PARKER WILL SPEAK IN THREE STATES

RECONSIDERS HIS FORMER RESOLUTION

Democratic Candidate for President Will Make Addresses in New Jersey and Connecticut as Well as New York—Mr. Cleveland Will Make Another Political Address

NEW YORK, Oct. 26.—Judge Parker's programme and speaking itinerary until election day have been completed. He will speak in three states, New York, New Jersey and Connecticut, and in addition there have been arranged receptions in his honor in this city and Brooklyn. The schedule calls for a change of the candidate's plans heretofore announced, in that he has been dissuaded from his determination not to make speeches elsewhere than at his home at Esopus.

appearance upon the platform for at least five nights of next week Judge Parker or Mr. Cleveland, or both, and three states are included in the scheme. The first meeting will be held in Madison Square Garden on Monday night, under the auspices of the Parker and Davis Business Men's association. The speakers, so far as arranged, will be Judge Parker and Hoke Smith, former secretary of the interior.

ACCUSES TREASURER

Custodian of County Funds Is Indicted

POMEROY, Ohio, Oct. 26.—This afternoon the grand jury which has been investigating the robbery by alleged masked men of the county treasury office of \$14,500 here Sept. 8, brought an indictment against Thomas J. Chase, the county treasurer, charging him with embezzlement of that amount.

Chase comes of good family, is fifty years old, has a wife, two sons and one daughter, the younger son, Guy, being deputy treasurer. Chase is a member of the Methodist church, a leader in the Sunday school work and a prominent Mason, and was never before suspected of wrongdoing. The family are noted singers. Chase tonight is reported in a critical condition in jail. His friends, fearing a collapse and possibly an attempt to do himself bodily harm, have requested that he be carefully watched and the sheriff accordingly is having him guarded.

COMMITTEE WANTS JUSTUS TO SETTLE

Republican County Organization Finds Itself Hard Up

At a meeting of the Republican city and county committee yesterday it was decided to notify Sheriff Justus that he must pay the assessment levied against him by the executive committee if he expects the support of the organization.

It was asserted that Justus is making an individual campaign without consideration for others on the ticket, preferring to use the machine that he has himself built up. After waiting until the campaign is almost over for Justus to come in with the amount of his assessment, the committee decided to notify him in unmistakable terms that he must settle up if he expects the support of the county and precinct committees.

Justus has refused to attend the meetings of the committee, and has to all intents and purposes ignored its existence. His example has been followed by other candidates, thus leaving the committee short of funds. There is not now enough on hand to pay for the regular challengers and workers at the polls, hence the decision that Mr. Justus shall be forced to disgorge and thus encourage the other candidates to do likewise.

HE VALUES PARKER

Cleveland Writes an Appreciation of Candidate.

Special Cable to The Globe LONDON, Oct. 26.—Grover Cleveland writes an appreciation of Judge Parker in a London magazine. The former president says: "The leading characteristic of the Democracy's presidential candidate is devotion to duty, and if his eminent ability to discern his presidential duty is not denied, it is quite in order to inquire whether he has the moral stamina and stability to withstand all temptations to compromise on any account or for any purpose, his conviction of right, and whether he is courageous and fearless enough to follow the way of duty as it is made known to him, however rugged and difficult that way may be. I do not believe the closest scrutiny of Parker's entire course will develop a single instance of cowardice or of surrender of conscientious conviction."

Negroes Register Illegally KANSAS CITY, Mo., Oct. 26.—Warrants were issued for fifty negroes by the county prosecutor charging them with illegal registration. It is stated that warrants for 250 more negroes, charged with the same offense, will be issued tomorrow. It is alleged that the negroes have been convicted of theft in the past and are, under the law, guilty of a felony for registering.

IS UNDER CHARGE OF INCEDEIARISM

But President of Chicago Car and Locomotive Co. Makes Vigorous Defense

CHICAGO, Oct. 26.—A mysterious fire at the plant of the Chicago Car and Locomotive company's plant at Hegewisch, Ill., has become the subject of a many-sided investigation with sensational results. Corporation Counsel E. B. Tolman today gave out a statement, which says: "The evidence shows beyond doubt that the fire was of incendiary origin. The testimony of the engineer in charge of the building, together with that of the former superintendent of the company, amounted to a direct charge that Isaac N. Perry, the president of the National Bank of North America, had become the owner of the property through sale under bankruptcy proceedings; that he had proceeded to manipulate the books and inventories of the company, and had thereby largely increased showing as to the value of the plant; that he had ordered the insurance, then about \$100,000, to be increased to \$200,000; that he had ordered all the cars, locomotives and other property of the company to be stored within the shops; that he had obtained access to the shops alone upon a Sunday afternoon and that within an hour thereafter fire had broken out in four of the five buildings and resulted in the destruction of two of them."

POLITICS IS THE DEATH OF STATESMAN

Marquis de Rivera Cannot Stand Impairment of Re-Election ROME, Oct. 26.—Marquis Afan de Rivera, who for fourteen years represented Naples in the chamber of deputies, has fallen a victim to political incidents. He became much worried recently upon learning that Count Panzuti would be a candidate against him, dividing the monarchist party and rendering his re-election uncertain. Last night he was taken ill and died before morning. Marquis de Rivera was one of the best Italian artillery generals. He fought under the Bourbons, and then against Austria and was under secretary of state for war in 1856.

CROOKSTON ENTHUSES OVER MR. JOHNSON

NEW GOVERNOR ADDRESSES LARGEST RALLY EVER HELD IN POLK COUNTY Special to The Globe CROOKSTON, Minn., Oct. 26.—John A. Johnson, F. G. Winston and John E. King were the speakers here this evening at the most largely attended and most enthusiastic Democratic rally ever held in Polk county. The opera house was packed to its capacity, and while all three speakers were given the glad hand, the address of Johnson was received with tumultuous applause.

Bryan Breaks the Record HAMILTON, Ohio, Oct. 26.—William J. Bryan concluded his tour of Ohio for the Democratic national ticket with a speech here. There were many persons present at nearly every place along the route where Mr. Bryan spoke and he was enthusiastically welcomed. Twenty-one towns were visited. Mr. Bryan said he thought the tour was a record on the number of cities visited and the miles traversed in one day.

BONES MAY BE THOSE OF COUNTERFEITER

Coins and Bank Notes Are Unearthed, Which Arouse Curiosity in Stearns Co.

Special to The Globe ROYALTON, Minn., Oct. 26.—A large quantity of money, composed principally of bills, was turned up by Brockway farmer while plowing in his field yesterday. There was also some silver, but the great bulk of the find is in bills. It is estimated that there are at least \$5,000 in the find, but it is doubtful if the finder will realize anything out of it, as the paper money is badly decomposed. The money was found on the farm of Daniel Sobleck in the town of Brockway, Stearns county, by two of his boys who were plowing. The spot where the money was unearthed is four rods from a creek known as Sunk brook. Human bones were also unearthed and the find has created a sensation.

MR. BRYAN FINISHES HIS INDIANA TOUR

Meets Chairman Taggart, Who Is Sanguine of Democratic Victory HAMMOND, Ind., Oct. 26.—William J. Bryan tonight ended his second tour of Indiana for the national Democratic campaign by making two speeches at Hammond, after making nine speeches during the day. A large number of persons heard him at various places. At Logansport Mr. Bryan was met by Thomas Taggart, chairman of the national committee. Mr. Taggart accompanied Mr. Bryan to Monticello, Rensselaer, Hammond and Chicago. At two meetings Mr. Taggart met some of the state leaders. He said he was exceedingly hopeful for Democratic success in Indiana, and Mr. Bryan expressed himself as pleased with the outlook in Indiana. Mr. Taggart said: "What I have seen in the counties and towns of Indiana that I visited today convinces me that Indiana is now in better condition politically than it has been for the last fifteen years. Every indication points to Democratic success in Indiana this fall. Conditions are also very satisfactory in New York, New Jersey, Connecticut, Maryland and Virginia."

SPEAKS TO CONVINCING

Lind Addresses Beltrami's Largest Political Meeting Special to The Globe BEMIDJIL, Minn., Oct. 26.—Ex-Gov. Lind tonight, at the city opera house, addressed the largest political gathering ever assembled in Beltrami county. His address, lasting over two hours, was followed closely by his auditors, who apparently were in perfect sympathy with his exposition of the national and state issues. His remarks touching the state land transactions of the Dunn administration with which many of the homesteaders and residents of this section are familiar apparently struck home. Mr. Lind made a calm, clear statement of his views of the different features of the campaign and the audience, composed largely of Republicans, followed the speaker very attentively. Mr. Lind touched upon the fitness and capabilities of John A. Johnson for governor, which brought forth a goodly round of applause.

Complains of Repeaters NEW YORK, Oct. 26.—State Superintendent of Elections Morgan applied to Supreme Court Justices Bischoff and Clarke this afternoon to have the names of 1,000 alleged repeaters stricken from the state registry lists. Each list took 500 cases and in order to dispose of them in the two remaining available days will make one case-test for 100 in which the main issues are the same.

MINNESOTA PROVES BEST BUTTER STATE

More of Her Exhibits Awarded Prizes at the World's Fair

Special to The Globe ST. LOUIS, Mo., Oct. 26.—Minnesota's superiority as a producer of butter was shown today, when in the presence of the delegates to the National Creamery association, assembled at the palace of agriculture at the world's fair, the prizes offered by the exposition for butter tests were awarded as follows: "Gold medals, for averages over 96, L. S. Edwards, Lamont, Iowa, score, 96.62; W. B. Johnson, Arlington, Iowa; M. Sondergard, Hutchinson, Minn.; S. W. Laird, Walker, Iowa. Carl Schallinger, of Hutchinson, delivered an interesting address on 'How to Manufacture the Best Grade of Butter Out of Full Milk From a Manufacturer's Standpoint.' The address was afterward the subject of a discussion, led by G. T. Yetter, of Pipestone, Minn. The most important prizes offered by the National Creamery Buttermakers' association were awarded as follows: Highest average score for entries from one state, first prize, New York, with an average score of 93.47. Championship cups for highest average for six months, H. C. Hansen, Smith Mills, Minn., score, 95.87. Gold medal for best package of creamery butter in the convention, L. S. Taylor, Glenville, Minn., score, 98.12; second, silver medal, F. L. Odell, Greenfield, Iowa. This completes the series of contests held to determine the champion butter state. Minnesota has taken the majority of prizes in the individual class competitions, capturing last month the high mark in unsalted and print butter. The final scoring, in which Minnesota won, included the scores made in all contests in every class."

DOES NOT SUCCEED IN EXPLAINING

RUSSIAN ADMIRAL SPEAKS OF NORTH SEA OUTRAGE

Commander of Baltic Fleet Insists It Was Purely an Accident--He Saw the Water Covered With Japanese Vessels on Destruction Bent--Tension in England Grows

There is an accentuation of feeling in Great Britain over the delay of the Russian government in procuring from the commander of the Baltic squadron his version of the attack on the Hull fishing fleet. Admiral Rojestvensky, who is at Vigo, Spain, has, so far as the public is informed, made no official explanation of the events of the night of Oct. 21, but in an interview he has put forward a statement that two torpedo boats, presumably Japanese craft, appeared among his ships off Dogger bank and, failing to comply with a demand to retire or state their nationality, were fired upon. Six of the best ships of the British channel fleet are under orders to sail tomorrow morning, presumably to shadow the further movements of the Russian warships sailing for the Cape of Good Hope, and all the other vessels of the channel fleet are ready to put to sea at a moment's notice. Besides the five Russian ships at Vigo, there are others reported at Villagarcia and Arosa bay. They have been notified that they will not be permitted to coal in Spanish ports. Five German colliers are at Vigo. Admiral Rojestvensky has informed the Spanish authorities that his ships at Vigo have sustained such damage that they will not be able to leave port within the twenty-four hours allowed warships of a combatant in a neutral port. The tone of the London press is notably more bellicose today than at any period of the crisis.

PARIS, Oct. 26.—Those French politicians who supposed the czar's message would suffice to calm the justifiable irritation in Great Britain are beginning to realize that elements of danger in the situation cannot be so readily conjured. The suggestion that a British fleet be ordered to stop Rojestvensky at Vigo causes considerable uneasiness here and strong hope is expressed that no such step will be taken, even if some days should still elapse before the Russian admiral gives his version of the outrage. French writers can find no plausible excuse for Rojestvensky's failure to place his government in possession of information regarding an event, the importance of which they say must have presented itself to his mind. RUSSIAN ADMIRAL'S EXPLANATION VIGO, Spain, Oct. 26.—Admiral Rojestvensky expressed great regret over the North sea incident. The admiral stated that the unfortunate occurrence was purely accidental. The weather on the night in question was rather hazy. About 1 a. m. two torpedo boats, which the Russians supposed were Japanese craft, suddenly appeared between the two divisions of the squadron and seemed to discharge torpedoes. The Russians immediately opened fire. They saw no fishermen, and were not aware that any damage had been done. Evidently, the admiral said, the fishermen had shown no lights. The admiral repeated that he greatly regretted that any injury had been done fishermen, and added that he had no doubt that the Russian government would make ample compensation.

BRITISH TENSION INCREASES

LONDON, Oct. 26.—Tension increases as time passes without a definite settlement of the situation created by the Russian blunder in the North sea. Ambassador Benckendorff's communication to Foreign Minister Lansdowne today and the fact that this was regarded as unsatisfactory only served to inflame the public mind; and while official circles are giving out intimations that it is their confident belief the whole matter will be satisfactorily arranged, it is now quite evident that only a short time will be allowed Russia in which to give final and complete assurances of her intention to comply with any and all demands Great Britain may make with reason. The arrival of Admiral Rojestvensky at Vigo and the certainty that he is in direct communication with his government removes at once the possibility of any delay on account of the inability of Russia to get his side of the occurrences of the night of Oct. 21. With this official version before the Russian government, together with the official statement of the members of the fishing fleet, it is unlikely the British public or the British government will allow another twenty-four hours to pass quietly without securing satisfactory reply to the note, which demanded a quick answer. Meanwhile the admiralty is not idle. Reports from all naval stations show that a tremendous state of activity exists. This is especially true of Gibraltar, from which place it is announced that some of the best of Great Britain's war vessels are under orders to proceed in the direction of the Russian Baltic squadron, and that all the ships of the British channel fleet are ready to go to sea at a moment's notice.

WON'T WAIT LONG

Information from an authoritative source puts a brighter light upon the situation. It is understood that practically everything has been decided upon to the satisfaction of Count Lamsdorff, the Russian foreign minister, except the question of the punishment of the offending officers of the Baltic squadron. It is further understood that Great Britain is not demanding final and formal undertakings before announcing that she is satisfied, but an understanding in general terms on the part of Russia which can be accepted as sufficient guarantee for an official announcement that the crisis has passed. Foreign Secretary Lansdowne continued on Third Page

GOLD WILL GO OUT

Twenty Millions to Be Exported This Year

NEW YORK, Oct. 26.—Indications point to heavy exports of gold from this country to Paris and Berlin before the year's end. One estimate places the amount at not less than \$20,000,000. The new Russian loan is believed to be the basis of the probable outflow. Paris bankers, it is said, have notified Berlin, which is a heavy debtor to France, that loans aggregating many millions of francs will have to be met in the next sixty days.

Crook Gets Away From Farmington Marshal

Special to The Globe HASTINGS, Minn., Oct. 25.—W. H. Brownell, the marshal of Farmington, was coming to Hastings today with a brace of unruly prisoners and crooks, who had been sentenced for minor offenses, when one of the culprits, James Cardy, escaped this side of Vermillion. He stepped into the gold room and jumped through the window while the Hastings & Dakota train was going at a high rate of speed. At last accounts Cardy is still at large.
