WHITE BEAR YACHT RACES SAILED IN MODERATE BREEZE

Warm Weather Brings Out Twenty-one Boats—Seeress Defeats Knight Errant—Pluto Wins Again.

The ninth weekly regatta of the White Bear Yacht club was sailed in a moderate northwest breeze blowing from six to eight miles an hour. The day was warm and the sun on the lake was hot. It takes warm weather to bring out a good fleet, and twenty-one boats faced the starter in the different events. All the boats sailed the eight-mile course with the exception of Class C, which sailed six miles.

The contest for championship honors in the various classes is growing keen and spirited, and skippers are laying awake nights to figure out new schemes and new ideas which will make their boats go faster. In Class A the score stands as follows: Knight Errant, 1; Seeress, 2; Pluto, 3; Spindrift, 4; Black Deuce, 5; Griggs & Taylor, 6; Minnesota, 7.

The contest between the three big sloops was marred by an accident to the Columbia, the most serious one she has met with since she carried away her steel mast in a race with the Defender four years ago on the Newport course. Today, just after the old champion gybed around the second mark her topmast was carried away close to the head. The Columbia luffed into the wind and dropped her head sails. With some difficulty the broken spar and the sail attached were lowered to the deck, and then her tender the Park City, took the disabled craft in tow and brought her to her moorings.

Pluto is making it a habit of winning in the new B class, and yesterday repeated her first three performances by finishing under good control and headway to the finish. Seeress won by 8-40, being more than half a mile ahead of Knight Errant of Crusader. Crusader was sailed by Capt. Ritter, of the Calhoun Yacht club.

For Crusader to be beaten nearly twenty minutes by her old rival of last year is causing considerable comment among yachtsmen, and no satisfactory reason seems to be forthcoming explaining her sailing of this season. Knight Errant seemed no worse for her capsize of a week ago. Her sails were torn by the center boards dropping through, but otherwise suffered no damage.

Keewaydin, after a long absence, made her reappearance in the open class. Capt. "Herr" Rodenberg has purchased a quarter interest in the boat, and will sail in the regattas for the balance of the season. The other contestants were Geneva, Aloha and Weirlding. Capt. Armstrong crossed the starting line close after the gun, with Weirlding, Geneva and Keewaydin following. Aloha kept her lead to the second mile, where Geneva overtook her as they were approaching the fourth mile, after having some trouble with her gaff. Geneva finished two minutes and twenty-two seconds ahead of Keewaydin on corrected time, Aloha coming in third.

The old B class boats were sent off at 3:40, and Owl being the first to cross the line, followed by Red Devil, Spindrift, Minnesota and Black Deuce, and kept the lead for the next four miles. After a sharp exchange with Neola, Red Devil took second place by twenty-six seconds. The other three were well astern of the leaders, and at no time seemed dangerous after the first two miles of sailing.

RACE MEET CLOSSES AT GROSSE POINTE

Monte Carlo Wins Feature Race From Prince of Orange.

Detroit, Mich., July 25.—The 2:05 trotting event was the feature of the last day of the Blue Ribbon meeting at Grosse Pointe. There were six entries for the event. De Shay was favorite in the betting before the race at \$50, with Prince of Orange \$45 and Monte Carlo \$25. In the first heat Monte Carlo broke early in the mile and De Shay and Prince of Orange raced down from the far turn, where De Shay won handily in 2:08 1/4. This made De Shay favorite for the second heat. Monte Carlo broke again, but came on at the far turn and raced with De Shay and Prince of Orange down the stretch, the latter winning by half a length in 2:08 3/4. Monte Carlo took the third heat in 2:08. All but the three heat winners then went to the stable. Monte Carlo took the final heat by a head from Prince of Orange.

The 2:04 pace brought out the three fastest heats of the year, 2:06 1/4, 2:04 1/4 and 2:04. It was won by Dan B. Robert Mc justified his selection as favorite for the Merchants' and Manufacturers' consolation by winning in two straight heats. Lucy Lee won the 2:22 trot with ease, and Pauline G took the 2:11 pace without trouble in straight heats.

RELIANCE CRIPPLED AFTER WINNING RACE

New Cup Yacht's Steel Gaff Buckles About Ten Feet From Jaws.

NEWPORT, R. I., July 25.—The racing season for the three American yachts preliminary to the official races for the selection of a ninety-footer to meet the Shamrock III, was brought to a close today when the Reliance, Columbia and Constitution competed for a cup offered by ex-Commodore Bigelow, of the Eastern Yacht club.

The contest between the three big sloops was marred by an accident to the Columbia, the most serious one she has met with since she carried away her steel mast in a race with the Defender four years ago on the Newport course. LACROSSE PLAYERS WILL WEAR NUMBERS IN GAME

St. Paul Club Will Make It Possible for Spectators to Follow Plays.

The players of the St. Paul Lacrosse club will line up for a hard practice game this morning in which seniors and juniors will take part. The men will be divided into sides as nearly equal as possible and will be put through two hours' hard work.

The management of the club is determined that they want the game played in the field against Chicago next Sunday should be in the pink of condition. The theory is that a crack stickhandler out of condition is not as valuable to a team as a man less expert with the stick but who can keep up the pace for the full time limit without tiring.

In today's practice Wadsworth will be given a try-out in the goal, for which position he has been training for the past two weeks. He is a consistent performer and while he has always played on the defense bench he has taken kindly to goalkeeping and his work so far has been satisfactory. He possesses one attribute of a goalkeeper that is lacking in most players, and that is, he does not shrink from a close shot, but faces the ball without fear.

Cowie, who has been relied upon for cover point, is out of the city, but is expected to be back in time for the game. Gaisford, at first defense field, is also absent, and it is doubtful if he will take part in the game in case he does not have two or three candidates for his position with the odds in favor of Barclay, who has been displaying great form the past week.

Another player who is entitled to consideration is Graham, who formerly played with the Minors, of Winnipeg. Graham has only recently come out to practice and has not yet rounded into shape. With careful coaching and a little more confidence which will only come from consistent practice he ought to develop into a strong player.

Another ex-Winnipegger made his appearance last week in the person of Don Hardisty, formerly of the champion Winnipeg team. All Hardisty needs to make him a valuable man is practice and he may be heard from later in the season. George Kervin, who jumped into the right wing after having just arrived from the East, is showing fine form and is capable of putting up a first-class game. All the other men are training faithfully.

FOR INTERNATIONAL LACROSSE

The Cortlands will play the St. Paul Daily News on the greens this afternoon. Cortlands would like to hear from the Wolf team of Stillwater for a game in August. Address H. J. La Valley, 834 Cortland.

The G. Andrist Laurels will play at St. Paul Park this afternoon. The McKibbin, Driscoll & Dorsey team defeated the Hackett Hardware team by the score 6 to 5.

The Crane & Ordway Company team defeated the Virgo & Barrett & Stillwater team by the score 10 to 8. The hard hitting of the Crane-Ordway players was the feature.

BRIGHTON DERBY WON BY CHARLES ELWOOD

Haggin's Horse Gallops Home Far Ahead of the Field.

NEW YORK, July 25.—Before a crowd of 20,000 persons J. B. Haggin's Charles Elwood galloped home an easy winner in the Brighton Derby of \$10,000 at Brighton Beach today. The Haggin horse was second choice in the betting and admirably handled by O'Neil, Slave, from G. B. Morris' stable, was played down from 10 to 1 to 1 and finished second, with the favorite, Rigodon, from the Keene stable, third. The Brighton Derby, which is for three-year-olds, at one mile and a quarter, brought out a fair field of colts.

The Keene entry, Rigodon and Cardinal Wolsey, was favorite, although Charles Elvy was well played, notwithstanding he had a bad hoof. He went to the post with a cotton bandage on his off fore hoof. Only a few moments were lost at the post and they went away to a good start. O'Neil at once sent Charles Elwood to the front, closely followed by Rigodon and Slave. The Haggin horse led passing the stand the first time, with the field behind close up in a bunch. Making the paddock turn O'Neil gave his mount his head and leading into the back stretch he was leading by two lengths and going very easily. In the run down the back stretch Cockran, on Slave moved up to second place, two lengths behind the leader, with the favorite third and in distress. Passing the three-quarter pole the race developed into a procession, Charles Elwood leading by five lengths, with Slave second, three lengths in front of Rigodon. In the stretch Charles Elwood increased his lead and won handily by seven lengths from Slave, who in turn was one and one-half lengths in front of Rigodon. The time 2:05, was excellent.

The Neptune stakes, for two-year-olds, was a two-quarter race between Ormonde's Right and Pentaur, Ormonde's Right won by three-quarters of a length from Pentaur, who was fifteen lengths in front of Lavator, leading from start to finish.

The Plymouths will go to Rosemount this afternoon to play the strong Rosemount team. The team will leave Granite and Mississippi at 3:30 o'clock.

The McKibbin, Driscoll & Dorsey team defeated the Hackett Hardware team by the score 6 to 5.

The Crane & Ordway Company team defeated the Virgo & Barrett & Stillwater team by the score 10 to 8. The hard hitting of the Crane-Ordway players was the feature.

The Young Lafayettes are ready to defend the fourteen-year-old championship on their home grounds. For games address R. Stoffer, 157 Eaton avenue.

The Elks' ball club will play the Knights of Columbus team on the St. Thomas grounds this afternoon.

The St. Paul Rubber Company team defeated the Towle Log Cabin team by the score 18 to 13.

The Farwell Osmun, Kirk team was defeated by the West Publishing Company team yesterday by the score 10 to 1. The features of the game were the catches by Head, Weller and Metzger.

Archaeologists say that there is great need for trained Babylonian inscribers and that their remuneration can be obtained for competent work. No young woman, however, should be encouraged to study the great labor of preparation for it unless she has natural adaptability for that kind of study. Archaeological research was never more active than today, and every year is adding very important treasures to the collections already made. At the latest number of Biblia numerus, every year is bringing some new treasure from the soul of Egypt.—New York Sun.

WOMEN PHYSICIANS. London Contains About Fifty Female Doctors. Lady doctors are claiming feminine attention at this moment for two reasons. There is first the splendid appointment of making on behalf of the great fee and bazaar which Princess Christian and Princess Louise Augusta are organizing on behalf of the Royal Free hospital, through whose wards the splendidly trained and qualified women have passed as students. There will be three of the stalls entirely equipped by themselves, one of which will be held by Mrs. Schuller, a senior physician for the diseases of women at the Royal Free hospital, and Dr. Lilla Hamilton, who was for several years physician to the late Emperor of Afghanistan at Kabul, and the third by the present lady students of the hospital, directed by the home surgeon. Then there has been the publication of the annual report of the School of Medicine for Women, which is invariably interesting and important especially so from the number of public appointments it records as having lately been conferred on female practitioners. The list is by far the longest it has ever issued, and in addition to those made up of the splendidly trained and qualified women, it includes a number of noteworthy positions to which ladies have recently been appointed. Miss Lacey, for instance, is now oculist in the medical department of the London school of medicine, and two or three ladies as general medical officers. Miss Bryson is resident medical officer at the London school of medicine, and Miss Colebrook is a medical officer at the Ancient Order of Foresters, among many more lately appointed to important posts. But even more striking, perhaps, is the fact that Mrs. Stewart Deacon has been appointed to the position of chief officer of health for the Gold Coast Colony, a position which involves the inspection of a considerable number of towns, and which Sheldon Amos and Miss K. Vaughan are assistant medical officers in the quarantine department at Port Said and Suez, respectively.

It has lately been estimated that there are some thirty women doctors in London alone.—London Telegraph.

NEW INDUSTRY FOR WOMEN. They Are Learning to Translate Hieroglyphics for Archaeologists. It is said that the University of Pennsylvania has in its archaeological collections 50,000 hieroglyphs which have not yet been deciphered. Every museum in Europe which collects this material has many tablets covered with Egyptian or Babylonian inscriptions which have not yet been deciphered, because no competent person has had the time to undertake the work. It occurred a while ago to Miss M. A. Murray who is an assistant of W. M. Flinders-Petrie, the Egyptologist, that there was an opportunity for bright young women to learn a new vocation which would give them plenty of employment and a fair means of livelihood. With the aid of the archaeologists of America and Great Britain she has already established a school of correspondence, and though she is herself engaged in her work in Egypt she is teaching the art of deciphering Egyptian hieroglyphics to a number of young women in America and England.

NUMBER OF THE WOMEN STUDENTS AT HARVARD, CORNELL AND THE UNIVERSITY OF PENNSYLVANIA, HEARING OF THIS OPPORTUNITY FOR USEFULNESS, HAVE ALSO BEEN STUDYING INSCRIPTION READING. IT IS A TASK INVOLVING A GREAT DEAL OF LABOR, BUT TO THE ORDER OF MIND WHICH IS NATURALLY ADAPTED FOR THIS KIND OF RESEARCH IT IS EXTREMELY INTERESTING. Prof. Hillprecht, the archaeologist.

The Hudson's Bay Cup

By Courtesy Winnipeg Telegram. The Hudson's Bay lacrosse cup is one of the finest trophies ever offered in the West for international competition. This cup was presented by the Hudson's Bay company, through C. C. Chipman, commissioner at Winnipeg, for competition between championship lacrosse teams representing the Western states and Canada and will be held by the winner for one year. The announcement of the presentation was made last summer, but the trophy has only recently arrived in Winnipeg from the hands of the manufacturer in England.

It is of silver, about two feet high, and very graceful in outline. On the cover is a beautifully carved figure of a lacrosse player with a stick in his hand. Beneath this figure are crossed sticks supporting it. One side of the cup is engraved, "Championship International Lacrosse Trophy, presented by the Hudson's Bay Company." In the center of this inscription is a raised shield, which has on it gold and blue enamel, "Blood is Thicker than Water." The cup rests upon an ebony base, one foot high, which bears a number of small shields on which the names of the winners of the trophy from year to year will be engraved.

Shamrocks of Winnipeg are the present holders of the cup, having won it in a match against St. Paul on Sept. 23 last by a score of 7 goals to 2. This year the competition will take place in St. Paul on Sept. 14, Labor day. As the northern district championship has not yet been decided, it is not known who the opponents of the Shamrocks will be. The W. C. L. A. rules have been adopted and will govern all games. The winners of the cup give a bond for its safety and return. Lem. Deitel, St. Paul, and J. Pitblado and H. M. Evans, Winnipeg, are the trustees of the cup.

It is safe to say that the famous Dr. Baker will have a busy day guarding his net. The management is considering the advisability of numbering the players for the convenience of the audience in identifying them. In the score card the players of both teams will be numbered according to their positions, commencing with the goalkeeper, who will be No. 1, and a corresponding number will be attached to the back of the players' shirts. By this arrangement the spectators will know who the players are. It is also announced that no one will be allowed in the inclosure except the players and the officials of the game. In the past a number of persons have crowded on the field obstructing the view of the people in the stands and interfering with the players, and this evil will be corrected in the future.

A Warm Prospect. "Cheer up, brother," said the parson to the departing Billville girl: "A warm welcome awaits you on the other shore." "That's just what bothers me," was the reply, "I'm afraid it'll be 110 in the shade."—Atlanta Constitution.
