

# \$5,000. Reward for the Arrest and Conviction of—

—the parties who originated and circulated, the rumor that "Force" Food contained drugs or other injurious ingredients.

\$5,000. additional will be paid to anyone proving that "Force" does, or ever did, contain any drug or other injurious or unhealthful ingredient, being composed solely of Wheat and Barley, with a seasoning of table salt, steam cooked, flaked, and roasted.

Do us the justice, if you question the absolute purity or healthfulness of "Force," to send a package to the Health Department of your city for analysis.

## The "FORCE" Food Company. BUFFALO, N. Y.

Massachusetts College of Pharmacy. Boston, June 25, 1903.

The "Force" Food Company, Buffalo, N. Y. GENTLEMEN—A rumor having reached me that your product, "FORCE," contained injurious ingredients, I took the occasion to analyze it, in the interest of my own family and of some friends who are liberal users of it.

At the invitation of the "FORCE" Food Company, of Buffalo, I have visited their Mills and made a careful examination of the materials from which "FORCE" is prepared, and the processes which convert it into finished condition.

I found that "FORCE" consists exclusively of what my previous analysis indicated, viz.: Whole Wheat and Barley, with a flavoring of Table Salt, flaked, cooked and sterilized by 300 degrees of heat. A feature of the manufacture which impressed me considerably was the fact that the process is entirely mechanical, the food being prepared, cooked and boxed by machinery, without ever coming in contact with the hands or clothing of the mill operatives.

I was also gratified to note that an experienced Chemist daily supervised the entire output, and that each day's manufacture was also tested by an expert cook.

Signed, WILBUR L. SCOVILLE, Professor of Theory and Practice of Chemistry.

Chemical Laboratory, University of Buffalo, Buffalo, N. Y. HERBERT M. HILL, Ph. D., Analytical Chemist and Assayer. June 26, 1903.

The "Force" Food Company, Buffalo, N. Y. GENTLEMEN—In view of the rumors regarding the alleged adulteration of "FORCE," it has been a satisfaction to me to visit your Mills, investigate, and analyze your product.

You are free to publish this statement made over my signature, that I found "FORCE" to be absolutely pure, consisting solely of Whole Wheat and Barley, flavored with table salt, and free from any injurious substance whatever.

I examined, in detail, the various steps in the manufacture of your product, such as the steam cooking, the flaking and the roasting, as well as the packing, and find all to be remarkably clean and of absolute healthfulness. The final roasting is done at a temperature above 300° F., which, with the steam cooking, completely sterilizes the product, and the entire process, from the first step to the final sealing of the package, is a mechanical one, the product at no time coming in contact with the hands or clothing of the persons handling the machines or packages.

Very respectfully, HERBERT M. HILL, Chemist to the City of Buffalo.

See page 148 of "Cereal Breakfast Foods," Bulletin No. 84, of the Maine Experiment Station, a State Institution, which has analyzed "FORCE" with other foods, in the public interests.

Copy will be mailed free on request. Preliminary round: Emerson 6-3, Hammond 6-2, similar subject, pages 6 and 29, for analysis showing that "FORCE" consists solely of the most wholesome and nutritious ingredients.

Inquiries concerning this subject will be cheerfully answered by THE "FORCE" FOOD COMPANY, Buffalo, N. Y.

Friday, for all the electrical work which could have been done in six weeks had been completed before the men were taken off.

By withdrawing the non-union electricians from the work which has been assigned to them, the Leighton company six weeks' grace.

Another application has been asked for a franchise to build on Lyndale avenue from the city limits to Bloomington, the line to give a direct connection with city services. All the petitions have been placed on file, where they now await action by the board of county commissioners.

It is believed that the W. H. Johnson, former secretary of the board of charities and corrections, who was convicted of the charge of misappropriating public funds and granted a new trial, will not be placed on trial again.

The prosecution is said to be unable to make a stronger case against him than it did at the former trial, and while it has not been decided to nolle prosequi, it is said to be the opinion of the county attorney's office that another conviction cannot be secured.

It is thought similar action will be taken in the case of I. A. Gardner, first of the alleged municipal bootlers to be placed on trial, but Joseph L. Cohen must face a jury a third time. The ruling in the case of Fred W. Ames, the former chief of police, will permit of considerable latitude in the matter of introducing evidence against the alleged go-between.

Non-Union Men Withdraw and Crisis Deferred Six Weeks. The strike of the men employed on the addition to the federal building terminated today as abruptly as it started. Yesterday morning at 8 o'clock the eighty-five union workmen having received notice that the two non-union electricians would be withdrawn, returned to work.

Each side appears to have gained its point. John Trevor, who is putting in the electrical work, said yesterday that the Leighton company, the contractors, is in a better position now than it was

Lawrence Murphy, of New York, Is Found Guilty in Twenty Minutes. NEW YORK, July 27.—Lawrence Murphy, the accused treasurer of the Stonecutters' union, was convicted today. Col- baird, of Brooklyn, who paid the \$10,000 check to the "secret committee" of the union, appeared for the defense. Robert D. Stittford, a receiving clerk of the Twelfth Ward bank, identified the passport of Murphy as treasurer of the Stonecutters' union. The Colbaird check for \$10,000 was identified as being a check endorsed by Murphy. But he could not remember whether Murphy made the deposit.

check for \$10,000 after a demand for \$50,000 had been refused. Theresa Murphy, wife of the defendant, said she was present when the \$5,000 was paid to Black. The jury, after being out twenty minutes, returned a verdict that Murphy was guilty of grand larceny in the first degree. Murphy was remanded until Friday for sentence.
