CITY NEWS

SUES THE SHERIFF

Simon Zeff Wants \$5,000 for Seizure of Store.

Suit for \$5,000 was yesterday commenced in the district court against Sheriff P. C. Justus by Simon Zeff, whose grocery store on East Seventh street was recently seized by the sheriff at the instance of the creditors of Charles Shapiro, from whom Zeff purchased the store.

Zeff contends that the store is still in the hands of the sheriff and that he has been greatly damaged by the action of Sheriff Justus in taking possession of it.

The store was formerly owned by Shapiro, who sold it to Zeff and subsequently skipped to parts unknown. According to the story told by Zeff, through his attorney, Herbert P. Keller, he bought the store with the understanding that all bills were paid and that there were no liens against the store.

Soon after it was discovered that Shapiro had skipped, his creditors appeared in large numbers and finally the store was seized in their behalf. Being alleged that the transfer of the store to Zeff by Shapiro was fraudulent.

Sheriff Justus is still in possession of the store. This is the first time that suit for damages has been brought against Sheriff Justus and the outcome will be watched with considerable interest.

NEW YORK, Sept. 26.—It is asserted that Charles E. Murphy, the Tammany leader, has determined to nominate on the Democratic ticket with George B. McClellan for mayor, Edward M. Groul for comptroller and Charles V. Fomenko for president of the board of aldermen. Mr. Groul and Mr. Fomenko were nominated for these offices this week on the fusion ticket, which they were elected by majorities two years ago. They are independent candidates, and the Evening Telegram says says have expressed their willingness to accept their nomination on the Democratic ticket.

Second-hand typewriters for sale, standard makes, good condition, all prices. 135 Endicott Arcade.

DON'T FORGET
There's money in a good memory. When you keep in mind the fact that we make the best clothes that can be made and charge no fancy prices, you understand what we mean by "money in a good memory." Drop in and see the new fall and winter fabrics and let us make your heart glad by quoting low prices. Early orders get the closest attention. Duncan & Barry, the moderate-priced tailors, 51 East Fourth street.

JUST ASK BY LETTER
And we will be pleased to send you by mail prepaid sample of Rea Bros. Cascarin. It is an ideal liquid laxative for children, grown people and everyone. Cures after all others have failed. We know what Rea Bros. Cascarin will do. It has cured thousands. Sold at drug stores; price 50 cents per bottle.

NATURAL APPEARING!
Porcelain Billing saves badly decayed teeth. Fine gold fillings. Gold or Porcelain Plates, that look, fit and wear well. Painless extraction. Many no teeth so bad I can't improve them. Dr. B. C. Cornwall, Dentist, 1014 Cass Ave., Des Moines, Ia.

MANY SIDEWALKS AND SEWERS LAID THIS YEAR
Fifteen Miles of the Former and Ten of Latter Break the Record.

St. Paul will close the year with nearly fifteen miles of new cement sidewalks and about ten miles of new sewers, the largest amount constructed in one year in the history of the city.

Both sidewalk and sewer contractors have had more than they could lay, and in the case of the former many of the orders given by the city will have to go over until next year because of the contractors' inability to get men. One sidewalk contractor has four crews at work.

Spectacles AND Eyeglasses
That is OUR specialty. We carry every style with merit. We carefully examine your eyes, prescribing the correct glasses. If the services of an oculist are required we will tell you. We charge no fancy prices, because we are exclusive opticians, but our glasses are far superior to those sold in dry-goods stores.

Sold gold frameless eyeglasses with spherical lenses—

SAW THEIR LOGS WERE DOUBLY ASSESSED

State Auditor Grants Hearings to Protesting Lumber Companies.

State Auditor S. G. Iverson gave a hearing yesterday morning on three cases involving the taxation of the logs of lumber companies in several counties, the companies either claiming that the property was exempt from taxation or that it had been assessed in two counties.

The principal case was that of the Rat Portage Lumber company, of Rat Portage, Canada. This company was assessed for 3,400,000 feet of logs in St. Louis county, 3,000,000 feet of logs in Beltrami county and 260,000 feet in Itasca county.

The company claims that 5,000,000 feet of the logs assessed in Beltrami county were cut in Canada and floated down Rainy river into Minnesota to the boom for the sole purpose of being sorted, after which they were to be taken back to Rat Portage for manufacture, and therefore were not properly subject to taxation in this state, the usual rule being that logs are to be assessed where they are to be worked up or where the mills of the company are situated.

The company also contended that the other assessments were void for this reason and also because the company was a foreign corporation, having its mills outside of the state.

The auditor refused to pass on the question of those logs cut in Canada, and sent to this state for sorting, holding that the question was one for the courts and he had no jurisdiction. In regard to the rest of the lumber, he held that the assessments in the several

at the People's church, but the engagement has been canceled because of the size and seating capacity of the church. There being no auditorium of sufficient seating capacity, the singer will not appear here at all.

In Minneapolis she will sing at the International auditorium, formerly the exposition building, and arrangements will be made for adequate car service for the St. Paul people who desire to go to Minneapolis to hear her. She is supported by a company of artists, including Sig. Romauldo Sapiro, who has

make room for something more modern.

Ten years ago nearly every foot of ground within the corporate limits of St. Paul was platted and imaginary streets laid out, but in the outlying districts practically all the surveyor's marks have been obliterated. The encroachments on the city are not sufficient to cover them with homes and truck gardens, and small farms cover them instead. This is notably so on the West side and the East end, but in the vicinity of Hamline and Merriam Park the march of progress has been steady and the surveyor's occupation in these localities has become limited. It is for this reason that the little farm at Hamline and University avenues is considered a curiosity.

UNIVERSITY AVENUE LANDMARK.

Old Farm House and Barn That Resist the Encroachments of Progress.

Small farms within the corporate limits of St. Paul are by no means a curiosity, but when one with the same buildings that decorated it thirty years ago borders on one of the principal streets in the city, and defies the steady march of progress, there is cause for wonder.

On the old interurban car line, and located at the corner of Snelling and University avenues, is still to be found one of the relics of the old Deacon Smith farm, that in its heyday practically included all of Hamline. The tract probably is about ten acres in extent, but it is as wild in respect to improvements as it was thirty years ago, when it was numbered among the big

fortunate, and when the infuriated animal turned upon him there was no chance for him to escape, as he lay on the couch in the big city hall reception room, "last Wednesday night at an affair in Clontarf that they call a hotel."

"Did you ever have a chill?" asked his honor, after a vigorous spell of coughing. "Well, if you have, you can appreciate my condition. I guess it was because they failed to give me enough bed covering. It got so cold that I had to get up in the night and put my clothes and overcoat on. I enjoy my hunting trips, but I cannot stand them like I used to."

The mayor has received an invitation to take part in the Chicago centennial celebration, but he says he will not attend it.

DECEYED BY A NOTE FROM YOUNG WOMEN
While They Are Away the Safe They Were Guarding Is Looted.

THEBES, Ill., Sept. 26.—A safe in the office of McDonald & Co., contractors, was taken from the building by burglars last night, robbed of its contents and supposedly dumped into the Mississippi river. It is reported that the safe contained the sum of money and valuable papers, as today was pay day. Two young women were seen in the office at night were decoyed away by a note purporting to come from two young women. A large amount of the safe was discovered the office had been entered and the safe taken.

WILL ASK DAKOTA COUNTY TO MAKE GOOD
City Wants It to Pay \$5,000 for Damages Arising From Rain.

Dakota county will likely be called upon by the city legal department to make good about \$5,000 in damages on the West side by reason of the recent heavy rains.

Concord street suffered heavily as a result of the rain and investigation developed the fact that the South St. Paul officials had constructed a conduit at Annapolis and St. Olaf streets so that all the water poured in on Concord street and the adjacent territory. The damage done to the West side by reason of the rain was considerable, and owing to the impoverished condition of the street fund it will take some months to repair it. Some of the bad places will have to be left until next year when more money will be available.

MUST PAY ALIMONY AND ATTORNEY FEES
John Gangl Is Ordered to Allow His Wife \$40 a Month.

Pending the settlement of the action for divorce brought by Mary Gangl against John Gangl, the husband will have to pay her temporary alimony in the sum of \$40 per month. He is also ordered to pay her \$50 for attorney's fees and \$25 suit money. Judge Brill made the order yesterday at a special term of the district court.

There is already in effect a restraining order enjoining Gangl from in any manner disturbing his wife or their children, and the petition for divorce, which is sought on the grounds of desertion.

MME. PATTI WILL GIVE ST. PAUL THE GO-BY
Diva Will Give One Concert at the Minneapolis Auditorium.

Although her appearance here has been advertised for some time past, Mme. Adelina Patti will not be seen in St. Paul this season. The only concert in which she will appear in the Northwest will be at Minneapolis, Dec. 30. For some time it has been advertised that she would appear in St. Paul

KIDNEY AND BLADDER TROUBLES PROMPTLY CURED

A Sample Bottle Sent FREE by Mail.

Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in promptly curing, or relieving, all the istic acid troubles, rheumatism and pain in the back. It corrects inability to hold water and scalding pain in passing, or uric acid trouble, you will find it just the remedy you need.

Swamp-Root is not recommended for everything, but if you have kidney, liver, bladder or uric acid trouble, you will find it just the remedy you need. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this great kidney remedy, Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, be sure to mention that you read this generous offer in the St. Paul Sunday Globe. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BIG, BURLY BULL TREES ED. BAZILLE

"That's All Right, Old Chap," Said the Judge, but It Didn't Work.

Treed for almost an hour by an infuriated bull was the experience of Probate Judge Bazille, while hunting in the vicinity of Lake Traverse Friday. Judge Olin B. Lewis, of the district bench, who was Judge Bazille's companion on the hunting trip, escaped a similar experience only by a record-breaking sprint of a quarter of a mile, at the end of which he climbed a high stone wall.

Judge Bazille, who escaped by climbing a tree, was rescued only by a series of strategic maneuvers by which the bull was attracted to other parts of the pasture.

The two judges, in search of game, had started across a large pasture, and were almost in the center of it, when the animal started about the same time for a place of safety. Judge Lewis made the faster sprint of the two and reached the stone fence just ahead of the animal.

Judge Lewis scales stone wall.

The point at which Judge Lewis reached the fence could not have been sealed by an ordinary man under ordinary circumstances, but the judge's training as an athlete club member and his to a good purpose, and he lost no time in emulating the feat of soldiers who climbed over the walls at San Juan except that he left his gun in the enemy's field.

Judge Bazille, however, was not so

THE NEW STORE

615, 617, 619, 621, 623, 625, 627, 629, NICOLLET AVENUE, MINNEAPOLIS.

MAIL ORDERS FILLED

SALE EXTRAORDINARY! A rapid fire gun of unparalleled velocity, that should impress every single individual in the Twin Cities and vicinity---an old-time carousal, full of vim and energy, laying bare the secret of the marvelous success of this history-making store. It will send to oblivion all former efforts, this cut and slash policy to be adopted Monday, and with your assistance (that will be most cheerfully rendered, at sight), will set a new mark for the future. We "need the money"---that's the whole thing in a "nutshell."

EVANS, MUNZER, PICKERING & CO.

NEW COAT OF ARMS

Twenty-First Infantry Adopts Handsome Design.

The Twenty-first infantry has adopted a new coat of arms. The design was submitted by a board of officers consisting of Maj. Hunter Liggett, Capt. Herman Hall and Capt. C. E. Hampton, Twenty-first infantry, and has been formally accepted. It is very handsome and shows on its face the character of the regiment. On the four quarters of the shield are shown a Saitre or Greek cross, four arrows, a crenelated turret and a half sun, representing the colors of the present dress blouse or obsolete field blouse, being optional with the wearer; enlisted men, campaign hat, leggings, khaki or brown canvas blouse and trousers.

The war department has prescribed the following uniform clothing for the Twenty-first infantry, effective next month:

Brown Forces--Officers, campaign hats, leggings, service coat and trousers, enlisted men, campaign hat, leggings, khaki or brown canvas blouse and trousers.

Rifle Forces--Officers, campaign hat, leggings, service coat, present dress blouse or obsolete field blouse, being optional with the wearer; enlisted men, campaign hat, leggings, khaki or brown canvas blouse and trousers.

Capt. E. W. McCaskey, Twenty-first infantry, has been granted four months' sick leave, taking effect Oct. 1. Accompanied by his family, he will visit relatives in Lancaster, Pa.

OHAGE WON'T DELAY

Will Begin at Once to Repair Pest House.

Health Commissioner Ohage says he will not wait on the convenience of the council and the Commercial club in the matter of remodeling the new pest house. "I don't propose to be caught by an epidemic of smallpox," said Dr. Ohage yesterday, "and no accommodations for patients. I shall proceed to repair the present buildings as I have planned. I intend to put in more toilet facilities, another bath room and change some of the partitions. All I wanted was about \$10,000, which would have provided another cottage and the needed ground. Instead, they talk of \$30,000 or \$40,000. It would be money thrown away."

"It is idle to talk of putting the pest house at Pigeve. There are no roads, the place is without water or light facilities and it is unhealthy. It would cost \$50,000 to make the change. If it is ever done it will be against my vigorous protest."

The Commercial club has been advocating a modern detention hospital at a cost of \$30,000 and has secured from several members of the council a pledge to place the amount in the next budget. In the meantime the club was to borrow the money and place it at Dr. Ohage's disposal.

Dr. Ohage said \$10,000 would be ample and at a recent meeting of the two council bodies an effort was made to get the consent of the members to the reduction. Some of those suggested the advisability of changing the location of the hospital to Pigeve, where the city owns ten acres, and in order to examine the new site the matter was postponed.

Dr. Ohage now says that he cannot wait, as the season for smallpox is almost here. Another week of cold weather will put at rest, until spring, the possibility of building an addition to the present building on Dale street. For this reason he announces his intention of going ahead with the work.

OMAHA WANTS LAND

Seeks to Condemn Strip on the West Side, 500 Feet Long.

The application made recently by the Chicago & North Western Railway company for the condemnation of certain lands wanted by the company for the extension of its tracks on the West side, came on for hearing before Judge Bunn at a special term of the district court yesterday, but after some protracted hearing was continued for one week.

The Omaha, in seeking to condemn the land, says it is wanted for the purpose of completing the connection between the inter-freshman road and the Chicago Great Western. The Omaha seeks to have condemned a strip of land on the West side, about 500 feet long, extending from the end of its present branch line on the West side to Starkey street, where it proposes to connect with the Great Western. The strip is owned by the Wagoner estate, but there is some dispute between the estate and the city as to the ownership of a portion of it, as to the ownership of a portion of it, and the hearing yesterday was continued until this matter is settled.

The contention between the Wagoner estate and the city is over that portion of Commercial street which touches the strip desired by the road. The Wagoners claim that the street was abandoned by the city long ago and that it is now owned by the Wagoner estate.

The strip which the Omaha is attempting to have condemned is said to be part of the land in question in the high schools since the construction of railroads around the city of St. Paul, a chain by which each road in the city can make a connection, either directly or indirectly, with every other road.

The Wagoners are opposing the appointment of commissioners on the ground that the Omaha has never even made them an offer for the land.

MAYOR CATCHES ONLY A COLD ON HUNTING TRIP

Says He Will Be Unable to Attend Chicago Centennial Celebration.

Mayor Smith returned from a three days' hunting trip, near Clontarf, Minn., yesterday, and the only thing he brought back was a rather bad cold. "It that," he said yesterday, as he lay on the couch in the big city hall reception room, "last Wednesday night at an affair in Clontarf that they call a hotel."

"Did you ever have a chill?" asked his honor, after a vigorous spell of coughing. "Well, if you have, you can appreciate my condition. I guess it was because they failed to give me enough bed covering. It got so cold that I had to get up in the night and put my clothes and overcoat on. I enjoy my hunting trips, but I cannot stand them like I used to."

The mayor has received an invitation to take part in the Chicago centennial celebration, but he says he will not attend it.

RAN TOO FAST TO STOP AND BREAKS HIS LEG

Angelo Galli Engages in a Foot Race and Comes to Grief.

Angelo Galli, 370 Wacouta street, is at his home suffering from a severe fracture of the left leg received Thursday afternoon while running a race in an alley behind J. Frediani's store, 14 West Sixth street, where he is employed.

Galli ran at such a swift pace that he was unable to check himself when he reached a fence at the end of the alley. To prevent his striking the fence he raised his left leg, which broke through a one-inch board. Galli then fell backward, sustaining a compound fracture of the leg. He was taken to the hospital by Dr. Roy and taken to his home.

PRELIMINARY DEBATES BEGIN AT THE "U"

Freshmen Argue Question of Popular Election of Senators.

The first definite step taken by the debaters of the university was the preliminary debate on the inter-freshman debating team, for which twelve men were selected as a result of a hearing Friday and Saturday afternoons. The work in this contest was generally of a high order and speaks well for the work done in the high schools since the formation of the league. The subject debated on the subject of the Popular Election of United States Senators, which was the league's subject last year, so many of the men were familiar with it.

From the twelve selected yesterday, Messrs. Aronson, Badger, Clark, Dowdall, Jones, Hamilton, Houck, Huntington, McManis, Michener, Schwartz and Sweet, six will be chosen to take part in the inter-freshman debate, and from those, in turn, those who will meet the sophomores are to be selected.

TO MAKE MATTRESSES FROM MANILA GRASS

Board of Control Proposes to Experiment With the Material.

The board of control has determined to experiment in the manufacture of mattresses from the broad bands of reed grass which comes around the bundles of sisal received from Manila for the making of twine at Stillwater prison. The grass is cut to two inches in width and very tough and strong, and the board thinks that it ought to make good filling for mattresses.

A large amount of the grass has accumulated, as it has been looked on as useless heretofore. This grass on hand will now be made up into mattresses, 200 of which will be made and tried at the Red Wing training school. If these prove satisfactory, the work will be regularly added to the prison products.

Killed by Building's Collapse.

CHICAGO, Sept. 26.—A Petro, a workman, was killed and seventeen persons were injured today by the collapse of a portion of an unfinished building at the plant of the Western Electric company at Twenty-second street and the Belt Line railway.

The injured Barney Krager and August Schwan may die. The accident was caused by the breaking of the trusses which supported the steel girders. When these fell the south half of the roof fell in on two scores of workmen, injuring nearly half of them. Several sustained slight injuries in jumping from the windows to the ground.

Havana Sanitation Retrogrades.

WASHINGTON, D. C., Sept. 26.—Dr. Joseph E. Porter, sanitary inspector of the public health and marine hospital service, who is located at Key West, Fla., has recently made a professional tour of a part of Cuba. The mines at Daiquiri were his objective point, and while he reports that there is no ground for the apprehension that was felt in the United States on account of sickness there, he does not make an entirely favorable report on conditions in Havana. On that subject he says: "The sanitation is not up to the mark of a year ago."

ALL good doctors prescribe Ayer's Cherry Pectoral for coughs.

Dr. J. C. Ayer & Co., Lowell, Mass.

KNOW-YE THIS

The nose may make or mar the beauty of any face. If homely or deformed it cannot be hidden or stoned for by any other facial attraction, but when well molded and symmetrical it lends beauty and distinction to the whole countenance.

I straighten a hooked, bent, or crooked nose, build up a flat or drooping nose, shorten a long nose and narrow a broad nose. I remove a broken or popped ear, correct a protruding ear, put a puffy eyelid, a cataract, a squint, a tearful eye, a runny eye,
