

CUMMINS STANDS BY HIS TARIFF GUNS

Iowa's Governor Opens His Campaign in a Speech Favoring Protection, but Reiterating the "Iowa Idea," Although in Milder Form Than Originally—His Course Will Lose Him Many Votes All Around.

Special to The Globe.

DES MOINES, Iowa, Sept. 26.—Gov. A. B. Cummins, the young man from the West whom President Roosevelt unsuccessfully tried to curb, in spite of cries that Allison had pulled him down the pole, is still the same politician with the "Iowa Idea," for in his opening speech tonight he frankly reiterated his belief in that expression which caused so much comment throughout the East and branded Cummins as the man with the "Iowa Idea."

For all the loud callings of harmony in the Republican ranks there is still the same division. It is true that the platform of the Republicans does not come as boldly out with the "non-shelter to monopoly" plank as the one written by George Roberts, director of the United States mint, upon which Mr. Cummins was first elected, but it is one on which Cummins is willing to stand, for he wrote it. But the governor will lose votes in Iowa within his own ranks this fall. When he was nominated he did not stand firmly out and stick to his radical but admired declaration. He clothed the platform in a language which was suave, but showed weakness. Then he lost a hold upon the following gained by his Minneapolis declaration, which was that he favored competition for the consumer rather than protection for the monopoly. He played to the "stand patters." Since that time he has found that the "stand patters" care nothing for him anyway and now has attempted to swing back to his old following. But

they have lost much of their faith in him. He has lost force on both sides and his vote will be badly cut this fall by Jerry Sullivan, Democratic candidate for governor.

While none of the statesmen could curb this man the pressure they brought to bear upon him weakened him, and in his effort to gain he made some poor moves.

The governor has a worse fight than ever, for people of the West want reform and he cannot stand for the old-fashioned high tariff. And he has not, as shown by his speech of tonight.

What the Governor Said.

Gov. Cummins opened the Iowa Republican campaign tonight before 2,000 persons. The meeting was under the auspices of the Polk county Republican club and its president, Col. A. B. Shaw, presided.

Gov. Cummins said that he hoped that the outcome of the election this fall would demonstrate to the nation that there were 100,000 more men in Iowa who believed in the principles of protection than believed in free trade, who believed that Theodore Roosevelt represented the highest type of American citizenship. The governor said since the Democratic platform did not mention state affairs he would pass state issues until a later speech and devoted his entire time to the defense of the

LION ATTACKS ELEPHANT AND TERRIFIES PEOPLE

Rebels Against His Stunt in a Show and Escapes to the New York Streets.

NEW YORK, Sept. 26.—Thousands of visitors to Coney Island were thrown into a panic today by the escape from an amusement park of a lion which ran through the crowded streets pursued by policemen and animal trainers until it was driven into a corner and secured. The lion, on being brought out of its cage to go through a ring performance with an elephant, suddenly became enraged, and leaping on the ele-

phant's back, buried his teeth and claws in the big brute's shoulder. The elephant, in a panic, rushed around the ring and finally, gripping the lion with its trunk, tore it off and hurled it into a lagoon near by. By this time the terrified audience had fled and had communicated the panic to the crowds in the streets. The lion scrambled, half drowned, out of the lagoon and leaped through a window into a bar-room and thence to the street.

It is alleged the total deposits were about \$30,000. Late tonight Kalman was arrested in Allegheny on warrants sworn out today by some of his depositors charging embezzlement. Kalman would make no statement and after a preliminary hearing was released on bail.

MINNEAPOLIS WOMAN IS SHOT AT OMAHA

Her Probable Murderer Attempts Suicide and Leaves Body to Medical College.

Special to The Globe.

OMAHA, Neb., Sept. 24.—Glennie Hynes, who came here from Minneapolis, was shot four times tonight by James Reed and will undoubtedly die. The Hynes woman had promised to marry Reed, but kept putting him off. Today he bought and sent a silk dress to her and just before the shooting called at her rooms and found two other men there.

She ushered him into another room and as she was seated on a chair he drew a revolver and opened fire. Five shots in all were fired, four of which took effect. Reed was reloading the revolver for the purpose of shooting himself when the police entered and arrested him.

A letter found on his person showed he had contemplated the deed, for it bequeathed his body to a medical college for scientific purposes. The letter also stated that Hynes was not the correct name of the woman, but that she was a fugitive from justice at Minneapolis.

STOCKHOLDERS MOVE FOR A RECEIVERSHIP

Consolidated Lake Superior People Will Make Application Tomorrow.

PHILADELPHIA, Pa., Sept. 26.—Consolidated Lake Superior stockholders will move formally Monday for the receivership as the surest way to protect their equity in the property. This action has been determined on in view of the uncertain attitude of Speyer & Co. and a conviction that the time has come when the step cannot be delayed longer without danger.

Application for the appointment of a receiver for the \$117,000,000 corporation will be made in Connecticut, under the laws of which the Consolidated Lake Superior company is incorporated. Promptly after the expected granting of the petition for receivership application will be made in New York for the appointment of an auxiliary receiver to act in that state. This will be accompanied by a petition for an injunction to restrain the sale of the Speyer collateral.

The management and board of directors of the company are cognizant of the intended receivership move, and, it is understood, have agreed to interpose no obstacles and to give the stockholders an entirely free hand in the matter. This acquiescent attitude of the management is believed to have been obtained by the minority stockholders during the protracted board meeting on Friday.

SAULT STE. MARIE, Mich., Sept. 26.—A deadlock between the officials of the Consolidated Lake Superior company and the representatives of the Speyer syndicate has developed, but for what reason cannot be learned here. Mr. Bicknell, a Toronto attorney, arrived here yesterday under orders from Speyer & Co. to take possession of the plants. Before his arrival Mr. Coyne, assistant to the president, had sent a circular through all the offices of the company ordering heads of de-

INSINCERITY OF THE PORTE'S INTENTIONS

This Is Evident in the Personnel of the New Macedonian Commission.

SOFIA, Bulgaria, Sept. 26.—The personnel of the sultan's new Macedonian commission is alleged to be an indication of the insincerity of the Porte's intentions. The Bulgarian representative, Nikola Rebell, a member of the court of justice at Monastir, is eighty years old and has been for many years an official of the Turkish government. With the exception of Hilmi Pasha, inspector general, who is president of the commission, none of the others has any prominence or influence. The fact that the Bulgarian population of Macedonia is given only one representative is held to show that the Porte has not accepted the demands made by the Sofia government.

In view of the fact that the powers decided to answer the Bulgarian note, it is doubtful if next week's meeting between the czar and Emperor Francis Joseph will cause any material change of policy. The report that Capt. Teberneff, captor of Miss Ellen M. Stone, had been killed is untrue.

ALLEGED THIEF IS ENTERED ON WAY BILL

"One Man" Consigned to "Police Lynn," at "Owner's Risk."

BOSTON, Mass., Sept. 26.—Floyd L. Ferris arrived today by American Express from Columbus, Neb., on the way to Lynn, where he is wanted for larceny of \$250 from the company, which transported him. Ferris was willing to return. He was accordingly entered on the regular waybill as "the man" consigned to "Police Lynn," at owner's risk. He was placed in the express car with the messenger as guard.

WAR DEPARTMENT CLERK WAS SHORT

WASHINGTON, D. C., Sept. 26.—Through an order dismissing him from the government service it became known tonight that James H. Beatty, for fifteen years assistant to the disbursing clerk in the office of the auditor for the war department, had been found short \$8,000 in his accounts. The shortage was made good by Illinois relatives, and Beatty was not prosecuted. He is forty-five years old and at one time resided in Mattoon, Ill.

PROPOSED SACRIFICE

Offers to Serve Life Sentence in His Father's Place.

ATLANTA, Ga., Sept. 26.—Desiring to take his father's place in the state penitentiary, where he has served eight years of a life sentence for murder, Dr. W. P. Rushing, of Albany, today wrote Gov. Terrell as follows: "Mine is a strange request. My father is incarcerated in the state penitentiary under life sentence. He has been there for eight years. There is not a mitigating circumstance connected with his crime upon which to base hopes of a pardon. His record as a citizen and in his family was exemplary up to the commission of the crime. He longs for freedom. I can see no way to obtain it for him except by substitutionary suffering for him. Is such allowable? If so, I am willing to take his place, for a period, at least, while he has temporary liberty before he dies. Can you grant my request?"

The murder for which Rushing is serving a life sentence was committed in Thomas county. He had a business misunderstanding with a man named Lilly, who was superintendent of a Sunday school in Metcalf, Ga. Rushing conceived the idea that Lilly was going to sell out his home, so one Sunday morning he went to the Sunday school where Lilly was teaching and shot him.

ATTEMPT TO KIDNAP

Supposed Convict Tries to Carry Off Child of Governor.

LINCOLN, Neb., Sept. 26.—An attempt was made last night to kidnap the eight-year-old daughter of Gov. Mickey. While four of the governor's children were playing in front of the mansion an unknown man came along and tried to carry the oldest girl away. The other children clung to her clothes and screamed. The man was so badly frightened when he saw the neighbors coming that he dropped the child and ran.

Gov. Mickey says the warden of the penitentiary, M. Beemer, reported to him twice that a kidnaping attempt had been prospected by convicts. One convict said some time ago that such a plan had been formed as a means of getting revenge on the governor for his refusal to interfere when William Rhea was hanged last summer for murder. A convict who had been in the plot says a convict soon to be released has been assigned to kidnap one of the children to "teach the governor a lesson."

SMITH WAS ASLEEP

But He Awoke in Time to Win the Girl.

INDIANAPOLIS, Ind., Sept. 26.—Miss Annabel Mitchell, of Rochester, Ind., became Mrs. Perry C. Smith, of Indianapolis, today. Two months ago she and her mother boarded a train on which Smith was returning from a business trip to Chicago. The car was crowded. Mrs. Mitchell found a seat, but the best the daughter could do was to take a place beside Smith, who was sleeping. Miss Mitchell was careful not to disturb him, but Smith awoke finally to find a very pretty young woman at his elbow. He rubbed his eyes to see if he was dreaming, stole a few glances at the fair maiden, and, before he knew it, was deeply in love with her.

Smith soon learned from her card that his companion was Miss Annabel Mitchell, of Rochester. In another part of the car Miss Mitchell's mother was an interested spectator, but she did not realize the progress of events. The journey ended all too soon for Smith and the girl, but he lost no time in becoming a regular caller at her home, and today they were married by Rev. J. N. Canfield, of this city. They left here this afternoon for the East to spend their honeymoon. Smith is the local manager of a manufacturing concern.

STRIKERS APPEAL TO THE "U" STUDENTS

They Circulate Hundreds of Handbills on the University Campus, Urging the Students to Remain Away From the Mills and Not Aid Capital in Its Fight Against Labor—Cry of the Union Men Is "Arbitrate."

The following remarkable appeal was made yesterday to the students of the Minnesota university by President John M. Finley, of the International Union of Flour and Cereal Mill Employers:

AN APPEAL TO STUDENTS OF THE UNIVERSITY OF MINNESOTA.

The Flour Mill Employers are on Strike. They have offered to leave the dispute to arbitration. The mill owners have refused this fair offer. Which side has shown faith in the justice of its cause, the fairness of its position? We insist that our request is a just and reasonable one, and we only ask an opportunity to prove our case before a fair tribunal. The mill owners are endeavoring to use you to break this strike. They will offer you big pay—and well they should, for they are asking you to sell your honor. As man to man, we ask you not to assist capital in the fight it is making against us. The glory and fair name of the Maroon and Gold is at stake more than it ever was on the gridiron. JOHN M. FINLEY, President International Union of Flour and Cereal Mill Employers.

The university campus was the scene of the liveliest action yesterday when copies of the foregoing handbills were distributed among the students. Hearing that Peter Hanson, the secretary of the Y. M. C. A., was encouraging the students to go to work at the mills, a committee of the strikers visited him, but he declared that he was not taking any active part in advising

WILL ATTRACT PEOPLE TO CHURCH BY FEEDING THEM

Chicago Preacher Solves the Problem of How to Fill His House of Worship Sunday Evenings.

Special to The Globe. CHICAGO, Sept. 26.—Rev. John H. Boyd, of the First Presbyterian church, of Evanston, has solved, or thinks he has solved, the problem of filling the church on Sunday evenings. He argues that a hot roast beef sandwich is better than much preaching. If beautiful women and splendid singing will not attract men to the service, only one thing will, and that is a hearty meal. Consequently a new plan will be tried. This will be the programme at the church tomorrow evening: Hot roast beef sandwich; Hymn No. 338 (four stanzas); hot coffee, chocolate, hot tea; brief talk by elder; lobster salad, potato salad, shrimp salad; patriotic hymn; chafing dish indigestibles (prepared by beautiful girls); olives, pickles, radishes, young onions; doxology. Evening service in Auditorium. Students from Northwestern university have been invited and have promised to attend.

SUFFER UNCARED FOR

Family Ill of Fever Found in Deplorable Condition.

Special to The Globe. DES MOINES, Iowa, Sept. 26.—Alone in an old and humble house in a deserted portion of the city, too ill from typhoid fever to inform anyone of their critical condition, John Mahoney, his wife and four daughters lay near death's door for a week. Half delirious with fever they were powerless to secure aid or food and water. Only by accident did an old friend happen in passing to call and find the deplorable conditions. The father and youngest girl were removed to Mercy hospital, where he soon died. The little one is in a critical condition, and all are too ill to attend the funeral, which will be held Sunday.

COMING TO INQUIRE ABOUT YOUNGER

Kansas City Chief of Police and Police Commissioner En Route to St. Paul.

Special to The Globe. KANSAS CITY, Mo., Sept. 26.—Chief of Police Hayes and Henry P. Stewart, police commissioner, have gone to St. Paul. They are not expected back for nearly a week. The Minnesota authorities have renewed their interest in the doings of Cole Younger, who promised not to place himself on public view if he were granted the privilege of leaving Minnesota. Younger recently broke away from the Wild West show he had been traveling with. Chief Hayes is to confer with St. Paul authorities about Younger.
