## POLICE SAY MAN FELL TO HIS DEATH

### Detectives Do Not Believe That Highwaymen Murdered Du Four

The Minneapolis police department is convinced that Joseph W. Du Four, of 2545 Sixteenth avenue south, fell to his death and was not murdered. According to a story printed in an evening paper, Du Four was seized by "murderous highwaymen" and his body thrown over the bluff at the foot of Twenty-second avenue south.

According to Detectives Morrissey and Stavlo, who have investigated the case, Du Four lost his bearings at a late hour Tuesday night, and from the corner of Twenty-fifth street and Twenty-second avenue south he proceeded along Twenty-second avenue until he reached the bluffs and then fell over a distance of some twenty-five feet.

Patrolman Bow says he saw the man about 10 o'clock, somewhat under the influence of liquor, but not drunk enough to warrant his arrest. Some time later Sergeant Nes Nelson, of the South side detail, saw him, and he, too, refrained from taking him.

It is believed by the police that instead of starting west along Twenty-fifth street, Du Four was dazed and walked north on Twenty-second avenue until he reached the bluff. His hat was found at the top of the precipice, apparently having been swept from his head by the brush.

He was discovered about 5 o'clock in the morning by a man who lives near by and he was summoned by Policeman Shaffer, whose home is only a few rods away and an investigation was made and Du Four was taken to his home.

Du Four had a bruise on his head and some of his ribs were fractured near the spinal column, but this is accounted for by the police by the fact that he fell down a rocky declivity.

In the pocket of his coat the police found a broken whisky bottle.

Du Four was forty-seven years of age and leaves a widow, daughter and four sons, the eldest twenty-one years of age. He died early yesterday morning.

## DAYLIGHT GUN PLAY

### Stranger in City Held Up by a "Detective"

John Ansgard, of Pasadena, Cal., came to Minneapolis Wednesday. He met two gentlemen who promised to show him the sights of the city.

They took him to the steps of the old Exposition building, where he viewed the Mississippi river and other permanent institutions. Then a little poker game was suggested and on the steps of the classic building they proceeded to gamble.

Detective with green goggles and a gun appeared on the scene and demanded that he turn over his money under threat of arrest.

"You made it gambling," said the "detective," "and you had better turn it over."

Ansgard did not want to go to the police station, so he walked across the bridge. The police are trying to find the "detective."

## FOREIGN WORKERS TO BE ENTERTAINED

### Eight Missionaries En Route to the Orient Will Visit Minneapolis

Eight missionaries and their wives, en route to the Orient, will be entertained at the First Baptist church on Sunday and Monday. There will be several meetings at the other Baptist churches and the missionaries will make addresses.

Randal T. Capen, a graduate of Harvard and the Student Free Church college of Glasgow, England, and a grandson of Dr. Barbour, former pastor of the Baptist church, and J. H. Griffin and wife are bound for China. Rev. C. L. Maxfield, Mrs. Maxfield and Henry Weston Munger, grandson of President Henry Weston, of Crozier college, and R. C. Thomas, Harvard, will find their field in the Philippines. Fred Merrifield, of the University of Chicago, and Rev. Harrington will begin their work in Japan. Miss Bertha Kudlin returns to Onega, India.

Mr. Patten insisted he was a wheat bull for the reason that wheat is certain to be worth more money this year than it was last and the traders might as well make up their minds to the fact. Wheat, he said, is bound to sell for higher prices than those which are prevailing at the present time.

## HEART FAILURE CLAIMS TRAIN MAN

### Frank Gregory, of Ohio, Stricken Upon Returning From Ride on the Lake

Frank Gregory, of Montpelier, Ohio, fell from a launch at Lake Minnetonka yesterday morning when the boat returned from the water he was dead.

Mr. Gregory came West a few days ago for the purpose of visiting his brother, W. D. Gregory, and his son, W. A. Gregory, of the Midland Elevator company, and was stopping at Lake Minnetonka.

Yesterday morning he took a ride in a launch and when the boat returned to the wharf he arose and attempted to step ashore.

He toppled and fell into about two feet of water, and although rescued at once, he was dead. It is believed he was stricken with heart failure.

## RECEIVER'S BILL IS OBJECTED TO

### Guaranty Loan Creditors Think Too Much Was Paid Attorneys

The contest for possession of the wreckage of the Northwestern Guaranty Loan company, the institution organized by L. F. Menage which exploded with a loud sound along in 1893, is still under way.

Yesterday Judge Elliott, for the full bench, began the hearing of the evidence presented by certain creditors against the allowance of the final account of Receiver W. E. Hale.

The creditors assert that the charges of the receiver and his attorney are exorbitant, and they assert that the largest part of the expensive litigation during the past ten years has been carried on in an attempt to enforce the liability of foreign stockholders, and such action was not within the province of the receiver.

It is claimed also that unnecessary legal help was engaged.

The final report of Receiver Hale is as follows:

Gross collections ..... \$113,496.53  
Disbursed for miscellaneous expenses ..... 29,853.11  
Disbursed for services of receiver and counsel ..... 23,509.85  
Disbursed for services receiver's attorney ..... 19,351.27  
Balance due same ..... 18,348.72  
Net balance ..... \$113,168.42

It is the purpose of the receiver to distribute the surplus of about \$13,000 among creditors whose claims aggregate \$3,314,178.70.

## "CADET" IS CAUGHT

### Grand Jury Finds Indictment Against Alleged Procurer

Louis Herschowitz was indicted yesterday on the charge of drugging a homeless girl and then attempting to sell her to a life of shame.

His plans, it is said, were frustrated by the keeper of a resort, Clara Larson, who laid a trap for him and when the young girl she is only sixteen—was taken to the house Sergeant Fred Johnson was in the locality and Herschowitz was taken to the central police station.

Yesterday the Larson woman, who had notified the police of the plan of the young man, appeared before the grand jury and told the story. The result was the voting of an indictment at once.

The girl was left an orphan some weeks ago and came to Minneapolis and secured employment in a restaurant. Herschowitz took his meals at the place, and Wednesday evening, it is said, he asked her to take a walk with him. She consented and after much persuasion and threats she was induced to take a few drinks. She realized nothing more until about 4 o'clock in the morning, when she found herself on the "street" in company with the man.

Half dazed though she was, she recognized her position was gone and she asked Herschowitz to secure her a place in a private family. He refused.

To her surprise she learned he had done so already, and taking her to the resort told her to enter and tell the proprietor that she was over eighteen years of age. It was then Sergeant Johnson gathered in the pioneer "cadet" of Minneapolis.

The Larson woman, who had informed the police of the arrangements which had been made for the ruin of the girl, was only too glad to appear against him. The girl is still suffering from the effects of the drug, but will be able to appear in court in a few days.

**Contract Is Awarded**  
The contract for the erection of the Trinity Baptist church, at Lincoln and Bryant avenue south, has been let to the H. N. Leighton company for \$40,000. The structure will be partially completed before snow falls.

**Gileons to Assemble**  
The fifth state convention of the Gileons, the Christian Traveling Men's association, will begin today at the First Baptist church and will continue over Sunday. The first public meeting will be held tomorrow morning.

**RED WING ENTHUSES OVER MR. JOHNSON**  
Continued From First Page

duct made him a host of friends. Many crowded to the platform at the close of the speaking to shake hands with him, prominent among them not a few lifelong Republicans, who never showed such interest in a Democratic candidate before. He has been besieged all day by requests for his presence in the town and villages of this Republican Gibraltar. Hardly a precinct but has sent the message that "if he could only spare us a few hours, just to meet the leading Republicans, they would vote for him in crowds."

Special to The Globe  
CANNON FALLS, Minn., Sept. 29.—Messrs. Johnson and Winston addressed an audience here this afternoon that crowded Van Campen's hall. Many farmers came to town in the midst of the busy season, some of them driving more than twenty miles, while the villagers turned out in masses. Leading Republicans in this vicinity are openly advocating the election of Johnson and Winston, and all through this rock ribbed Republican district there is a defection that will overwhelm the Republican ticket if the voters continue in their present minds.

**LAWYERS ACTUALLY FAVOR PEACE POLICY**  
Adopt Resolution Commending Friendship International Agreements

ST. LOUIS, Mo., Sept. 29.—In the universal congress of lawyers and jurists today an address was delivered by Vice Judge Gustav E. Fabricant, advocate of Stockholm, Sweden. He discussed the subject, "The Preferable Method of Regulating the Trial of Civil Action With Respect to Pleading and Evidence," presenting the civil law method of trial and its merits or demerits as compared with other methods. Discussion followed.

The following resolution, which the committee of nations has reported favorably, was adopted by the congress with unanimity and applause:

Resolved, That the universal congress of lawyers and jurists, sympathizing with all movements to bring about peace among nations by international friendly agreement, welcomes the announcement of the president of the United States that he proposes to call a new conference.

The congress voted down a resolution which the committee had reported unfavorably to follow their religious vocations in France and the probabilities are that several of them will come to Redlands. Arrangements have already been made for the departure of a number of these devout women from France to this state and although the date of their coming is not definitely known, it is expected that they will arrive in San Francisco before the close of the present year.

A letter has been received from Rome by the mother superior of the Ursuline sisters of this city informing her of this fact, and she will make arrangements for the reception and entertainment of several of the sisters who are members of that order. Other sisters will be cared for in other sections of the state, particularly at Santa Rosa and other northern towns, although a number are also expected in Los Angeles. As a rule the sisters will be sent to the convents in this state, where they will be among members of whatever order of their church they may be long to.

The sisters of Redlands are members of the Ursuline order. This order was founded by St. Angela Merici at Brescia in the year 1537, for the nursing of the sick and the teaching of young girls. The Ursulines took their name from St. Ursuline, whose protection they invoked. The order was introduced into Canada in 1639 and into the United States in 1727.

For many years the Catholic clergy and the members of Catholic orders have been under the ban of the French government and many of them have been driven from that country. The sisters who are coming to California are not forced to leave France, but they are not allowed to pursue their religious duties if they remain there.

## VESUVIUS PRESENTS MAGNIFICENT SPECTACLE FROM NAPLES AT NIGHT

NAPLES, Italy, Sept. 29.—Vesuvius presents a magnificent spectacle tonight. Its peak is enveloped in great masses of steam and smoke, which show in lurid tones. Occasional rumblings are heard, but it is evident that there is no considerable eruption of lava or stones.

During the day showers of ashes fell in many parts of Southern Italy, probably carried by the winds from Vesuvius.

The internal heat is still manifested by the continued disappearance of verdure from the slopes of the mountain. The more hardy of the plants on the slopes of the volcano, and who fled when the eruption started, returned to their homes today, but they are in flight again tonight.

## HENRY C. PAYNE IS ALARMINGLY ILL

### Postmaster General Shows Marked Symptoms of Heart Trouble

WASHINGTON, D. C., Sept. 29.—Postmaster General Henry C. Payne is seriously ill at his apartments at the Hotel Arlington. Marked symptoms of heart trouble have developed and his condition became so serious during the day as to cause grave concern.

Mr. Payne returned recently from a trip in the West and appeared to be much improved, though his health has been poor for a long time. He went to the White house to attend the meeting of the cabinet last Tuesday and that night was very restless. He was at his desk at the postoffice department during the forenoon yesterday, although feeling very badly, and did not return to the department after luncheon, remaining in his room. He became very ill last night and has been confined to his bed ever since.

Dr. G. Lloyd Magruder has been attending him, and Dr. Rixey, the surgeon general of the navy, also has been called in. Dr. Magruder late tonight gave out a statement which admitted the serious nature of Mr. Payne's condition, but said that the patient was resting easier tonight. His bulletin follows:

"The postmaster general has not been feeling well for several days. Recently decided symptoms of heart trouble have developed. These were very serious during the night and the early part of today. He is responding to the remedies employed and is resting easier."

While Mr. Payne is easier tonight, it is admitted that he is in a very weakened and serious condition.

**BROTHERHOOD OF ST. ANDREW AT WORK**  
Business Sessions Open and Mass Meeting Follows in the Evening

PHILADELPHIA, Pa., Sept. 29.—More than 2,000 members of the Brotherhood of St. Andrew, many of whom were from other countries, assembled today in Horticultural hall for the first business session of the nineteenth annual convention. The principal subjects considered were those contained in the reports of the national council and the treasurer and the discussion of brotherhood work and its extension.

Tonight a mass meeting was held in the Academy of Music, at which "Aggressive Church Work by Laymen" was the leading topic.

The convention opened with a "quiet hour" service in Holy Trinity church. The business session was called to order by Judge J. Harry Davis, of Philadelphia, first vice president of the national council. The first business was the announcement by Edgar G. Criswell, of Pittsburgh, secretary of the national council, of the committee. A resolution that the proposal to increase the membership of the national council be referred to the committee on nominations was adopted. The resolution also restricts the membership of the council to sixty-five.

**ARRESTS MAN AND WIFE AT THEIR OWN REQUEST**  
Patrolman Takes Them in on Their Promise to Plead Guilty

"We want to be arrested," said Lizbeth Smith and William Thomas to Patrolman Beable at Seventh and Robert streets last night. The man and woman, who are colored, were married eight months ago, but recently had some difficulties, and the woman thought they would be better off if they were separated.

Last night they had a quarrel and they appealed to the policeman. Beable said he could not straighten out their domestic affairs, and then the woman thought that the court might help her. Finally, both asked to be locked up, and Beable accommodated them when they promised to plead guilty to a charge of disorderly conduct.

**MONEY SHARKS ROB WINNEBAGO INDIANS**  
With Whisky, Sharpers Secure Notes Bearing 500 Per Cent Interest

WASHINGTON, D. C., Oct. 29.—The Winnebago Indians, the richest people per capita in the world, are being robbed right and left, according to charges filed at the Indian bureau by the Rev. Father Joseph Schell, Roman Catholic missionary to that tribe. The Indians receive from the government a large income from the sale of their lands, and Father Schell says a gang of sharpers is always at the agency when the government checks arrive, and manage to charge, on payday, enormous rates of interest, sometimes as high as 500 per cent. This also applied to merchandise and food, for which exorbitant prices were charged. On payday, Father Schell declares, the sharpers secure the individual checks in payment of the notes, and the Indian is lucky if he secures any balance.

**TO FIND HAVEN HERE**  
French Nuns Will Seek Refuge in California

REDLANDS, Cal., Sept. 29.—California is to be a haven of refuge to a number of the Catholic sisters of various orders of that church who are no longer allowed to follow their religious vocations in France and the probabilities are that several of them will come to Redlands. Arrangements have already been made for the departure of a number of these devout women from France to this state and although the date of their coming is not definitely known, it is expected that they will arrive in San Francisco before the close of the present year.

A letter has been received from Rome by the mother superior of the Ursuline sisters of this city informing her of this fact, and she will make arrangements for the reception and entertainment of several of the sisters who are members of that order. Other sisters will be cared for in other sections of the state, particularly at Santa Rosa and other northern towns, although a number are also expected in Los Angeles. As a rule the sisters will be sent to the convents in this state, where they will be among members of whatever order of their church they may be long to.

## GOODNOW COMES HOME TO ANSWER CHARGES

State Department Gives Consul General Permission to Travel

WASHINGTON, D. C., Sept. 29.—Acting Secretary of State Loomis has begun the preparation of a report to the president on this subject. The effect of the decision to allow Mr. Goodnow to be heard personally will be to postpone final action in his case until near the end of the year. Meanwhile Mr. Peirce will devote himself to the preparation of that part of the report dealing generally with the subject of needed reforms in the American consulates in the Orient, for it is clear to the assistant secretary from his personal observations of conditions there last summer that the whole consular system requires most radical changes. To inaugurate these will require congressional action and the president's approval.

**THREE EX-HUSBANDS OF SAME WOMAN MEET**  
Celebrate Their Return to Single Blessedness With a Jolly Banquet

CINCINNATI, Ohio, Sept. 29.—Three divorced husbands of Edna Trulock gathered around a festive board near Chester Park and jubilated over their return to single blessedness.

The affair was given by Constable Timberlake, who recently secured a divorce from the woman, whom he married just a year ago last night.

He invited a host of his bachelor friends to the dinner, and then thought of the divorced Mrs. Timberlake's former husbands and sent them invitations.

These men are Edward Sparr, Cincinnati, and George White, Greenfield, Ind., who accepted, and last night toasted Timberlake's future happiness.

Each of the men had a toast to respond to. Sparr's was, "Is Marriage a Failure?" White's was "No Whitey for Mine." Timberlake's was "Are You as Happy Tonight as a Year Ago?"

Suit Cases and Bags at a reduction of	15%	Punching Bags, Boxing Gloves and Footballs—just to open up the season the entire line will go at a discount of	20%

## SNEAK THIEVES RAID THE SAUNDERS' HOME

Continued From First Page

The burglars escaped notice from the members of the family, and a rigid examination of the servants employed at the house failed to develop a clue. The police were notified about 9:30 o'clock and detectives were sent to the house. They made a thorough search of the building and obtained a list of the missing articles.

Mr. Saunders when seen last night said he believed the burglars had entered through the basement and had made their escape by the same avenue. A door opens from the basement upon a driveway which leads to Virginia avenue. A stairway leads from the basement entry to a vestibule on the main floor and from there the back steps go to the second floor and lead to a hall from which any of the rooms on the second floor may be entered.

Thieves Had Plenty of Time

All of the rooms were open, and no one was on the second floor during the dinner hour and for some time after. The burglars, entering through the basement door, had a clear coast to the rooms in which the jewelry was kept. The robbers evidently worked hurriedly, for several valuable articles of jewelry escaped their attention.

Mr. Saunders admitted that his loss was heavy, but declined to furnish a list of the stolen property. He said that a considerable quantity of his daughters' valuables had been stolen, and said it would be impossible to estimate the amount of the loss.

The police also refuse to state the value of the gems taken by the burglars. It was learned, however, that among the articles missing was a pearl necklace, a ring, a coral bracelet, a locket studded with diamonds and a diamond stud. From another source it was learned that the value of the lost gems exceeds \$5,000.

The Saunders residence was visited once before by burglars. Last January three men attempted to force an entrance late at night, but they were discovered by E. N. Saunders Jr., who frightened them away and gave chase. The men escaped and the police were unable to secure any trace of them.
