SCHOOL INSPECTORS GIVE UP THE FIGHT

Board Has Abandoned Hope of Securing New High Schools

Five of the seven members of the board of school inspectors say positively that they will not attempt to use any money now on hand or to be raised by budgets in the immediate future for the construction of high school buildings.

The same inspectors say that they are perfectly satisfied with the action of the assembly in amending the ordinance calling for a \$100,000 bond issue so that the money will only be available for the erection of grade school buildings.

The question was raised as to the possible course of the school inspectors in view of the action of the assembly amending the ordinance making it incumbent that the money raised from the bond issue should be spent on grade buildings.

A large majority of the inspectors say nothing of the kind will occur; that the \$72,500 raised by the 1904 budget for the erection of grade buildings will be spent for that purpose, and that the additional \$100,000 to be realized from the bonds will go to the same purpose.

High School Plans Abandoned The inspectors generally concede that the outcome of the proposed bond issue makes it an assured fact that the high schools will remain as they are, and that the board itself must decide upon a distribution of the pupils among the four high schools in such manner that they can be accommodated.

STOLEN CHILD IS RESCUED BY RUSE

International Kidnaping Untangled by Danish Representative by Subterfuge

CHICAGO, Aug. 5.—When William Jensen and his wife, who were arrested here several days ago, charged with kidnaping little Elsa Gedert, two years ago in Denmark, were taken before United States Commissioner Foot today the case was continued by agreement of attorneys until tomorrow.

On their arrival in New York the child will be sent to the home of her parents at Fredonia, Denmark. The child was greatly attached to Jensen and his wife, and it was only by a subterfuge that she was separated from them.

With the Jensens out of the way little Elsa, who all along has refused to leave Mrs. Jensen without her foster mother's consent, was handed over to the Danish authorities. Attorney Robert J. Frank, in his capacity as counsel for the Danish authorities, tonight stated that he adopted this method of securing possession of the little girl because he deemed it the best one to pursue.

LITTLE GIRLS WADE TO DEATH IN RIVER

Father, Daughter and Six Young Friends Walk Hand in Hand to Doom

ALTON, Ill., Aug. 5.—While bathing in the Mississippi river tonight Michael Riley, his daughter, and six of the latter's little girl friends were drowned. One child, who was in the party, was rescued.

The dead: MICHAEL RILEY, thirty-two years old. ELIZABETH RILEY, eleven years old. ALLE SYNOR, fourteen years old. LUCY HATES, eight years old. BESSIE BRUM, fourteen years old. AYER BRUM, twelve years old. RUTH MARSHALL, twelve years old.

Riley lived near the river in the southern part of the city and was accustomed to bathe on the beach in front of his home after his return from work. Tonight his little daughter begged to go with him and Riley took her and seven of her little girl friends to the beach with him.

They had gone some distance from the shore when suddenly the whole party disappeared beneath the water, having in the darkness stepped from the sandbar into the deep channel. The children struggled and screamed, fighting desperately to reach the sandbar, where the water was only a foot or so deep. Riley, who is said to have been a good swimmer, is thought to have been made helpless by the girls clinging to him and hampering his efforts to save them.
