RAILROAD NEWS

HEAVY RAINS DO INJURY TO CROPS

Too Much Moisture Retards Growth of Vegetation -- Warm -

er Weather Wanted

The excessive rains throughout the Northwest during the past week have to some extent retarded the growth of grain. The weekly report of the Northern Pacific shows that the condition of vegetation in Minnesota and North Dakota is not quite as encouraging as a week ago, although the prospects for a big crop are still bright.

Corn has suffered the most from the cool Corn has suffered the most from the cool weather and moisture, and this crop is very backward. Wheat and barley have also been injured, but to a small extent. The report says that wheat is heading out and in many localities is from fourteen to sixteen inches high. Hay cutting is well advanced in all sections of the Northwest and the crop is a large one. The rains have hindered the growth of potatoes to some extent, but the damage will not be great. Warm, clear weather is now needed.

The Report in Detail

The Northern Pacific's report in detail

The Report in Detail

The Northern Pacific's report in detail is as follows:

St. Paul & Duluth Division—Cool weather and heavy rains during the week have been unfavorable for corn, which is very backward. Potatoes have made good progress, except in the vicinity of Pine City, where they have suffered from excessive rains. All small grains look well and a large hay crop is expected. Warmer weather is needed.

St. Paul Division, East of Staples—Several good rains since the last report have advanced crops considerably. All small grains look well. Rye is filling out and oats is coming to a head. Corn is about six inches high, but the weather is too cool for rapid growth.

Little Falls & Dakota Division—Continued favorable conditions exist on this branch, and crops are progressing favorably. Rye is all headed and is turning in color. Wheat and oats look well. Corn has improved, but from present indications will be a small crop.

Minnesota Division, Staples to Moorhead—There was good growing weather during the past week for all crops. Wheat is heading out in good shape and has long head and good growth of straw. Other grains are looking well, with the exception of corn. Hail was reported in the vicinity of Winnipeg Junction.

Fergus Falls & Black Hills Branch—East of Breckenridge the weather has been favorable and crops have made rapid progress. Wheat and oats are ten to twelve inches high, very thick and of good color. Flax and barley also look well. Corn is rather backward on account of the cool weather. Hay cutting has commenced, and the yield will be heavy. West of Breckenridge very heavy rains have fallen flooding out some fields and leaving low lands standing with water. The extent of the damage cannot yet be stated, but probably will be slight. Crops on high lands are in fine condition.

Rains Do Injury

Rains Do Injury

Red River Branch—Cool weather and heavy rains have prevailed and crops have not made much advancement since the last report, especially on the low lands. Warm weather is now needed.

Dakota Division—As far west as Tower Sity reports complain of too much rain and grain is making poor progress. Warm weather is needed. West of Tower City all reports are quite favorable. Wheat is twelve to fourteen inches high and in some localities commencing to head out. Other grains are doing well, although it is a trifle cool for flax.

Fargo & Southwestern Branch—Continued favorable weather has left all small grains in good condition. Grain is commencing to head in some localities and has very thick stand. The weather has been cool and corn is a little backward. Bright, warm weather would be beneficial to all crops.

Casselton Extension—Several good rains

promising appearance.

Cooperstown Branch—Good growing weather has prevailed and crops have made marked advancement since the last report. There has been an abundance of rain and warm weather is now needed.

Jamestown & Northern Branch—Conditions on this branch remain favorable. Wheat and oats are twelve to sixteen inches high, and have thick stand and good color. Rye is all headed out and looks fine. Early sown flax is now in bloom. Hay cutting has commenced and the yield is heavy.

MILWAUKEE ISSUES **BOOK ON LAKE LORE**

Handsome Publication Tells of the Beauties of Minnesota's Resorts

A book of "Lake Lore" has been issued by the passenger department of the Mil-waukee, and the publication is one of the handsomest ever compiled by that rail-

handsomest ever compiled by that railway.

"Lake Lore" is a descriptive story of the numerous vacation resorts on the lines of the Milwaukee, and of course Minnesota points are among the most prominently mentioned. A history of every place of interest in the Northwest reached by the Milwaukee system is given, and the story is told interestingly. Suggestions as to where to fish and hunt are numerous and the many amusements at the various resorts are chronicled in a readable style.

The booklet contains eighty-seven pages. It is printed on a fine quality of paper and is artistically bound. On the cover is a picture of a typical lake scene. The book contains seventy-five half-tone illustrations of points on the line of the Milwaukee. Pictures of scenes at Fort Snelling, Red Wing, Lake Pepin, the upper Mississippi and numerous other places about St. Paul and Minneapolis are given. Besides, there are maps and time tables showing how the various resorts may be reached.

But a limited number of the books have been printed, Northwestern Passenger Agent Dixon receiving only 200 for dis-tribution. It is said that the "Lake Lore" booklet is one of the most expensive pub-lications ever issued by a railroad com-

CHEAP RATES CREATE **BIG PASSENGER TRAVEL**

Tuesday.

The two holidays coming together greatly stimulated travel. At the Milwaukee office seven clerks were employed yesterday handling tickets, and it was necessary to keep the city office open until after 6 o'clock, so great was the crowd. Three traveling passenger agents were called in from the road to assist the regular ticket clerks.

All the other lines did a tremendous business. The Great Northern and Northern Pacific trains were overcrowded last night, while the Omaha was obliged to add extra equipment to its regular to add extra equipment to its regular trains. Besides hundreds of people went out to the lakes on the Soo line and Wis-

consin Central.

Passenger officials says that the travel this year will eclipse the records of all former years. Tomorrow the Northern Pacific will add six extra trains to its White Bear service.

RAILROAD NOTES

The proposition of the Rock Island that the \$1 charged for the execution of stopovers at Kansas City on St. Louis exposition tickets be abolished having been negatived by the Western Passenger association, that company yesterday took independent action in abolishing the fee.

This will force all other roads to fall in line. The roads centering in St. Louis still are charging the \$1 fee.

Announcement is made that the semi-annual interest on the Mexican Central's \$65,678,000 consolidated mortgage four per cent bonds has been paid. This will pre-yent a reorganization of the property by interests opposing the present manage-ment for six months at least. Nearly 1,500 employs of the Pullman company have been laid off at the Pull-man car shops. All trades are affected. Officials of the company assert that it is necessary to cut down expenses and that the orders on hand do not require so large a force.

To the accompaniment of cheering thousands and the tremendous din of factory and steamboat whistles, the first passenger train on the Wabash railroad, Pittsburg's sixth great trunk line, pulled out for St. Louis at 4 o'clock yesterday afternoon.

Omaha has passed an anti-scalping or-dinance similar to the one now in force at Kansas City. In consequence stop-overs on world's fair tickets at Omaha will be granted by the western roads. Reider D. Rovig, traveling passenger agent for the Milwaukee in charge of the North Dakota territory, was in St. Paul yesterday. Mr. Rovig says crop conditions in the Northwest are very encouraging.

Not so Sure That Watson Will Be Populist Candidate

mencing to head in some localities and has very thick stand. The weather has been cool and corn is a little backward. Bright, warm weather would be beneficial to all crops.

Casselton Extension—Several good rains have fallen during the week, being especially beneficial to late sown grain. Crops are well advanced and present a promising appearance.

Cooperstown Branch—Good growing are spoken of as candidates are Daniel W. Williams, of Vincennes, Ind., who was indorsed by the Allied People's was indorsed by the Affied People's party, or midroad faction, in the Indiana state convention, and S. H. Pierson, of Parkersburg, W. Va., who was indorsed by the same faction of the party in the West Virginia state convention.

Among those mentioned in connec-Anong those mentioned in connection with the nomination for vice president are L. H. Weller, of Nashua, Iowa, indorsed by the midroad faction of that state, the fusion wing having been assimilated by the Democratic party, and George Fred Williams, of Massachusetts. The convention will virtually have

The convention will virtually have two presiding officers when called together at noon Monday. J. A. Edmondston, of Nebraska, will call the fusion branch of the convention to order if he is present, which is doubtful. In case he is not, Joe A. Parker, of Louisville, Ky., chairman of the national committee of the Allied People's party, or midroaders, will be presiding officer. Parker will be on the platform in either event. The first day's session, after effecting temporary organization and the appointment of committees, will evolve itself into a Fourth of July celebration, with ex-Senator of July celebration, with ex-Senator Allen, of Nebraska, and Rev. J. A. Nelson principal speakers.

Detective Convicted of Murder CHICAGO, July 2.—Former Detective Daniel Kipley, nephew of Joseph Kip-ley, the late chief of the Chicago police department, was today found guilty by a jury of having murdered Joseph J Hopkins in the room of a woman known as "Diamond Lil" Arlington. Hepkins was accused of having been a notorious criminal. Kipley alleged self-defense. The verdict carries with it imprisonment in the manufacture of the self-defense. ment in the penitentiary for an indefi-

Clouds Hold Variable Stars

tribution. It is said that the "Lake Lore" booklet is one of the most expensive publications ever issued by a railroad company.

When in doubt as to how your money should be invested, read "The Globe's Paying Wants."

CAMBRIDGE, Mass., July 2. — The researches now being carried on upon photographs of the two Magellanic clouds have resulted, the Harvard observatory announces, in the discovery of more than 100 variable stars in the so-called large clouds.

HUBBARD REGARDS

Killing of His Brother-in-Law Is Involved in Much Mystery

Special to The Globe
HURON, S. D., July 2.—H. L. Hubbard, who shot and almost instantly killed his brother-in-law, W. G. Cakebread, was taken before Justice H. A. Van Dalsem for preliminary examination today. The state was represented by Prosecuting Attorney Charles A. Kelley, but the defendant deemed it not necessary at this time to employ an attorney to defend him, waived examination and was committed to jail to await the September term of the circuit court.

SPRINGFIELD, Ill., July 2.—Former Congressman Thomas A. Watson, of Georgia, who was Bryan's running mate on the People's party ticket in 1896, will apparently not have the presidential nomination by the national convenion of the People's party, which convenes in this city next Monday, offered him as a gift. There are prospects of a lively contest for first place on the ticket.

At the coroner's inquest nothing developed that would warrant the killing, although it was positively shown that the two men frequently quarreled. The testimony of the wife of the dead man as well as that of the 15-year-old girl and 9-year-old boy, was seemingly in sympathy with Hubbard, and was to the effect that both men were in a desperate rage at the time of the shooting, and in their opinion Cakebread would have killed Hubbard if he could have procured a gun which he started to the house to the circuit court.

him the county must provide one for him. He talks freely of the affair, but expresses no regret for his deed. Mrs. Cakebread, wife of the murdered man, is left with very little means with which to support herself and eight young children. She and the wife of Hubbard were sisters, Mrs. Hubbard dying some years ago. For three years or more Hubbard and Cakebread farmed on shares, and although all things did not move along smoothly they were quite successful farmers. him the county must prov

MAIL CLERK AND TWO TRAMPS ARE KILLED

Henry Dennison, of Minneapolis, Loses Life in Collision on the Soo

TONY, Wis., July 2.—Henry A. Dennison, mail clerk, of Minneapolis, and two unknown tramps were killed in a collision between passenger train No. 7 on the Soo road and a work train east of Tony early this morning. The tramps were stealing a ride on the tender back of the engine.

The work train was working between Tony and Ladysmith and a man had been stationed at Tony to flag the passenger. Trainmen on the passenger declare that he gave no signal, but he says that his signal was disregarded.

Those injured were Engineer Doolittle, of the passenger, right foot cut off; Fireman Hanson, of the passenger, leg and arm fractured; J. F. Stiffins, leg and shoulder injured, and P. Lindbloom, back and head hurt.

Red Wing Man Celebrates With Eighteen Sticks of Dynamite

Special to The Globe
RED WING, Minn., July 2.—Silver
Westcott, a well driller, was arrested today with eighteen sticks of dynamite and
a heavy load on board. He was flourishing his sudden death on the corner of
the principal streets and everybody gave
him all the room he wanted.

Garrison School at Snelling
Clobe Special Washington Service
1417 G Street.
WASHINGTON, D. C., July 2.—An order has been prepared by the general staff of the army which will permit ten militia officers to attend the garrison school for officers at Fort Snelling under regulations recently promulgated. Eight militia officers will be allowed to attend the school at Fort Meade, S. D., and four at Fort Harrison, Mont. -Walter E. Clark.

Strike Occurs at Yates Mine

Special to The Globe

TWO HARBORS, Minn., July 2.—The miners and trammers employed at the Yates mine near the village of Buhl made demands for an increase of pay from \$1.75 to \$2 a day, and quit work because of the refusal of the request. The strike was inaugurated by the trammers and the miners went out in sympathy. There is no demonstration and trouble is not looked for. It is believed that the strike will cause the closing down of the mine until the latter part of next month. The Yates mine is controlled by the Ore Consumers company (M. A. Hanna & Co., Cleveland, Ohio). MAY HAVE TO REMODEL

Engineers in North Dakota Discover Pos sible Trouble With Canadians

IRRIGATION PLAN

Special to The Globe
GRAND FORKS, N. D., July 2.—The engineers who are investigating the irrigation problem in the western part of this state are finding out some things which perplex them. One of these is that the fall of the Des Lacs is only about one foot per mile. The fall of the stream has been supposed to be much greater. The irrigation plans contemplate a dam at the lake, and this would need to be forty feet high. Trouble might be expected from the Canadians, as the waters would be dammed back onto their territory. The chances are that in view of the slight fall of the river the irrigation plans for that section of the state will have to be remodeled.

ROBBERS KILL A POLICE SERGEANT

They Were Holding Up Gambling Resor and Now Posses Are Hunting Them

testimony of the wife of the dead man as well as that of the 15-year-old girl and 9-year-old boy, was seemingly in sympathy with Hubbard, and was to the effect that both men were in a desperate rage at the time of the shooting, and in their opinion Cakebread would have killed Hubbard if he could have procured a gun which he started to the house to get.

There is a mystery surrounding the affair that the courts may be able to solve. Hubbard is seemingly indifferent, saying that if an attorney is necessary to clear him the county must provide one for him.

BHLINGS, Mont., July 2.—Sergeant of Police Robert 3. Hanna was instantly killed by two holdup men today while he was attempting to capture them. Sheriff George Hubbard was shot through the hand. The shooting followed the holdup of a saloon and gambling resort, when about twelve men were compelled to throw up their hands. The robbers took all of the cash in sight on the tables amounting to about \$2,000. A gambler in the rear of the saloon, hearing the command of the robbers, slipped out through a rear door and notified the police. One of the robbers accomplices was captured. Posses are in pursuit of the two escaped robbers.

RUNAWAY KILLS WOMAN

MADISON, Wis., July 2.—In a runaway on University drive Mrs. Josiah Jackson, of Pittsfield, Mass., mother of Prof. D. C. Jackson, head of the department of electrical engineering, has been killed. Prof. Jackson had an arm broken, as did also his wife, and Mrs. Erastus Milo, widow of the former president of Fiske university, who was visiting them, was badly hurt. Prof. Jackson is subject to heart trouble and fainted while driving, causing the team to run away. The carriage struck a tree.

Paul, will contest with the Clippere, of Minneapolis, for the amateur champion-ship of the state. SENATOR BURTON IS **GRANTED AN APPEAL**

> National Supreme Court Will Deal With Accusation of Bribery

ST. LOUIS, Mo., July 2.—Judge Elmer B. Adams, of the United States district court, today granted United States Senator Joseph R. Burton, of Kansas, convicted of accepting money from a compact under the states. Kansas, convicted of accepting money from a company under investigation by the postoffice department, an appeal to the United States supreme court. The ground upon which this appeal was granted is that the defendant is accused of an infamous offense and the supreme court is the only tribunal having sole jurisdiction.

The defendant urges that the checks, amounting to \$2,000, were cashed at Washington, and that if any offense was committed, it was done at Washington and not at St. Louis OMAHA. Neb., July 2.—The petition of Thomas Dennison for a writ of habeas corpus to prevent his extradition to Iowa on papers issued by Gov. Mickey, was today denied by Judges Day. Troup and Redick in the district court. The governor's extradition was issued on requisition of Gov. Cummins, of Iowa, on a warrant charging Dennison with complicity in the robbery of Jeweier Poliock, of New York, of \$18,000 worth of diamonds on a train near Missouri Valley, Iowa, in December, 1892.

NEATLY EXECUTES A RAID ON GAMBLERS

Special to The Globe
AUSTIN, Minn., July 2.—After three years retirement from business on account of poor health H. C. Basford resumes control and management of the Austin Daily and Weekly Register. During these three years it has been leased to and managed by S. Swemmingson, state senator and postmaster. Mr. Basford will be assisted by his son Harry, who at present is press agent at the world's fair, St. Louis. York Police Choke Doorkeeper and Get His Keys and Use Them

NEW YORK, July 2.—After choking the doorkeeper into submission and taking his keys, a police captain and three detectives have accomplished an unusual raid on a gambling house in West Thirty-fourth street. Three attendants and four places were captured. The house had been under police guard several weeks. Finally the captain moved his guard from view and the proprietors were reassured.

Taking three trusted men, the captain rang the basement door bell and was answered by a negro doorman. He was seized and throttled, while a gag was slipped into his mouth and handcuffs snapped over his wrists. Then, with keys taken from the prisoner's pockets, the police carefully opened three steel doors and made their way to the upper floors.

So quietly had the work been done that the raiders stood in the darkened hall several minutes and watched the games in operation. Then the officers steeped into Special to The Globe

Both Phones 694. WASHINGTON, July 2.—The navy department has purchased over 276 acres of land adjoining the Norfolk navy yard at a price of \$400,000. This purchase is part of an improvement to be made on an extensive scale there, which is expected by naval officials to make the Norfolk navy yard the largest in the world.
