FREIGHTS REFUSED WILL GIVE ANNUALS

Coast Lines Issue Embargo Against Shipments to Orient.

Northern transcontinental lines will accept no freight for shipment to Korean or Siberian points while the war between Japan and Russia continues. An embargo was issued yesterday by the Great Northern and the Northern Pacific instructing their agents to refuse freight to any point in Siberia or Korea.

The embargo ordering the agents to refuse shipments of freight to any point in a state of war exists between Japan and Russia is in no position to accept freight shipments to points in the territory affected by the war. The embargo does not apply to its ports.

The order of the transcontinental lines will cause but a slight decline in the railroads' trans-Pacific traffic. The shipments of freight to Korea and Siberia are not large. Japan and China are much larger consumers of American goods, and a slight decrease in the amount of freight shipped to the Orient.

Railroad supplies and heavy machinery are the principal shipments made to Siberia and Korea. The traffic manager of one of the Northern coast lines yesterday said: "While the war continues none of the transcontinental lines will attempt to carry freight to the districts where the war is being waged. The ports of Korea and Siberia are blocked, but the Japanese and Chinese ports are open. Unless the embargo is extended it will cause a great decrease in the amount of freight shipped to the Orient."

Southern Railway to Reward Conductors and Engineers.

Many of the railroads having their general offices in St. Paul have had their attention called by their employees to the recent action of the general manager of the Southern railway, who proposes to furnish engineers and conductors with annual passes of the road on the basis of service. Those who have been five years in the service are to be given annuals good over the division on which they are employed; those having ten years to their credit are to receive annuals good over the entire line, and for those who have served fifteen years their wives will be included in the privilege.

The general manager of the Southern railway is of the opinion that better results will be obtained through the hearty co-operation of his men, but there are many railroad executives in the Twin Cities who hold this action to be ill advised. They see in it another concession to the men, which will encourage them to demand still more. It is therefore declared by these objectors that to magnify the importance of this sort of a voluntary contribution to increase their wants. It is also thought that with the means at hand to permit it the men would lay off more frequently for the purpose of visiting other places and that in consequence the service would suffer.

Railroad men say that it is fairly open to question whether the method adopted by the Southern railway is wise. It is not supposed that the simple granting of annual passes to conductors and engineers will cause any deeper loyalty than the status quo. One of the general managers had this to say:

"The important question to which railroad managers now give their best thought is how the personal loyalty of the men to the road upon which they are employed can be gained. It is not supposed that the simple granting of annual passes to conductors and engineers will produce that result, but it is an indication that consideration is being given to the question. I venture to say that an order issued by the general manager of the Southern railway to the effect that all engineers and conductors would be carried free on any train of the system would not be as much appreciated by the individual as the receipt of an annual with his name thereon."

BURLINGTON CUTS ITS EASTERN GRAIN RATES

Big Reduction is Made to Meet Gulf Competition.

CHICAGO, Feb. 16.—The great rate war in which the Western roads are engaged threatens to involve all the lines between the Missouri river and the Atlantic seaboard. The Burlington and Chicago & Alton have just given notice that they will put in effect a rate from Missouri river points to Baltimore, New York and Norfolk of 15 cents for 100 pounds. This is 1 cent higher than the rate from Kansas City to the Gulf ports.

The action was not taken on account of the reduction made by the Great Western and North-Western roads, but is in conformity with the policy of the Burlington during more than a year, that the difference in the grain rate between the Gulf and South Atlantic ports should not be more than 3 cents for 100 pounds.

The rate announced by the Burlington and Alton from Missouri river points to South Atlantic ports is 1 cent less than the regular tariff rate of the Eastern roads. Louisiana, the Gulf and Mississippi rivers.

It is said by the Burlington officials that under their arrangements with the Eastern roads their system gets an arbitrage of 5 cents or 100 pounds, or leaves only 10 cents to the Eastern lines, or 5 cents less than the regular tariff rate.

GRAIN RATES TROUBLE EASTERN RAIL LINES

Lake Traffic May Cause War Between Trunk Lines.

NEW YORK, Feb. 16.—Harmony of rates in trunk line territory is threatened, the Buffalo, New York lines say, by the Buffalo-Philadelphia-New York lines having served notice that the freight rate on lake grain for export will be reduced Wednesday to 3 cents for 100 pounds between Buffalo and New York.

The reduction means an abolition of the differential initiated by the Pennsylvania and the Lehigh Valley in favor of Philadelphia last summer, and is designed to give the port of New York the same privilege heretofore enjoyed by Philadelphia.

DR. LINDSAY'S BLOOD POISON CURE

It is the worst disease on earth, the easiest to cure. WHEN YOU KNOW WHAT YOU HAVE, you will have plenty of money to pay for it. It is a disease that is not cured and does not know of any other cure. It is a disease that is not cured and does not know of any other cure. It is a disease that is not cured and does not know of any other cure.

BEER CITY BOWLERS PLAN FOR CONGRESS

Meeting of Milwaukee Tournament Association to Be Held This Week.

MILWAUKEE, Wis., Feb. 16.—Before the end of this week plans to make the National bowling congress, which is to be held here the week beginning Feb. 20, 1905, the most successful in the history of the game will have been laid. On Thursday probably there will be a meeting of the Milwaukee Bowling Tournament association called, when the prominent bowlers of the city will be invited to discuss the coming congress, and when officers will be elected and committees named.

The tournament association was formed last fall when it was decided to make the fight to get the congress, its object being primarily to raise the money needed to conduct the meet among the bowlers. The plan decided upon was to issue 1,000 shares of stock, valued at \$5 per share, and long ago about half the shares had been placed in blocks of men as officers and on the committees, men who are representative and who will work.

There is a movement to make A. J. Langtry, of the Calumet club, secretary if he will accept the position. No slate has as yet been made up, but it is likely that W. H. Terry, Charles G. J. Koerner will be among the officers, as they have been the most active in securing the tournament for Milwaukee.

The bowlers do not appear to think there will be any particular difficulty about raising the needed funds, but they are fully aware of the great amount of work that is before them and the necessity of intelligent management. Further, the election of Mayor Rose as president of the congress has removed all excuse for factional differences among the local bowlers, and there appears to be no reason why they should not work in harmony.

NEW STAR JOINS THE MAROON BALL SQUAD

Crack Backstop From Illinois Now Back With the Chicago University.

CHICAGO, Feb. 16.—Baseball stock at the University of Chicago took a boom yesterday when it became known that Zangerle, the former University of Illinois player, would enter the local school soon and try for the team. The addition to the squad will fill the biggest hole that Stag has had to worry over for several seasons, as the ex-Illinois is a crack catcher and fully capable of holding post-1st vacancy by ex-Capt. Floyd Harper.

Last season Zangerle played in the outfield. His work was of the star order. He was one of the best in the Western college players in batting. His stick work was so good that Hedrick offered him a berth last spring on the American league team. Parental objections kept him from accepting the offer. Zangerle graduated from the state institution last June and will therefore be eligible to compete for the maroons this season.

STILLWATER TO HAVE SAME BALL TEAM.

Special to The Globe.

STILLWATER, Minn., Feb. 16.—Arrangements are being made for the reorganization of the Joseph Wolf Company baseball team for coming season. The players having the matter in charge say that the team will be about the same as last year, but will include Joe Deiler, of St. Paul, will continue to do the pitching, in view of the excellent work he did last season.

VICTORIA BOWLING TEAM ROLLS BIG SCORE

St. Paul League Club Continues to Show Up Cleveland Records.

Not satisfied with the showing up that Harry Clayton furnished the high individual score made at the Cleveland tournament, the members of the Victoria team cut loose with the manager of the Court alleys last night and made the Cleveland five-man team high total look like the result of a dub game.

The Victoria rolled a 213 exhibition game with the Pringers, of the "Beer" league, on the Court alleys last night, and though the North Star players rolled ahead of their average form the St. Paul league team took part in its own way. The Victorias rolled a total of 2,906, their highest total of the season, and one that came close to the record high total rolled by the Aces this winter.

In the second game of the three set Bell, rolling 195, rolled the lowest Victoria score of the game and Clayton furnished the top figure with 204. In this game the Victorias toted with one of the one thousand mark. Featherington was the evening star for the Victorias, rolling the high average, 210 3-5. He also piled up high score, 257. The results follow:

GEAR TO HAVE SAME PLAYERS THIS YEAR

Mike Grady Will Be the Only Man Out of Blues' 1904 Lineup.

KANSAS CITY, Kan., Feb. 16.—From present indications it appears as if Mike Grady will be the only member of last year's Blues who will not be here next season. The acquisition of Ryan and Murphy from St. Louis will strengthen the local team considerably. Franz will play first, Nance is to play second again, Leewe will be at short, Ryan will be played at third, and the outfield will be taken care of by Rothfus, Smith, Gear and Knoll. Butler will be the mainstay behind the bat and will be helped by Schrant, of the Missouri league, while Gibson, Alloway, Durham and Kelly will do the twirling.

CASSIBOINE IS OUT

The Wisconsin Athletic Council Turns Professional Down.

MADISON, Wis., Feb. 16.—At a special meeting of the athletic council the action of the athletic board in electing Howard Cassiboine, of Madison, as coach of the baseball team for the coming season was not approved. The athletic board will elect another man to the position.

There are a number of candidates in the field, among them Erickson, Ware and Roach, who are all students in the university. Ware and Erickson have been members of Wisconsin baseball teams in the past, while Roach coached the University of Michigan nine last year.

The election of Gordon Lewis as captain of the baseball team of Edward J. Vanderboon as football captain were both approved.

MISSOURI SENATOR IN SERIOUS TROUBLE

Is Charged With Handling Fund to Promote Pool Room Enterprise.

ST. LOUIS, Mo., Feb. 16.—Two members of the Madison county, Illinois, grand jury, which has been in session at Edwardsville, Ill., late today swore out warrants against Senator David Nelson, a member of the Missouri legislature, and Victor Shuler. Nelson is charged with being a pool shifter. Shuler is charged with being the custodian of funds used in furtherance of a pool room enterprise.

The action is the culmination of a long warfare against the operation of pool rooms in Madison, across the river from St. Louis.

MILWAUKEE WORKING HARD TO SECURE ST. PAUL SHORTSTOP.

Both the National and American League Clubs Look Strong.

MILWAUKEE, Wis., Feb. 16.—President Havenor, of the Milwaukee Baseball club, spent part of the day in Chicago yesterday afternoon conferring with Manager Cantillon. He returned last night but declined to say what he had accomplished on his trip. It is believed that his visit to Chicago was in connection with a plan to secure Herman Schaefer, the infielder who was traded to Indianapolis by St. Paul, but who refuses to play anywhere in the American association except in Milwaukee or St. Paul.

Schaefer signed a provisional contract with Seattle before the outlaws agreed to come into the fold. This was the only offer that he was permitted to play in St. Paul or Milwaukee he would be released by Seattle. Last Friday Schaefer received a contract from Rauschaupt, of the Indianapolis club, calling for a salary of \$200 per month. As he got \$360 a month from St. Paul last year he returned the paper to St. Paul and declined to sign it. It is now a question whether Rauschaupt will be willing to sell him to Milwaukee, and it is not unlikely that this was what President Havenor went to Chicago for yesterday.

BAIT TEAM FOR SALE

Johnson Has Not Yet Unloaded Washington Club.

CHICAGO, Ill., Feb. 16.—Attorney Lambert, of the Washington American League club, left for home without having closed up the deal for the Senatorial franchise. Mr. Lambert said before he left that the deal would probably go through, and it looked as if Hannapoff and Wadsworth would be the purchasers.

President Johnson may leave for Washington tomorrow.

Charles Comiskey and Tom Loftus were together during the day. Loftus said, by way of diversion, that he was willing to sell his interests in the Washington club. He predicted that the club would be a big money maker if the old national league grounds could be secured.

HANLON IS MATCHED WITH GEORGE DECKER

California Featherweight Signs to Box in Philadelphia March 1.

PHILADELPHIA, Pa., Feb. 16.—Eddie Hanlon, the California featherweight boxer, was matched today to meet George Decker before the National Athletic club on March 1. Decker is considered the best featherweight of Philadelphia. Harry Pacific coast, who came east with Hanlon, was also matched today. He will meet George Cale before the National Athletic club on Saturday night.

HIGH SCHOOL TEAMS WOULD HIRE COACHES

Students Reject School Board's Rule Providing Faculty Athletic Directors.

The Northwestern Interscholastic Athletic association held an important meeting at the Central high school yesterday afternoon. Vice President Gaskell, of the Mechanic Arts, presided. It was voted to make two changes in the constitution, one of which was very important. This was in regard to football coaches. According to the new constitution which was drawn up by the school boards of the two cities and adopted at the last meeting of the Northwestern, no high school football team can have as a coach a man who is not a teacher in that school. It has been the custom of a majority of the teams of the Twin Cities to have professional coaches and the athletic associations of these schools instructed their delegates to vote for an amendment allowing coaches as heretofore.

The amendment was passed unanimously yesterday, but will have to be approved by the two boards of education before it can go into effect. The other amendment changed the date of the election of officers from the last Friday in February to the second Thursday in January.

The other important business before the association was the discussion of the annual indoor meet which is to be held in the university armory during February or March. All the St. Paul and Stillwater delegates were opposed to it on the ground that athletes from those cities had no place to train for such a meet. In former years they have used the St. Paul armory, but that was torn down last year, while the Minneapolis boys have the use of the Minneapolis Y. M. C. A. and the university armory. The St. Paul Y. M. C. A. "gym" is too small for the practice. Some of the Minneapolis boys claimed that it would establish a bad precedent if the "indoor" was cut out, but the motion was finally carried by a vote of 10 to 5.
