They Are Said to Have Decided to Support Russia and Austria in Efforts to Stop the Fighting Between Turks and Macedonians—Saraffo, Who Is Credited With the Uprising, Seeks to Secure European Intervention by Provoking the Moslems to a Massacre.

ROME, Aug. 10.—It is stated here that there has been an exchange of views between the powers regarding the situation in Macedonia, and that apparently the powers have decided to support Austria and Russia in efforts to re-establish peace.

Further appointment of the powers of a joint, permanent administrative board with full powers to deal with any disturbance.

Having published the foregoing facts the civilized world now knows the causes which have driven the Macedonians to despair, the committee for the Macedonians now in arms proposes to continue the struggle.

PAYING FOR MURDER.

On Demand of Russia the Porte Proceeds Against Assassins of Consul.

ST. PETERSBURG, Aug. 10.—The czar has demanded the exemplary punishment not only of the murderer of M. Rostkowski, Russian consul at Monastir, by a Turkish gendarme, but of all the military and civil officials in any way responsible for the crime.

WHY THE UPRISING.

Macedonian Committee Addresses Representatives of the Powers.

SOFFIA, Aug. 10.—The delegates here of the Macedonian committee have addressed the following appeal to each of the representatives of the powers:

"The delegates of the Macedonian committee have the honor to bring to your notice the following declaration, with the request that you communicate it to your government:

"The Mussulman's systematic persecution has compelled the Christians in Macedonia and the vilayet of Adrianople to institute a general rising. They have had recourse to this extreme measure after exhausting all pacific means to secure the intervention of Europe to enforce the provisions of the Berlin treaty.

CONSTANTINOPLE, Aug. 10.—The hall of Monastir has been dismissed and Hussein Hilal Basha, formerly governor of Yoman, Arabia, has been appointed as his successor.

An imperial irade orders a court martial to assemble at Monastir to try the assassin of M. Rostkowski and report on the responsibility of officials in the murder.

According to advices from Monastir, the insurgents who recently occupied the little town of Krushevo number 200. They killed the garrison consisting of fifty-two soldiers, dynamited and burned the government buildings and then hoisted on a hill overlooking the town a red flag bearing on one side a lion, with the inscription, "Death or Liberty," and on the other the words "Courage, Brethren." Practically the whole country north of Monastir is in revolt.

Will Intercept Turkey.

LONDON, Aug. 10.—A news agency dispatch from Constantinople says the Macedonian insurgents are concentrating between Thrace and Odrin for the purpose of intercepting Turkish reinforcements from Old Serbia.

PARISIANS MEET DEATH IN TUNNEL

Burning Trains Cause Panic and Passengers Are Suffocated.

PARIS, Aug. 11, 4 a. m.—A catastrophe occurred last evening on the Metropolitan Electric railway, which runs mostly underground, in which many persons are believed to have lost their lives.

One of the trains broke down at Montmartre station, which is in a poor and populous quarter of Paris. This train was promptly emptied and the train which followed was ordered to push it to the repair sheds.

Meanwhile a crowded train reached Les Charonnes, the preceding station, and the officials, seeing smoke pouring out of the tunnel, gave the alarm.

A panic ensued, the passengers struggling to escape from the station. Amid the increasing smoke many attempted to return along the line toward Belleville, and they were suffocated.

The officials seem to have lost their heads and are unable to say how many passengers went out. The firemen for several hours were unable to enter the station or the tunnel owing to the dense smoke.

Finally the firemen flooded the burning mass and shortly afterward they entered the tunnel. They brought up corpses of five men and two women, all belonging to the working class. There are believed to be many more bodies in the tunnel.

SHOT HERSELF BECAUSE SHE WAS DESPONDENT

Mrs. Marie Gordon Makes an Antemortem Statement in Chicago.

CHICAGO, Aug. 10.—With the chances for recovery decidedly against her, the young woman who attempted to take her life in her apartments at the Auditorium yesterday steadfastly refused to make known her identity until late this afternoon, when she made the following ante-mortem statement to the police:

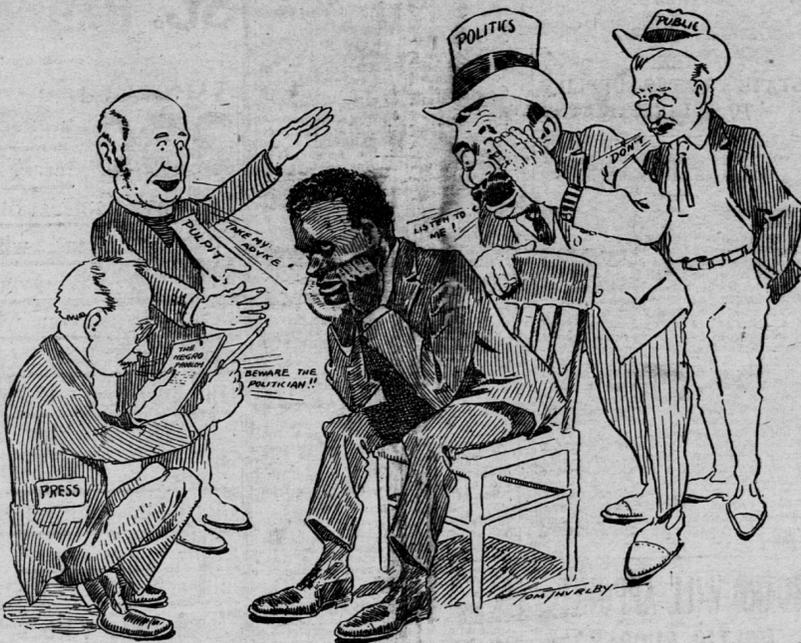

"My right name is Marie Gordon. I live at Montgomery, Ala. I came to Chicago on July 9, 1903, and registered at the Auditorium hotel. On Aug. 7 in company with W. R. Lytle, we visited a number of resorts, at the last one of which my friend became engaged in a quarrel with a colored man. I stepped into the cab, which my friend had engaged and as I did so, I heard a pistol shot. W. R. Lytle then left the house, jumped on the box of the cab and drove away.

"After going some distance, we left the cab on the street and I proceeded to the above named hotel. While very despondent I shot myself twice in the left breast. I came to Chicago to kill myself."

NAVY OF RUSSIA SHOWS CONDITION OF ROTTENNESS

Extensive Repairing Must Be Done Before the Bear Can Make Mince Meat of the Jap—Lack of Progressiveness Is Demonstrated in Maneuvers.

Special Cable Service.

LONDON, Aug. 10.—In spite of the almost universal opinion that Russia will have no trouble in making hash out of little Japan in the war which experts here, have predicted for next spring, advices from Odessa, where the Russian Black Sea fleet is about to begin its fifteenth annual maneuvers, indicates that a part, at least, of the Muscovite navy is in a bad way.

Worse yet is the reported condition of the fleet. The Rostislaf, flagship of Rear-Admiral Krueger, is said to be fitted with second-hand boilers installed by enterprising individuals in Sebastopol who made their country's loss their own gain and it is generally understood that for other reasons also, the Rostislaf would not last through a severe engagement. The Katherine II, another of the first-class battleships, is said to be so frail that only half blank cartridges are allowed to be used in the salutes which the vessel occasionally is called upon to fire.

His bride-to-be is Miss Lue Scott, of Abilene. Gov. Lubbock left Austin today for Abilene. This will be the third time Gov. Lubbock has married. His last wife died one year ago this month. Gov. He was the confederate governor of Texas; was captured with Jefferson Davis and John H. Reagan at the close of the war between the states, served in the legislature following reconstruction days and was for twenty years consecutively state treasurer.

MORSEL FOR SMART SET OF BALTIMORE

Mrs. Knapp, Related to Ex-Gov. Whyte, Is Divorced and Married at Sioux Falls.

Special to The Globe.

SIoux FALLS, S. D., Aug. 10.—The marriage here today of Mrs. Mary McDonald Knapp, of Baltimore, stepdaughter of ex-Gov. Whyte, of Maryland, to Frank D. Mullin, of Washington, D. C., representative of a Southern railroad company, is the sequel to an other interesting romance in the divorce colony here.

It has just been learned that on Aug. 3 the bride was granted a decree of divorce by Judge Jones, of the state circuit court in this city, from Alexander Payson Knapp, one of the most prominent residents of Baltimore. The decree was granted on the ground of incompatibility of temper. The affairs of the Alexander Payson Knapps were before the public eye in Baltimore for some time before Mrs. Knapp took up her residence in Sioux Falls early last December.

While Mrs. Knapp was in Philadelphia her husband and children were temporarily residing at Coburg, Can. At that time Mrs. Knapp stated she had left her husband because of ill treatment. She also declared she would never live with him again. That she temporarily receded from this determination was made evident when she joined her husband at Roland Park, their Baltimore home, upon his return from Coburg. Mrs. Knapp, however, could not stand the "tied down" existence very long, and the latter part of November she again disappeared. This time her visit brought her to Sioux Falls, and not until two or three days after her arrival here did her husband and friends of the Baltimore smart set know of her whereabouts. About the time she instituted her divorce suit in the state circuit court here last June her husband, accompanied by their children, left for Europe.

MOTHER WOULD LEAP INTO RIVER AFTER HER DROWNED BOY

Nine-Year-Old Clarence Hansen Loses His Life in the Mississippi, Near Milwaukee Freight House—His Mother, Frantic With Grief, Tries to Plunge In.

Special to The Globe.

Mrs. Matt Hansen, whose nine-year-old son Clarence was drowned in the Mississippi last evening, rushed to the river bank, and, on being shown the spot where the little fellow sank from sight, became frenzied and attempted to throw herself into the stream. "Oh, Clarence, my darling son! Oh, let me go! Let me go! I must follow him! Oh, I cannot leave here! Oh, horrible, horrible!" cried the frantic mother as she struggled in the grasp of her husband and F. H. Middleton.

It took the combined strength of the two men to prevent the grief-stricken woman from leaping into the murky water. As the dusk of evening fell there was a sad scene on the levee near the Milwaukee freight house. The mother, weeping on her husband's arm, Mr. Hansen himself nearly overcome with the shock, and their two daughters, Cora and Lizzie, crying piteously and calling out the name of their lost brother. A great crowd of spectators stood in mute sympathy and watched the touching sight.

Finally the mother and sisters were prevailed upon to enter a hack, to be taken to their home, 553 Wacouta street.

Clarence, who would have been nine years old tomorrow, and Hubert Brandt, seven years old, living at 229 Spruce street, went together down to the river late yesterday afternoon, after having spent several hours about town.

Falls Into the River. They played on the levee beneath the trees behind the freight house for some time. Clarence had a stick, to the end of which was attached a line and a small hook. The boy threw out the line, and, as he did not fly far enough into the water, he took a step backwards, and in throwing the line

CHURCH TO BE A REAL CASINO

Roof Garden, Gymnasium and Library Are Comprised in the Plan of a Progressive Pastor.

Special to The Globe.

CHICAGO, Aug. 10.—A roof garden will be one of the features of the new edifice to be erected by members of the Metropolitan Church of Christ. Both pastor and congregation believe such a garden will be of great assistance to the church. It will be open every night during the heated season and choice programmes of music will be presented and summer entertainments held there.

The garden will surmount a building to cost \$80,000. The following organizations are made up of members of the church: Chorus Choir, Winona Glee club, Sunday School orchestra, Metropolitan male chorus and the Metropolitan brass band.

A gymnasium of the children and young people has also been arranged for in the plans. A well equipped library will be opened day and night. "We don't believe in having a church that is only open one-seventh of the time," said the Rev. Charles Scoville, pastor of the church, and his congregation accords with him perfectly.

MAY HOLD WHEAT FOR BETTER PRICES

Special to The Globe. SPRINGFIELD, Ohio, Aug. 10.—R. J. Holman, business manager of the Ohio State Grange, is authority for the statement that the national organization is laying plans to organize its farmer members for the purpose of having them hold their grain for better prices.

The feeling is strong among the Grangers of this section that the prices are being held down by speculators, and that owing to the poor crops reported from all over the country, the supply is going to be short and prices should logically be higher. The idea is that dollar wheat and seventy-five cent corn are easily within the reach of the farmers if they can be properly organized.

UNION OF WHEAT COUNTRIES IS PROPOSED

LONDON, Aug. 11.—The Daily Mail this morning prints a dispatch from Warsaw which says that an American association, said to comprise 38,000 farmers, has addressed itself to the Russian ministers of finance and agriculture requesting their assistance in raising the current prices of agricultural produce, particularly wheat, and saying that the association projects a great union between the wheat-growing countries of the world for the purpose of fixing an annual minimum selling price. In view of the abhorrence of trusts, the correspondent adds, it is doubtful whether he will accept the bait.
