In addition to the discussion of the said day. bill mentioned an entertaining program of music, recitations, etc., will be rendered. Everybody is invited to attend.

### An Important Deal.

G. R. Heinemann, of Chicago, a menber of the Heinemann Lumber Co. which operates mills at Warsaw, Wis., was in town several days this week. His company has a large crew of timber estimaters in the woods here looking over a tract of timber owned by Akely & Sprague. Mr. Heineman said that his company would close the deal for the tract in case his men found the amount of timber claimed by Akeley & Sprague. This is one of the largest tracts of timber in the county. In case the deal is made the Heinemann company, which is one of the wealthy concerns of the country, propose to build an up-to-date sawmill in Grand Marais, and a railroad back into the timber country. While here Mr. Hinemann procured the names of all the owners of lands in the neighborhood of the Akeley & Sprague lands and will endeavor to purchase all the surrounding timber in case the deal for. the tract mentioned is consummated.

This proposed purchase by the Heinemann company is, we believe, a matter of great importance to the village of Grand Marais as it means the manufacture in this village of several hundred million feet of lumber, which would necessitate the construction of a large sawmill and the employment of a large crew of men for several years, both at the mill and in the woods. It would mean the construction of a railroad from The Ladies' Aid Society will meet Grand Marais back into the timbered districts which would be of vast im-
