

NEWS OF THE CITY

Solemn High Mass at Cathedral Today

Solemn high mass will be celebrated at the cathedral today at 10 a. m.

Girl Sent to State Training School

Ethel Amann, fourteen years old, charged by her father with being incorrigible, was yesterday sent to the state training school by Judge Finehout.

Lincoln and Fremont Club to Meet

The Lincoln and Fremont club will meet at the Lincoln club rooms, Court block, Friday afternoon at 3 o'clock. A programme will be provided and reminiscences will be exchanged.

Probation Officer Will Watch Archie

Archie Gray, fifteen years old, who headed guilty to the charge of being incorrigible, was yesterday sent to the state training school by Judge Finehout.

Entertainment Tonight at Swedish M. E. Church

A musical and literary entertainment will be given this evening at the Swedish M. E. church, Tenth and Temperance streets. Next Sunday morning Rev. Mr. Dahlgren, of Kingsburg, Cal., who was pastor of the First Swedish church in 1875 and 1876, will deliver the sermon.

HURRIED TO PRISON

Convicted Man Begins Serving Sentence Soon After Verdict

In little more than an hour yesterday after having been found guilty of forgery by a jury, Thomas Curll began serving a four-year term of imprisonment at Stillwater.

This "railroading" was the result of repeated threats by the prisoner, who said that he would take his own life before he would return to Stillwater, where he has already served a term of twenty-two months for a similar crime.

Curll filed in a check signed in blank by Capt. Gates A. Johnson, of the corps of engineers of the state national guard, to the amount of \$17, naming Otto Carr as payee, and cashed it at Esch's saloon, on East Seventh street, last August. He was indicted by the grand jury on the charge of forgery in the second degree and pleaded not guilty.

He was remanded to the county jail, and on Aug. 13 last attempted suicide by opening the veins of his left wrist with a razor.

His case came up for trial Tuesday. Yesterday morning at 11:30 the jury went out, returning a verdict of guilty at 5 o'clock in the afternoon. Judge Brill immediately ordered the prisoner brought before him and sentenced him to a term of four years. Within half an hour after Curll had been sentenced he was on his way to Stillwater in charge of two deputy sheriffs.

DIVERTED THE COAL

Cincinnati Company May Have to Pay Big Judgment

An aftermath of the great coal strike in the anthracite regions two years ago was brought to light yesterday in a courtroom when the Jones & Adams Coal company was awarded a verdict of \$33,000 against the Lurig Coal company, of Cincinnati.

The suit was brought to cover damages alleged to have occurred when, in 1902, the defendant company, prior to the great strike, entered into a contract to deliver a certain amount of coal to the Jones & Adams company. When the strike was inaugurated, the Lurig people made known their inability to deliver the coal to the plaintiffs, alleging that the scarcity of the commodity made shipments impossible.

The plaintiffs investigated, with the result that they found the defendants shipping coal to other parties and diverting it from their contract. The railroad company's books were ordered into court and the allegation sustained.

Sheriff Sues for Fees

A suit to collect \$238 in fees was begun yesterday in the district court against Dietrich, Kennedy & Co., St. Paul liquor dealers, by John R. Delehan, a deputy sheriff of Stevens county, Minn. The deputy alleges that the fees were contracted while recovering a saloon mortgage for the defendants.

Sues Railroad for \$10,000

The Minneapolis & St. Louis railroad was named as the defendant in a suit to recover \$10,000 alleged damages, begun yesterday in the district by Charles Adams, who says that he was injured on a train operated by the railroad company between Carver and St. Paul June 12, 1904.

Bright's Disease and Diabetes News

1737 Broadway, San Francisco, Nov. 17. To the Church Women of St. Paul:

It is so hard for people to believe that Bright's Disease and Diabetes are now curable that I am asked to permit reference to my own case. There are too many dying to remain silent. I had both Bright's Disease and Diabetes for over five years. Was very feeble, had dropsy, and the physicians told us the case was hopeless. I heard that people were being cured in this city and procured the treatment. In a few months the dropsy disappeared and in a year I was well. To show how well, will say that later I stood a capital operation at the Waldeck Sanitarium in the presence of six physicians. Many friends, including Dr. Markell, of Cloverdale, and Judge E. B. Cutler, of Pine street, are fully convinced of my recovery. In fact, Judge Cutler is himself now recovering under the same treatment. Let the cure be proclaimed to the world.

MRS. S. E. CLINE

E. B. CUTLER

The above refers to the newly discovered Fulton Compound, the first cure in the world for Bright's Disease and Diabetes. E. A. Munch, Summit av. and Rice st., is local agent. Ask for pamphlet.

When to suspect Bright's Disease, weakness or loss of weight; puffiness, hands or eyelids; kidney trouble after the third month; urine may show sediment; Dr. falling vision; drowsiness. One or more of these.

CHANGE OF CONTROL

COMMENT AGAINST

CHANGE OF CONTROL

Politicians Say Capitol Should Remain in the Hands of Governor

The expose in The Globe of Wednesday of the scheme by which it was made evident that certain Republicans will attempt to secure control of the operation of the new state capitol caused a great deal of adverse comment on the proposition yesterday.

No one could be found to defend the proposed plan by which it is hoped to have the legislature pass a bill immediately upon convening in January giving the operation of the new state capitol into the hands of the capitol commission, with a further plan to have the legislature create a permanent commission for the control of the new state house, with the duty of appointing the janitor, engineers, electricians, etc., necessary to its operation.

Takes Strong Position

Senator Albert Schaller, of Dakota county, took strong grounds against the plan being advocated by certain interests.

"The Minnesota state senate," he said, "has the reputation of being composed of reasonable, fair-minded men, and I believe that they will have something to say about the operation of the new state capitol. If they desire to retain the good opinion that the state at large has of them, the senators will see to it that the prerogatives of the governor are not taken from him. Governor-elect Johnson and the choice of a large plurality of the people of the state, and I believe that the people who have invested so large an amount in the new capitol will have something to say through their legal representatives of the future of the new structure. The present capitol commission is not in such good repute that it will be given additional powers by the next legislature. The state is in that blessed condition where there is something else besides the capitol besides the state capitol commission."

"The question of the comparative powers of the legislature and the governor, when it comes to the naming of persons to be appointed to the state, Gov. D. M. Clough some years ago locked horns with the senate in naming a member of one of the state commissions. The governor was sustained and the court, I believe, held that the law which gave the governor the appointing power is good law."

C. J. Gould, of the state board of control, said yesterday that his board would be willing to exchange control of the state university and the state normal schools for control and operation of the new state capitol. "Should the control of the new building be given to us," Judge Gould said, "we would be on the ground where we would like to be."

It is not understood that the board of control is specially anxious to be given authority over the new capitol. The board of control has already assumed authority over the new structure as to insurance matters, but it has not attempted to take any hand in the management of the new building.

SEEKS COMMISSION

Auto Agent Sues to Collect From Wealthy Patron

The alleged refusal of Mrs. E. C. Holden to accept an automobile after paying \$1,000 on it yesterday set his board of control, entered into a contract to deliver a certain amount of coal to the Jones & Adams company. When the strike was inaugurated, the Lurig people made known their inability to deliver the coal to the plaintiffs, alleging that the scarcity of the commodity made shipments impossible.

The plaintiffs investigated, with the result that they found the defendants shipping coal to other parties and diverting it from their contract. The railroad company's books were ordered into court and the allegation sustained.

ENTERTAINS WITH A COSTUME CONCERT

Eastern Star Gives Thanksgiving Celebration to Friends

Thanksgiving evening was celebrated by Constellation Chapter No. 18, Order of the Eastern Star, at Masonic Temple last night. A costume concert was given under the direction of Miss Nellie A. Hope. A feature of the programme was the appearance of the Kinder Symphonie, a musical frolic in which a company of fifty young women in native costume represented a holiday in Germany. The remainder of the programme was given by the ladies' orchestra, Miss Hope's Mandolin club, J. T. Ballinger, bass; Dr. A. L. Rick, tenor; Miss Georgia Lilley, violinist; and Miss Jessie Scott, soprano. Mrs. C. E. Bair, in costume, gave the Egyptian song "Carmen." Miss Jessie Williams, alto, and Miss Alma Peterson in duet, "Estudiantine," appeared to good advantage. "The Spanish Gypsy," as sung by Miss Jessie Messersmith, was also well received, as was the solo by Miss Calmer. Miss Ardwell and Miss Little Thorne rendered piano selections. A burlesque on "How a Man Becomes a Mason," was given as a prologue before the second part of the programme.

JURY'S ERROR TAKES CASE BACK FOR TRIAL

Olson Granted a Rehearing in Land Fraud Case

Svend Olson, a plaintiff in error, was granted a new trial through an opinion handed down yesterday by the United States circuit court of appeals. The opinion cites the fact that although Olson was found guilty of attempting to defraud the government out of land in Lake Umbagog, Minnesota, under the timber and stone act of 1878, the jury's failure to consider the land at its valuation was an error which necessitates a new trial.

When Olson was indicted there were twenty-four other men named to be tried on trial for the same offense.

Woman Awarded a Verdict for \$3,050

A jury in the district court yesterday awarded Etta Dudley, aged sixty-two years, a verdict of \$3,050 against Arthur B. White, a cigar dealer, for damages incurred through firing over a mop handle in the hands of an employee of the defendant last September.

CHANGE HOLDS RUNDLE CLOSE

WITHIN LIES OF QUARANTINE

City Engineer in Grasp of Diphtheria Frets and Fumes, but Head of Health Department Refuses to Let Him Leave His Home Until Quarantine Officer Says He is Past the Period Where He May Spread the Disease

L. W. Rundlett is city engineer and commissioner of public works, and accounted one of the best if not the most important of the city officials, but he is at his home on Lincoln avenue fretting because he is quarantined and will not be able to attend the alumni meeting of former Bowdoin college students in Minneapolis this evening.

Twice a day for the past two days swabs taken from Mr. Rundlett's throat have been sent to the health department, and on each examination it has been found that he continues to be afflicted with diphtheria. While the investigations were being made Mr. Rundlett has kept the telephone busy making inquiries concerning the result of the experiments on the swabs sent in for the purpose.

Relations Strained

For some months there has not been the best of feeling between Health Commissioner Ohage and Mr. Rundlett, but in this case Dr. Ohage has enforced the quarantine against Mr. Rundlett to Dr. Renz, the assistant health commissioner. Dr. Renz stamped diphtheria on the last report blank filed in the health department yesterday, and that means that Mr. Rundlett is still suffering from diphtheria and will not be able to attend the alumni banquet this evening.

It is expected by the health department that this case will result in a test being made of the right to quarantine for diphtheria, and every precaution has been taken by the health department to preserve the records in the case. According to Dr. Renz and his assistant, Mr. Rundlett has a severe case, complicated with tonsillitis, and it is asserted that it may be a month from the time he was taken sick before Mr. Rundlett will be allowed to leave his home. Heretofore the cultures sent the

health department have come from the professional nurse in attendance upon Mr. Rundlett, but if the dispute should continue it is likely that the health department will send its own men to take swabs twice a week, as is done with ordinary cases of diphtheria.

No Feeling in Quarantine

There have been numerous disputes between Dr. Ohage and Mr. Rundlett in the past. The most recent disagreement related to the control of the city dumps, in which the engineer defeated Dr. Ohage before the city council. But a short time before this affair came up Dr. Ohage had considerable difficulty in compelling the engineer to permit the hauling of street sweepers to Harriet island. Before the people Dr. Ohage won the right to control the collection and distribution of garbage without consulting with the engineer.

All these disagreements are not supposed to have any effect upon the quarantine of Mr. Rundlett and his continued enforced confinement in his home, but Mr. Rundlett is keeping the wires hot in an effort to secure his liberty. Dr. Ohage has referred the question to his assistant in charge of the laboratory, Mr. Rundlett yesterday inquired a number of times as to the result of the development of the cultures taken from his throat, and was ultimately told by Dr. Renz that the cultures showed "positive," which means that he will be confined to his home for an indefinite period.

GARRISON IS ARGER

MAPLE PLAIN FREE

Its Recent Epidemic of Smallpox Stamped Out

A slight increase in the number of smallpox cases throughout Minnesota has been reported to Secretary Bracken, of the state board of health, for the week ending Nov. 21. There were fifteen cases during that week as against less than ten a week during most of the summer and early fall. Stearns county, in the latest report, had seven cases, of which three were at St. Cloud, and two at Le Sueur. Faribault and Fergus Falls each one case. There were two cases in Mountain Lake township, Cottonwood county; one in Carlos township, Douglas county, and one in Bertha township, Todd county.

As is well known the spread of smallpox is favored by cool weather. "This is probably why the cases are increasing," said Dr. Bracken yesterday.

Faribault believes that it acquired its smallpox from Minnesota. But the first of the two patients in Minneapolis was a laundress at the Hotel Bracken, who was probably infected by clothing given to her to be washed. The second case, it is said, was "caught" from the first.

As to the source of infection" the report from Todd county reads "on his chest."

"That's a point that confuses the 'Hers of many a smallpox report,'" Dr. Bracken commented. "Very often the source of infection is ingeniously described as 'smallpox.'"

Maple Plain, which has recently suffered from smallpox, is now quite free from the disease. The town clerk has announced that no cases were added during the week ending Nov. 21 to the half hundred or more cases previously reported.

"We are now preparing," he wrote, "to release the patients held in quarantine."

COMPANY CONTESTS COLLECTION OF POLICY

Insurance Organization Says Insured Misrepresented Condition

On the allegation that the insured misrepresented facts in his application for insurance, the Standard Life and Accident Insurance company is contesting the suit brought against it by Henrietta White, who claims \$2,000 accident insurance through the death of her brother, Louis Peckley, who, it is alleged, met his death through an accident in October, 1902, dying in less than two months from the date of the accident.

The insurance company declares that death was due to diabetes, with which the insured was afflicted at the time of taking the policy.

MALTING COMPANY TO PAY STOCK LIABILITY

Jury Gives Verdict Against Holders of Allemannia Bank Stock

According to a verdict handed down in Judge Lewis' court yesterday afternoon, the Hauser Malting company is liable for an assessment on the stock of the defunct Allemannia bank to the extent of \$5,000, and an additional amount of \$1,000.00 for interest.

The suit was brought by W. F. Hunt, receiver of the bank, and when first brought into court resulted in Judge Brill handing down an opinion to the effect that the defendant company could not be held liable for the amount, owing to a clause in its charter which prevented it from holding such stock. The Minnesota supreme court overruled the decision, and the new trial resulted.

W. H. Stark, Assistant Special Agent of the Michigan Central Railroad, Assisted by Detectives of the St. Paul Police Department, Seized Yesterday at the Union Depot Four Large Boxes of Goods Which Were Stolen from Freight Trains between Detroit and Toledo by a gang of thieves who have operated for some time.

The gang was broken up a few weeks ago, but the thieves escaped. On Nov. 4 they threw the boxes recovered in St. Paul yesterday from a train near Toledo, and consigned them to St. Paul, addressed to "John Jacobs" and "W. H. Ross."

Special Agent Stark, on learning that the boxes were billed to this city, notified the police here to watch for them and came on himself. Yesterday morning the boxes reached the city over the Milwaukee road, and the police were informed by Mr. Stark, with Detectives Sweeney and Daly, waited at the depot until an expressman arrived and called for the boxes.

The expressman declared that he had been notified by telephone to go for the boxes and to place them in a warehouse. The boxes were carted to the central station, where they will be held until returned to Toledo. The police believe that the names used by the consignors in sending the goods to this city are fictitious, but are attempting to find the parties to whom they were sent.

SEIZE STOLEN GOODS

AT UNION DEPOT

Dry Goods Valued at \$1,500 Thrown From Train in Michigan, Recovered

W. H. Stark, assistant special agent of the Michigan Central railroad, assisted by detectives of the St. Paul police department, seized yesterday at the union depot four large boxes of goods which were stolen from freight trains between Detroit and Toledo by a gang of thieves who have operated for some time.

The gang was broken up a few weeks ago, but the thieves escaped. On Nov. 4 they threw the boxes recovered in St. Paul yesterday from a train near Toledo, and consigned them to St. Paul, addressed to "John Jacobs" and "W. H. Ross."

Special Agent Stark, on learning that the boxes were billed to this city, notified the police here to watch for them and came on himself. Yesterday morning the boxes reached the city over the Milwaukee road, and the police were informed by Mr. Stark, with Detectives Sweeney and Daly, waited at the depot until an expressman arrived and called for the boxes.

The expressman declared that he had been notified by telephone to go for the boxes and to place them in a warehouse. The boxes were carted to the central station, where they will be held until returned to Toledo. The police believe that the names used by the consignors in sending the goods to this city are fictitious, but are attempting to find the parties to whom they were sent.

TAKE UP STINE CASE

Absence of Witnesses Proves Obstacle to Prosecution

County Attorney Kane laid before the grand jury yesterday the case of W. T. Stine, who is alleged to have stolen goods from the estate of his late employer, W. A. Scott, formerly general manager of the Omaha road.

The absence of prominent witnesses from New York and Pittsburgh, who, it is alleged, were the purchasers of the bonds, which were valued at \$8,000, may result in the failure of the county to secure an indictment. Prominent attorneys voice the sentiment that Mr. Kane will have a hard time getting those witnesses into the state, as in the event of the case may result in the return of the bonds.

In the event of the witnesses being unavailable, they cannot be reached with proceedings sufficiently strong to insure the return of the bonds, and it is to their own interests to keep as far from New York and Pittsburgh as possible. This phase of the case may result in the freeing of Stine, who has been out on bail ever since the warrant for his arrest was served.

EXAMINE EARLIER FOR RHODES SCHOLARSHIP

Minnesota Committee Decides to Hold the Examination in January

The Cecil Rhodes scholarship committee for Minnesota, consisting of Dr. Northrop, of the state university; Dr. Bridgman, of Hamline; President Wallace, of Macalester; President Mattson, of Gustavus Adolphus, and President Salmon, of Carleton, met yesterday in Dr. Northrop's office to discuss the changes in the rules governing the awarding of the scholarship.

Last year the examinations were held late in the spring, but this year they are to be held early in January in order to give the students more time to prepare for their four months across the water. Fifteen university students have announced their intention of taking the examination, and it is expected that the same number will enter from the colleges in the state.

UNIVERSITY STRUCTURE TO HAVE FIRE ESCAPES

New Main Building Will Be Equipped With Modern Accessories

The board of regents of the state university voted yesterday to erect a three-story brick building with granite trimmings at the University and Pleasant avenues to take the place of the old limestone building which was erected in the early '70s and destroyed by fire.

The building will have four entrances, the main one being on Pleasant avenue, and will be well supplied with fire escapes.

The members of the Women's league are exerting all their influence to have the ruins of the "old main" turned over to them to be converted into a women's building which shall externally be a facsimile of the building, the first erected on the campus.

PRIVATE PUNISHED FOR LOSING PRISONER

Willie Page, of Twenty-Fourth Infantry, to Be Imprisoned Six Months

Found guilty of suffering a prisoner to escape, Private Page, of Company M, Twenty-fourth Infantry, has been sentenced by a court-martial at Fort Missoula, Mont., to be confined at hard labor for six months and to forfeit \$10 a month of his pay for the same period.

The sentence has been approved by Gen. Carr, commanding the department.

What Campaigns Cost Them

According to expense accounts filed yesterday with County Auditor Kramer, T. R. Kane spent \$570 being elected county attorney; Matt Jensen paid out \$123 in being elected county commissioner; J. B. Irvine \$234.76 in the contest for county surveyor, and J. J. Egan \$184 in his race for court commissioner.

CHURCHES WILL OBSERVE THE DAY

Largest Attendance Will Be at Union Service in Park Congregational Church

Of the several church services to be held today in special observance of Thanksgiving, the most representative will be, perhaps, the union services at the Park Congregational church, MacKubin street and Holly avenue. The Protestant churches on the hill join in this service. The Dayton Avenue and First Presbyterian churches will be represented by the First Christian church, the First Methodist church and the Park Congregational. The sermon will be preached by Rev. Elliot Moore, who has just been installed as pastor of the First Presbyterian church. The service will begin at 11 o'clock.

Solemn high mass will be celebrated at the cathedral at 10 o'clock. All of the local Episcopal churches will have special services this morning, but, as a rule, without communion. At St. John church, however, Portland avenue and Kent street, there is to be holy communion at 8 o'clock a. m., and at 10 o'clock, morning prayer with an address by the rector, Rev. Theodore Sedgwick.

Service at House of Hope

At the House of Hope Presbyterian church the pastor, Dr. W. H. W. Boyle, will speak this morning of "The National Inheritance and the Secret of Its Perpetuity." Mrs. Jessica De Wolf and Mrs. C. B. Yale will each sing a solo.

Dr. J. M. Fulton, of the Central Presbyterian church, has announced a service at his church at 10:30 o'clock a. m. He will deliver an address on "A special musical service will take place at 8 o'clock tonight at the Swedish Evangelical Lutheran church, Matilda avenue and Hatch streets."

A Thanksgiving service will begin at 11 o'clock at St. Paul's Universalist church, MacKubin street, near Ashland avenue. The pastors and the congregations of Unity church, the Park and St. Paul's will unite in worship. Rev. W. H. MacLaughlin, D. D., superintendent of Universalist churches, will preach. The service will last one hour only.

A lecture, accompanied by stereopticon views, upon the Spanish-American war, as commemorated by the Russian Japanese war, will be given tonight at 741 Mississippi street by Rev. J. Will King. The entertainment will be free.

Today will be much warmer than last year's Thanksgiving, in the opinion of Weather Observer W. E. Oliver. Last year the temperature was but 5 degrees above zero. But today, Mr. Oliver guessed yesterday, the temperature will be about freezing in the morning and warmer in the afternoon. The sky will be clear.

One delivery from the postoffice will be made at 9 o'clock this morning and none afterwards. The office will close at 10 a. m. All the public offices—the city hall, the army building, the capitol, and the city hall annex—will be closed officially all day.

FUNERAL OF REV. DR. HILL TOMORROW

Services Will Take Place at Dayton Avenue Presbyterian Church

The funeral of Rev. M. L. P. Hill, D. D., former pastor of the Westminster Presbyterian church of this city, who died Tuesday night at the Angus, will be held at 2 p. m. tomorrow, at the Dayton Avenue Presbyterian church. Dr. Hill had been a resident of St. Paul for seventeen years, but retired from the active ministry several years ago on account of ill health.

Dr. Hill was born at East Bloomfield, N. Y., and was graduated from Williams college in 1858. He later took a theological course in Princeton seminary, where he received his degree in 1861. He held pastorates at Little Falls, Gloversville and Corning in New York state, and at Des Moines, Iowa, and came to St. Paul in 1887. For a time he filled the pulpit of the First Presbyterian church, and later he became pastor of the Westminster Presbyterian church.

Dr. Hill is survived by a wife and one sister, Miss A. P. Hill, who resided with him. He also had a brother who lives abroad.

Paroled Prisoner Accused of Theft

John Flaherty, seventeen years old, recently paroled from the state training school, was before Judge Finehout yesterday charged with stealing an overcoat from John Mayne, a young man with whom he roomed on Commercial street. The case was continued until Friday.

TWINNS WILL BE TRIED BY JURY ON TUESDAY

Charge Against Hansons Reduced From Grand to Petit Larceny

A charge of grand larceny, entered against Edward and Edwin Hanson, the twin brothers, charged with assaulting and robbing Matthew Kreek last Saturday night, was changed yesterday to a charge of petit larceny, County Attorney Kane saying that all the money they secured was \$2.30.

The brothers had retained an attorney and he demanded a jury trial for the twins. Their cases were set for hearing next Tuesday morning at 9 o'clock.

Funeral of F. M. Finch Tomorrow

The remains of F. M. Finch, who was accidentally shot in Seattle two weeks ago, arrived in St. Paul yesterday, and the funeral will be held from Sloppy's undertaking rooms Friday morning at 11 o'clock. Acker Post, G. A. R., of which Mr. Finch was a member, has taken charge of the arrangements. Mr. Finch formerly lived in St. Paul and was engaged in the jewelry business.

TO CURE A GOLD IN ONE DAY

Take Laxative Bromo Seltzer Tablets. All drug stores refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.
