GIRLS HAVE FORTUNE

Father Dies Without Finding
Missing Daughter

CHICAGO, July 4.—A romance regarding an estate left by Morris Fabian, of San Francisco, has been brought to light in Chicago. The estate and other legacies are bequeathed to Fabian's three daughters, who, when infants, were adopted in Kansas City by different families. One of the daughters died; the second is supposed to be in Chicago; the third is said to be here from Newark, N. J., looking for the missing sister. Fabian, after his wife's death in Kansas City fifteen years ago, was in straitened circumstances. Later fortune smiled upon him in San Francisco, where he is reported to have died suddenly before finding his missing daughter. Her name is Sadie, and she would now be about seventeen years of age. Her surviving sister, Rebecca, is said to be comfortably provided for by relatives in Newark, N. J.

BEEES SUSPEND A
DES MOINES BALL GAME

Twenty of the Thousand People on the Grand Stand Are Stung
Special to The Globe
DES MOINES, Iowa, July 4.—A panic was created at the Western league baseball game between Des Moines and St. Joe here by a swarm of bees which settled in the center of the grand stand filled with 1,000 people. The bees, following their leader, stung all in their path. Some twenty suffered as a result of their wrath. Three women fainted and a number were bruised in the rush for the gates. The game was temporarily suspended while a daring youth lived the swarm, which he later sold for \$10.

Ayer's

You have doubtless heard a great deal about Ayer's Sarsaparilla—how it makes the blood pure and rich, tones up the nervous system, clears the skin, reddens the cheeks, and puts flesh on the bones. Remember, "Ayer's" is the kind you want—the kind the doctors prescribe. Ayer's Pills are a great aid to Ayer's Sarsaparilla. These pills are liver pills, safe for the parents, and just as safe for the child. Purely vegetable. 25 cents. AYER CO., Lowell, Mass.

A LETTER TO OUR READERS

53 Cottage St., Melrose, Mass.
Dear Sir: Jan. 11th, 1904.
Ever since I was in the army I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote, asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.
I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water of the day and he pronounced it all right and in splendid condition.
I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am,
Very truly yours,
I. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail; also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Esther Friedman Dies of Injuries Received While Celebrating Fourth

THE DEAD
FRIEDMAN, ESTHER, twelve years old, 558 Eighth avenue north; hand lacerated by toy pistol and lockjaw resulted; died at the Swedish hospital yesterday afternoon.

THE INJURED
Hoover, Fred, twelve years old, 2651 Emerson avenue north; explosion of battery cane shattered both legs badly; confined to his home; not serious.
Johnson, Ralph, fourteen years old, 3137 Sixteenth avenue south; shot in palm of hand by nail from toy cannon; treated at home; wound not serious.
Johnson, Willie, fourteen years old, 265 Twenty-first avenue south; accidentally shot in back by friend; not serious.
Cohn, Bennie, eleven years old, 415 Fifteenth avenue south; injured by toy cannon; not serious.
Blixt, Willie, eleven years old, 216 Fourth street north; burned by cannon cracker; not serious.

The casualty list in Minneapolis for the Fourth was much lighter this year than it has been for many seasons past and the only death resulting from the usual celebration was that of little Esther Friedman, who died of lockjaw. Most of the other cases were far from being serious and most of them were quickly attended by physicians.
Ralph Johnson, 3137 Sixteenth avenue south, probably sustained the most painful injury with the exception of Esther Friedman. He had a large nail blown through the palm of his hand by the accidental discharge of a toy cannon. The cannon had been left in Johnson's yard by a neighboring boy, and Ralph was investigating the different parts of the gun, and in trying to pick out a load from the muzzle with a nail he collided with the powder and the explosion which followed drove the nail through his hand. Although the wound was very painful, the boy insisted on finishing the balance of the day in celebrating after it had been dressed.
The "harmless" repeating cane resulted in the downfall of Fred Hoover at 2651 Emerson avenue north yesterday. The child is confined to his bed with a pair of badly shattered legs. The accident occurred while Fred was sitting in front of the Nicollet hotel in the morning with his parents and a five-year-old sister. They were waiting for the Gentry parade, and as things did not move fast enough, Fred proceeded to load his cane to its fullest capacity. He drew the heavy end on the sidewalk and the explosion which followed tore a jagged hole in his left leg below the knee, and another just above the ankle. He also received a ragged tear across the instep of his right foot. The mother's arm was torn in three different places, and a piece of the flying metal barely missed the little sister's head, striking the mother in the arm with which she was supporting the child. They were taken to their home.
Willie Johnson, a nine-year-old boy, was shot in the back yesterday afternoon by George Schuttler, a boy two years his senior, living at 270 Twenty-first avenue south. He happened on Johnson as soon as he left the house and opened a broadside. The little fellow retreated toward the house, and just as he reached the porch he uttered a cry of pain, and the members of the family who ran to the scene found that Schuttler's revolver had one loaded cartridge in it, and that one had taken effect in Johnson's right shoulder. The other accidents were not at all serious.

WRECK IS MALICIOUS

North Dakota Democratic Delegate Killed in Illinois

LITCHFIELD, Ill., July 4.—Litchfield has been converted into a hospital and all day relatives and friends have sought to relieve the sufferings of the injured in the wreck of the Wabash flyer from Chicago in which, according to unofficial reports, nineteen persons were killed and over fifty injured. It is expected that the inquest which began today will last several days. In connection with the inquest the state authorities are conducting a rigid investigation into the cause of the accident. Many persons believe the wreck was the work of vandals, as the open switch which caused the passenger train to collide with the stationary cars had not, according to the Wabash agent at Litchfield, been used for twelve hours.
Among the injured are Mr. and Mrs. B. F. Tenney, of Ada, Minn. Mr. Tenney suffered sprains and injured bones and Mrs. Tenney is hurt internally.
PARK RIVER, N. D., July 4.—Jacob Birder, who was among the killed in the accident on the Wabash in Illinois, was the leading citizen of Park River. He was a delegate to the national Democratic convention and was on his way to the St. Louis convention. He was a president of the Bank of Park River and left a wife and two sons.

STILLWATER

The convicts at the prison had a gala time yesterday, and perhaps at no institution in the state was the Fourth of July more thoroughly enjoyed than at the prison, where Warden Wolfer provided an entertainment for his wards that will long linger in the memories. So as not to curtail the time that is usually spent in the prison yard on holidays, the chapel exercises began at 7 o'clock in the morning and the principal attraction was the family "My Friend from Arkansas." Specialties occurred between the acts, among them vocal selections by the prison quartette and a trombone solo by Mr. Hewitt. At 9 o'clock the prison band formed in line in front of the cell room door leading to the yard and the convicts fell in and marched to the park, where they enjoyed themselves in various ways until the whistle sounded for dinner. Some of the convicts engaged in foot racing, others played catch and still others had their fun meeting and conversing with old friends. The band played during the forenoon and numbers were rendered by the prison quartette. At noon the men marched to the dining rooms in the cell house, where they partook of an excellent dinner, consisting of radishes, lettuce, roast veal with dressing, mashed potatoes, green peas, bread, cake, cheese, pie and lemonade. In the afternoon the letter writing privilege was extended.

UPTON'S CONDITION SERIOUS

George L. Upton, one of the men severely injured in the explosion of Llewellyn Christian's gasoline launch at Lake Minnetonka Thursday evening, and physicians in attendance do not express as much confidence in his recovery as they did the later part of last week. One of his arms was very severely burned and it is this that is causing all the trouble at the present time.
Mrs. Upton, the only member of the wrecked party to die, will be buried tomorrow. The funeral will take place from the residence of her father at 428 Eighth street south at 3:30 o'clock.
