NEW TOWN DISCOURAGED.

Indian Police Tear Down the Buildings at Richards. CASS LAKE, Minn., Nov. 18.—Pursuant to the determination of the agents and subagents of the Indian department to allow no one to erect any kind of a building on the late Chippewa Indian reservation, the buildings which had been built together at Richards, the new town site east of Cass Lake, last Friday, have been torn down. It was early in the afternoon that the Indian police officials, General appeared on the townsite, and began to tear down the buildings. The verbal protest against the action of the Indians did not deter them from their determination to tear down the buildings. The owners of the buildings offered no forcible resistance beyond the verbal and written protest, and the police tore the buildings down. It is expected that a decision will be rendered in a few days relative to the rights of the people to erect any kind of a building with the provisions of which they are doing their very best to comply. The occupants still continue in possession of the land, despite the fact that the weather is extremely cold and they are compelled to live in tents.

BAPTISTS CALL HAVE MADE PEACE

Ministers Say All Members Must Take Part in Efforts to Win Converts.

The two days' evangelistic conference of the Baptists of St. Paul and adjacent districts closed last evening at the First Baptist church with a largely attended meeting. Each meeting of the conference has been well attended and the pastors of the St. Paul churches are well pleased with the results and expect a general revival of interest in all the churches as a direct result.

Personal evangelistic work, now a leading question in all evangelistic churches, has been the keynote of the meetings and much interest has been aroused among the laymen.

The closing meeting was in charge of Rev. R. M. West, of the First Baptist church, who also made one of the addresses. He spoke on "Where the Responsibility and Gifts of Evangelism Rest." He called attention to the discouraging reports of the past year and the decrease in the number of converts, and said that this must be remedied by a revival of interest among the laymen and personal work among their fellows.

George P. Lyman, assistant general freight clerk of the Chicago, Burlington & Quincy, spoke on "What More May the Preacher Do?" and Rev. W. W. Dawley, of Minneapolis, discussed the subject "What More May the Layman Do?" He also appealed for more personal work in the churches.

The conference yesterday afternoon was also devoted to a discussion of personal evangelistic work. There were several addresses, followed by a conference, in which many took part, and the question was thoroughly discussed.

Fireman Langevin Awarded \$2,682 for Injuries.

Henry Langevin, a member of the fire department, who was injured at the time a street railway train crashed into a fire truck at the junction of Sixth and Seventh streets one Sunday last fall, was yesterday evening awarded a verdict against the St. Paul City Railway company for \$2,682. Langevin was a member of the crew of the wrecked truck and was thrown some distance by the collision, which resulted in the immediate death of another fireman, Patrick Fleming, and the injury of Langevin and two or three other members of the crew. Langevin brought suit for \$10,000 damages, and the case was on trial before Judge Kelly and a jury several days, the verdict being brought in shortly before 5 o'clock last night, after the jury had been out several hours.

TWO YEARS' EXPERIENCE ASKED OF APPLICANTS

Rule is Made for Candidates for High School Positions. Residents of St. Paul who desire to teach in the high schools of this city will not be required to leave home to qualify themselves for such positions, as would have been the case had the school board adopted the amendment to its rules proposed at the regular meeting of last month.

The proposed new rule was materially amended so that particular point before its adoption by the board yesterday afternoon. Instead of demanding that an applicant should have had two years' successful teaching experience, it was in committee that the proposed rule was amended.

The rule as it has been adopted provides that a person to be eligible to appoint as teacher in a high school must be a graduate of a college or university, must have a first-class state professional certificate and must take an examination to demonstrate proficiency in the special subject to be taught.

For appointment to a position in one of the grade schools the new rule will require that the candidate shall have had professional training or two years successful teaching experience. Those who are not college graduates will be required to take examinations for such positions.

Hamilton Awaits Parole While Members Talk Politics.

But for politics Frank Hamilton might have spent last night in the Twin Cities with his friends. He still continues numbered prisoner in the Stillwater prison with politics alone between him and liberty.

The board of control was scheduled to meet at Stillwater yesterday morning and Hamilton, who was made eligible to parole because the pardoning board believed confinement meant his early death, was in the hall for release.

The board of control did not meet. When the time set for the meeting arrived, Chairman James A. Martin was missing and the meeting was indefinitely postponed, owing to the absence of one of the members on "business."

Chairman Martin was unable to attend the meeting as he, accompanied by Robert A. Jamison, Gov. Van Sant's private secretary, went to Red Wing, where certain political fences were reported in crying need of attention.

ADOPTED THE TWIN

And Built Him Up. A lady of Des Moines, Iowa, who recently adopted a baby boy, had an experience in feeding the youngster that may prove interesting.

"Three months ago I took a twin baby. He was so weak and puny at the time that I believed I would never be able to raise him. I found that the only food he could keep on his stomach was Grape-Nuts and when I began to feed this regularly to him he began to thrive. In two weeks he showed marked improvement and he is now a fat, healthy boy and has just caught up with his twin sister who was always ruddy and healthy. He is certainly a fine little fellow, thanks to a fine pure and scientific food in the world, suited to all ages. See the recipe book in each package.

DEFINES THE LAW

Children Must Attend School at Least Twelve Weeks.

Some difficulty has been found by the school authorities of Minneapolis in agreeing upon the legal requirements as to school attendance on the part of children between the ages of eight and sixteen years.

The question raised in Minneapolis is whether the requirement in the old law that a child must attend school for at least twelve weeks still stands or whether the entire law is superseded by the later enactments. In an opinion furnished to the state department of public instruction yesterday, Assistant Attorney General Donahoe says:

"Inasmuch as there is no repealing clause in the acts of 1899 and 1901, those provisions of the sections of the general statutes above referred to which are in conflict with the subsequent legislation of 1899 and 1901 or which are substantially re-enacted in the later acts, are superseded as repealed by such later acts. It appears that the intention of the legislature in the act of 1899 to treat in its entirety the subject matter comprised in the legislation contained in the general statutes; but as stated before, if there is any provision in the legislation contained in the general statutes, that is not in conflict with the subsequent legislation or is not re-enacted in the same must be considered in force."

MONEY AWAITING CLAIMANTS.

Insurance Company Has 600 Creditors and Elmer W. Haines Wants to Pay Them.

Elmer W. Haines, who was a resident of Minneapolis, has transferred a money due him from the Mutual Benefit Life Insurance company, but neither he nor his wife, Mrs. Haines, are in the city.

Minneapolis agents of the company have received a list of over 600 to whom money is due in amounts ranging from \$1,000 to \$3,000, who have not claimed it.

WEISSMILLER GUILTY.

Stands to Draw From Two to Five Years in the Pen.

Guiltily of assault in the second degree was the verdict brought in last night by the jury in the case against John F. Weissmiller, charged with assaulting Edward S. Wagner with a whisky bottle with intent to kill.

The convicted man will be sentenced later. The penalty for the offense is imprisonment in the penitentiary for not more than five years nor less than two years. The court may impose a sentence of imprisonment and also a fine, but in cases of this character the straight penitentiary sentence is generally given.

NEEDN'T GIVEN MOTHER MONEY.

Child's Failure to Do So Is Not Incorrigibility.

Lydia Lobelman, a seventeen-year-old girl, was yesterday sentenced in the municipal court on the charge of incorrigibility preferred by her mother, Katherine Lobelman. After hearing the story Judge Dickinson dismissed the case. The mother had, according to the testimony, been receding \$2 per week of the girl's earnings. She then made a demand for \$3 per week and the girl refused. The court did not see that this was incorrigibility and dismissed the case after a compromise for \$2.50 had been promised by the girl.

RAISES A NEW POINT.

Citizen Challenges the Council's Right to Vacate Streets.

W. H. Vanderburgh has brought suit against the city and the Chicago Great Western railway to prevent the vacation of Twelfth avenue south and First street south, ordered by the city council a short time ago. He declares that the closing of the streets in order to accommodate the railway company works an irreparable injury to him. The question raised is a new one in Minnesota courts.

THREE STUDENTS SUSPENDED.

ST. PAUL WOMAN LOSES HER PURSE

Thieves Boldly Take It From Her as She Walks Along Nicollet Avenue.

Another case of purse snatching, believed to have been done by members of the Seventh street gang, occurred last night about 8 o'clock when Mrs. T. R. Perine, of St. Paul, lost \$25 at the corner of Tenth street and Nicollet avenue. Mrs. Perine resides at the Coates hotel, East Seventh street.

The attempt is one of the boldest that has yet occurred as the streets were filled with people. Mrs. Perine, accompanied by a woman companion, was walking out Nicollet when two men approached. Without a word one caught the woman by the arm while the other disengaged her purse containing two \$10 bills and about \$5 in silver. As the women screamed the men dashed down Tenth street at a rapid pace and were lost in the hurrying throng.

The men are believed to be members of the gang of purse snatchers which for the past two weeks has plied its trade assiduously in spite of the efforts of Chief Conroy's men, and have gained a considerable sum of money.
