SWINE EXHIBIT IS BIGGEST EVER MADE

The show at the 1903 fair is easily the biggest and best show of its kind ever made in the West.

While there are numerous Minnesota exhibitors, the exhibitors from abroad are a long way in the lead in point of numbers.

As in former years, the sleek black Poland Chinas are the predominating breed.

One of the most popular swine exhibits is that which includes a litter of ten pigs, big, black, shiny English Berkshires.

great that the big, comfortable pen scarcely affords them sufficient room to lie down comfortably in, and they change their locations by crawling over each other amid a terrific chorus of squeals.

Among the Minnesota exhibitors are Barney Eischen Jr., of Northfield, with several fine pens of Chester Whites and Suffolk; C. H. Murphy, of Caledonia.

In the D. H. Poor pens are two big litters of tiny two-weeks-old white pigs that claim and hold the attention of the children and are continually surrounded by an interested and amused crowd.

The chief charm of the swine exhibit is the perfect cleanliness and exceptional ventilation facilities of the building.

Judge J. E. Brethour, of Bedford, Ont., commenced his work yesterday morning and will barely finish in time for the close of the fair.
