DOCTORS DISAGREE

There is a painful difference of opinion among Republican authorities on the fiscal situation and the present condition of the treasury.

We turn now to a statement recently made by Secretary Leslie M. Shaw in an interview with the special correspondent of The Globe.

We find President Roosevelt stating that there is a surplus of \$9,000,000 for the fiscal year just closed.

Truth crushed to earth shall rise again. We are inclined to think that Fort Arthur is something like truth.

MATTER FOR CONGRATULATION

As far as the workmen employed at South St. Paul are concerned, the packing house strike is virtually over.

There isn't any doubt at all about what is going to happen in the future. Secretary Shaw says that he still thinks the deficit of \$23,000,000 prophesied for the year ending next June would be correct if congress had made no more liberal appropriations than it did before.

By no means the least interesting feature in this interview with Secretary Shaw is his comparison of the Wilson tariff and the Dingley act.

The Dingley tariff is exactly as he says, a tariff for prosperity. It is a tariff such as a country can stand only when it is prosperous.

A country tremendously prosperous by reason of good crops and expanding commerce can prosper even under a Dingley tariff.

Bogolepoff, Siplaguine, Obolenski, Bobrikoff and Viatscheschaff Constantinovitch von Plehve have been destroyed within the last four years.

A SIGN OF THE TIMES

The refusal of Mr. Root to stand as candidate for governor of New York is the leading political event of the times.

Former Secretary Root was slated for the governorship of New York many months ago.

ONE RULE FOR BOTH

The St. Paul Dispatch says: "The Globe thinks that the notification ceremonial at Oyster Bay was an empty one, filled with platitudes and in bad taste."

The Globe's opinion was expressed with reference to all such ceremonials, and not those of any party or any candidate.

We do not know, but we think it possible that Judge Parker will follow precedent when the party committee waits on him.

A LAW OF TAXATION

It is a law as old as taxation itself that whenever you make the burdens of the taxpayer too heavy you reduce revenue.

TODAY'S WEATHER

WASHINGTON, D. C., July 29.—Forecast: Minnesota—Showers and thunder storms; warmer in the northeast portion.

PERSONAL MENTION

Windsor—C. E. Winks, Winnipeg; Cora McCullum, St. Paul; Mrs. M. Stull, St. Paul.

Among the Merrymakers

The Noble Red Man Today "Yes," said the portly and consequential gentleman in the observation car.

What the Editors Say

We think that the minds of the people are already made up. But that is not the reason for the contentment.

High Treason Nothing in Mr. Cleveland's summons to his party to rally about Parker will give more offense to certain Republicans than his intimation that an overruling Providence is preparing the way for Democratic success.

Roosevelt Wants Root The prospect of a high-class Democratic gubernatorial candidate, like Shepard or Home, or Goodyear, has alarmed President Roosevelt.

Must Show Real Article It ought not to be forgotten that Oscar Straus, the alleged bolter to Mr. Roosevelt, is a member of the Hague court by President Roosevelt's appointment.

Immeasurable The pleasing announcement from Delaware is that for Roosevelt candidates and purses Adickses will flow without a pause.

Knows He Ought to Do It That noticeable trembling of the earth is not, Roosevelt, testifying himself from taking a hand in the Russo-English imbroglio.

Eloquent Silence Wasted Poultey Bigelow would be quite improved in his new position if anybody was asking him anything.

Got What He Asked For Happy days for Secretary Shaw. The continuance of the law as Mr. Roberts urged, makes prices go up.

Only Mercury Could Beat It An American won the one-hundred-yard dash in London, but Dowle's record still stands.

Probably Only Napping Delayed in transmission. Persistent rumors are current that Admiral Togo is still dead.

Case When the ambulance surgeon had trephined the man's skull he saw, with the most gloom at the brain fever, that he was drunk.

Proof Positive "Don't you think you devote too much time to money considerations?"

In Ancient Days Samson was regretting that he had divulged the secret of his strength to Delilah.

Rough on the Hotel "Look here," demanded the irate hotel proprietor, "what did you say to that guest?"

Echoes From the Past Dionysius casually called Democles' attention to the sword suspended above his head by a single hair.

Something New "What's this peculiar instrument?" inquired the visitor.

Much Harder "It's a very sweet lullaby," said the musician's friend.

Human Nature "If wishes were horses, beggars would ride."

Reason Enough "For goodness' sake, Dorothy," exclaimed mamma, impatiently, "why do you talk so much?"

At St. Paul Theaters

A matinee today at 2:30 and the final performance tonight at 8:15 will end the seventh week's engagement of Miss Percy Harvey and the George Fawcett company at the Grand opera house.

For tomorrow night and up to and including Thursday, with a Wednesday matinee, "A Social Highwayman" will be the bill that the Fawcett company will offer at the Grand opera house.

What the Editors Say We think that the minds of the people are already made up. But that is not the reason for the contentment.

Has anyone thought how curiously the conditions of 1896 are going to be reversed in the present campaign of this year?

And, on March 4 next, Parker will be in the place now occupied by Roosevelt.

The leading editorial in most of the country newspapers reads about as follows: "This journal will change its campaign for political announcements this year."

The supreme bench of Minnesota is far from being out of politics. In the recent state convention those offices were simply given to the party.

Thomas Taggart, of Indiana, is the unanimously elected chairman of the national Democratic committee.

Down in the Indian territory the Choctaw and Chickasaw Indians are being hoodooed out of 332,000 acres of coal and asphalt land.

Parker's candidacy is an advance toward a return to the first principle of good government.

"The candidates for county offices are beginning to circulate," says the Wilkin County Gazette.

MOVING OF CROPS IS PREPARED FOR

TREASURY CONDITIONS FOR THIS PURPOSE ARE IN A FAVORABLE STATE

Globe Special Washington Service 1417 G Street WASHINGTON, D. C., July 29.—The usual preparations for supplying the increased amount of circulating currency that will be needed for moving the crops to the harvest fields to market have been begun by the treasury department.

The money conditions, so far as the crop movement is concerned, were never better," said United States Treasurer Roberts today.

The crop-moving season of 1903 passed without any serious money stringency, as was the case in 1902 and 1901.
