State Art Society Proposes to Cultivate Taste for Works of Art

The artistic sense of every citizen of Minnesota will be cultivated if the plans of the State Art society are carried out as announced in its annual report which was issued yesterday. The officers of the society hope to get together a collection of art works which shall be representative of Minnesota and which shall be the property of the society. This exhibit will be shipped from town to town in the state, where it will be placed on exhibition for a week or ten days, a small admission fee being charged to cover the expense of transportation. At the present time the revenues of the society are not large enough to admit of its buying the necessary paintings and specimens of handicraft and it has not asked the legislature for an additional appropriation, as it hopes that the friends of the society will donate enough cash or pictures to make a respectable showing. At the present time exhibitions are held annually in St. Paul and one other town of the state, the exhibits being loaned to the society for the three weeks. Premiums are offered by the society for the best work in each division, and a very good exhibition is generally secured, but the officers feel that the residents of the Twin Cities are the only ones who are deriving much benefit from the present system and the pictures which are loaned can-

not be shipped around the state. The officers also hope to secure the institute hall at the state fair grou for an exhibition each fall when the farmers of the state are in the city.

Applicants for Civil Service Jobs There Are Growing Scarce

The government is finding difficulty The government is finding difficulty in filling civil service positions for the Philippines. An examination for teachers and departmental clerks which was to have been held on March 1 and 2 has been postponed until April 5 and 6, owing to the small number of applications filed with the civil service board. service board.

The large rush of applicants for civil service positions in the Philippines which was experienced five years ago has dwindled down until the applicants, provided they should all pass, would be hardly sufficient to meet the

demand.

The board is unable to understand the scarcity in the supply of young men who would accept good paying positions in the government's new positions in the government's new possessions. Transportation to and from the Philippines is furnished by the government, provided the appointee stays in the service for two years. Ten per cent of the salary of the clerk or teacher is held out until it equals the expense which the government has been put to in transporting him to the Philippines. Judge Hallam Denies the Motion of Mrs. Lizzie Winkler

Judge Hallam yesterday refused the motion of Mrs. Lizzie Winkler for tem-porary alimony during the pendency of her suit for divorce from her husband. Charles Winkler, but that Winkler pay his wife \$25 for attorney's fees.

Winkler has been arrested and arraigned in the police court on a charge of non-support preferred by his wife and was acquitted of the charge. Judge Hallam decided that a man who could not be proven guilty of non-support in the police court was not under any necessity of paying his wife alimony when she was suing for divorce upon those very grounds.

motion made by the St. Paul City Rail-way company to set aside the verdict in the case of Daniel Kroning, who obtained judgment against it, and to grant tained judgment against it, and to grant a new trial of the case.

The case is one in which the plaintiff sued for \$10,000 damages as a result of personal injuries suffered in an accident. The jury allowed him damages in the amount of \$5,750 and the company asked that a new trial be granted upon the grounds that the veridict was not in accord with the textilice. dict was not in accord with the testi-

mony submitted.

Judge Lewis ruled otherwise and the case will probably go to the supreme court, as it is the rule of the street railway company never to pay mone which it is adjudged that they owe un-til the claim has been verified by the court of last resort.

DANCED IN HONOR OF ST. VALENTINE

Members of Commercial Club Give Party at the Rooms

given by the Commercial club last evening at the club rooms, about 120 couples being present. It was exclusively for members of the club and their ladies, being one of a series which the club is giving to make the members acquainted with each other. There was no attempt at decorating the rooms and the affair was entirely informal. Refreshments were served in the ladies' room and supper was served in the dining room.
