WHEAT GOES HIGHER

REPORTED IMPORTATION OF MANITOBA GRAIN IS CONFIRMED

Market is Strong from the Start—Bull Traders are Encouraged by the Fact That Foreign Markets Follow the Advance Here

CHICAGO, Oct. 15.—Confirmation that Duluth millers are importing Manitoba wheat was the chief factor in a strong wheat market here today.

With broadening interest and increasing activity in the stock market, trading was on a big scale and the close was the best of the day.

What the Brokers Say

M. Doran & Co.'s Chicago grain letter says: Wheat—Wheat opened with an urgent and active demand for December which advanced 1/2c in the first half hour's trading.

Corn—Corn was a dull, draggy market with the December losing a portion of its premium over May.

Corn Goes the Other Way

In spite of the strength of wheat, the corn market was quite weak. Heavy selling by a number of large commission houses was responsible for the decline that occurred during the day.

Legion & Bryan—It is a booming market. The interest is broadening and the activity is increasing.
