellent.

Special to The Globe. ST. CLOUD, Minn., July 22.—Reports from the various sections of Stearns, Sherburne and Benton counties indicate that the wheat and small grain crops range from very poor on the light, sandy soil to excellent on the heavier clay soils. In the country to the south of St. Cloud chinch bugs have practically ruined some wheat fields and the damage as a whole is estimated at 50 per cent from this cause. In western and southwestern Stearns wheat, oats and rye are the best in years. The hay crop is very short, for the reason that the heavy rains the first part of July practically flooded all the wild hay lands so that little hay will be secured from that source. Wild hay is selling on the St. Cloud market for 39 per ton, the highest in years. The corn crop in all sections is looking well, though somewhat less advanced than last year at this time.

## MURPHY SAYS IT WAS EXTORTION MONEY

### Defense of Stonecutters' Union Treasurer Tried for Alleged Larceny.

NEW YORK, July 22.—Before Judge Newburger in general sessions today, the taking of testimony began in the trial of Lawrence Murphy, former treasurer of the Journeymen Stonecutters' association, for grand larceny in the theft of the funds of the association, amounting to \$12,784. The Evening Post says: It developed today that Murphy's counsel will raise in the defense that the funds he is charged with stealing were not legitimate dues and fines of the organization, but extortion money wrung from builders and contractors under threat. Counsel made the open assertion that one builder in Brooklyn had been forced to pay the union men \$10,000. Questions were put by defendant's counsel to make it appear that counsel was in possession of information that in the last year over \$200,000 had been paid to unions in this city by bosses and employes for fines, assessments and expenses. Defendant's counsel asked a witness if it was not true that one builder in New York had paid \$10,000 to settle some difficulty with a union. The witness, who was a union man, answered that he would not tell if he knew.

While the base price is \$27 for billets at mill for Bessemer standard sizes, the actual practice will be to make uniform delivered prices. For carbons between 0.27 and 0.60 there is an advance of \$1 per ton, while billets above 0.60 carbon carry an extra of \$2 per ton. Sheet bar and tin plate bar tonnage are quoted \$1 above billets and blooms."

## Keep Your Insides Cool!

Here's a man who thinks he has heart disease, and is scared half to death. His face is all drawn out of shape from fear and agony. Every time he eats, his heart "palpitates"—that simply means that his stomach is swelled up with gases from fermenting undigested food, and his heart thumps against his diaphragm. Nothing the matter with his heart. In the summer time, this gas distention is much worse, his whole body and blood get over-heated, and his heart and lungs get so crowded for room, that he gasps for breath. There he is, look at him! Every minute he expects to drop dead. As a matter of fact, all he needs is to stop that souring and gas forming in his stomach and bowels, help his digestion along, and keep cool inside. You all know that whenever something rots or decays, heat develops. Same in the body. Keep cool inside! Take a candy cathartic CASCARET every night at bed-time. It will work while you sleep, clean up and cool your insides, give you a regular, comfortable movement in the morning, and you'll be feeling fine all day every day. Heart Disease! Fudge!

first week in August, and the result was not altogether encouraging. In the morning Edgar Leonard gave George Wrenn a hard battle and it was only after two sets and three straight games in the third had gone against Wrenn, that he awoke to the situation and finally, by wearing Leonard out, won the match. In the afternoon, the American team received a still further shock, when Larned and Wright, unknown as a double combination until the Seabright tournament, had things pretty much their own way in the doubles contest with the

Wrenn brothers. They completely outplayed and outgeneraled the Wrenn combine, and by persistent lobbing and dinking the play at Wright the Wrenns played directly into the hands of their opponents. Wright did not weaken in the least and when the game was called on account of darkness it looked as though one more game would give the victory to Wright and Larned. The match stood 8-6, 8-6, 4-6, 6-5 in favor of Larned and Wright when it was stopped. It will be continued tomorrow and the winners will play Ward and Ware.
