

Osborne Binders, Mowers and Rakes at Webb Bros.

Shirting 5c, 7c, 8 1/2c, 10c, at the Jasper Racket Store

FREE MISSOURI DAY FREE

June 3rd was a free day at the World's Fair. No doubt we would all like to have been there to stand up for Old Missouri just the way those who are buying the

Good Old Columbia Buggies are Doing

Remember that the Columbia is not made at 2 different factories. There is only 1 Columbia buggy factory and that is at Hamilton, O. When buying a buggy use your own judgement. Don't look at the "ginger bread" and "ginger talk." You can't tell what is under the paint. Remember, a good buggy don't have to have a lot of extra pieces and a conglomeration of paint to sell it. That is why the Columbia stands at the head of the list and don't need any fixing.

THE DEERING BINDER is a binder that stands the test. It is the one binder that can run 12 years and make a good start on the 13th. That is just what they are doing. They are thick in the vicinity of Jasper and we know what we are talking about and can prove it by showing you the machines. We don't ask you to

take our word, but ask the people who own Deering binders. If they ever have to send for 2 or 3 experts every season to run their machines, and while you are asking you might ask people who have some other machines if they ever had to have experts to work on their machines. We stand pat, as we know the Deering is the only binder that don't give you trouble and can prove what we are saying. We hear of other machines, but that is all as they are 5 yrs behind the times. What people want is something that is up to date, something they know is alright, and that is the reason they are buying Binders.

TWINE, TWINE, DEERING TWINE IS THE BEST. We have a Car Load. Come on now and get the Twine you know is good. Don't forget us want the Best Wagon on earth for we have it.

Remember we will soon be in our new room in the new Opera House building, where C. L. SPAID will get in his fine work. When you want a fine buggy, come and see us. F. S. Just received full line Deering Repairs.

IT WILL BE IMMENSE.

JASPER'S CELEBRATION TO BE A DANDY.

Seventy five Dollars in Prizes For Flower Parade Alone. Other Attractions.

Jasper's Fourth of July celebration promises to be immense. The committee on finances have met with a ready response in the way of subscription and they hope to secure including stand- lights, etc., upwards of \$500. The committee desires to thank the people for responding so liberally to this enterprise. The flower parade will be one of the chief attractions. Seventy-five dollars has been set apart as prizes for this parade distributed as follows: First prize, \$25; second \$20; third \$15; fourth \$10 and fifth \$5. Even more money than this may possibly be expended for this parade.

Another feature will be a drill by 60 ladies. The ladies held their initial practice Monday night and it promises to be a beautiful attraction. Many other new and attractive features including a magnificent display of fireworks at night are being planned that will make the day long to be remembered by all who attend Jasper's celebration.

FORMER JASPER GIRL DEAD.

Miss Blanch Stephenson Passes Away in Montana.

The following from the Carthage Press tells of the death of Mrs. Geo. Stephenson; formerly Miss Blanche Martin at one time a pupil of the Jasper schools and sister to Miss Maud Martin a former Jasper teacher: "Mr. and Mrs. C. Stephenson of this city, have received a letter from their son, George, from Mont., announcing the death of his wife, who was formerly Miss Blanche Martin, sister of A. P. Martin, of Carthage. Mrs. Stephenson went to Culbertson about a month ago with her husband, hoping the climate there would benefit a pulmonary disease she was suffering with. She was conscious up to the last. She died at the home of her sister, Mrs. Mitchell.

The remains were interred at Culbertson. She leaves a daughter seven years of age. Mrs. Stephenson had many friends in Jasper who will regret to learn of her death.

The W. C. T. U. meets tomorrow afternoon at the Methodist church.

Purchasers of farms will make no mistake to see L. N. Manley Carthage for low priced money.

WEEKLY MARKET LETTER.

Interesting Stock News From Our Regular Correspondent.

Special to Jasper News.

Kansas City, Mo., June 7th, 1904. Tuesday - Prices for killing cattle continue to improve, and new tops are established nearly every day. Market is about \$1.00 higher than at the middle of May, and the gain for the last week is 15 to 25 cents. Prices were 10 cents higher yesterday, and market is strong and active today. The high prices of course, have brought out some choice cattle, and the best steers to-day brought \$6.25, the highest price since 1902. Several drives were good enough to sell at \$5.00 or better. Records for the year have been made during the past week by heifers at \$5.55; heifers and steers mixed at \$5.50; Western fed steers \$5.00, and heavy cows at \$4.00. Feeders are 10 to 20 cents higher than a week ago, and stockers and stock calves have sold strong this week, but 15 to 25 cents below two weeks ago. Feeders bring up to \$1.70; stockers \$1.60 for the best. Yearling calves continue dull and seldom reach \$1.00 now. Floods have held back some cattle, and when railroads get in normal condition and can handle business, it is possible that receipts will be swelled to such an extent that the decline will only be temporary. Hog market advanced 5 to 10 cents last week, as the result of light receipts. Although packers are still bearish, they are unable to depress prices, and the market has gained 7 1/2 cents so far this week. Best price today is \$1.55 to \$1.70, with weights below 200 up to \$0.55. Some hogs are beginning to show signs of grass, and such are discriminated against. The opinion is gaining ground that the lowest prices have been seen for the present. Prices for native and western sheep and lambs are a little higher than a week ago, and foxes and muskies are 10 to 15 cts lower. Receipts here continue light, and packers are good buyers for anything with any degree of quality. Trashy stuff, however, is slow sale. Spring lambs \$6.50 to \$7.00; clipped lambs up to \$6.00; choice yearlings \$5.75, and best ewes \$5.35. Market today is a little lower, but prices cannot suffer much at present, as the outlook for supplies for the next few weeks, has not improved any. A few Texas feeding sheep were sold last week at \$3.65.

Dewey.

Mr. G. W. Campbell has the biggest corn in the neighborhood. As some thought the dango last week was at our Tom Busby's we wish to correct such ideas. Mr. Od Thompson has his driving horse lame. It seems to have hurt its knee. Mr. and Mrs. James Goff spent a week visiting Carytown and Mr. Jones and grand in other folks. Chas. Stockton has returned to Butte, Idaho, where he makes \$35 a day, in the mines. Rev. Ferguson preached at Dewey Sunday afternoon and paid a beautiful tribute to his mother. We wish all men had such loving hearts for mother. The world would be better for such love, and there would be less gray hairs in some of our mother's heads. Bro. Ferguson is a power for good among us and all denominations love him.

DEATH IN A CISTERN

SAD END OF MRS. HORACE HOWEY.

Accidentally Fell While Drawing Milk Out Tuesday Morning.

Mrs. Horace Howey who lived a mile south of the Dewey schoolhouse was found dead in the cistern at her home Tuesday morning. The indications are that the death was accidental. She had gone out before breakfast to get some butter and milk that hung in the well. When found, she was still clutching the rope attached to the milk bucket. It is supposed that she went to draw this out and lost her balance and fell in.

When found, there was a bruise in her temple about the size of a half dollar and a bruise on her cheek, indicating that she struck something in falling, possibly the bottom of the well, as the water was only about waist deep. This blow may have stunned her, as otherwise she would likely not have drowned in water which was no deeper than this.

The deceased was 47 years old and her maiden name was Laura Elizabeth Bennett. She was born in Hardin Co. Kentucky, but has long been a resident of this county. She was the second wife of Mr. Howey and she leaves besides her husband one son Jesse, aged about 13 years.

Wm Sunderland came in this week and took home with him Osborne Binder that he bought of Webb Bros.

Cut the weeds about your premises.

Go to Fogar's for all kinds of cold drinks.

SUNDAY SCHOOL CONVENTION.

Lincoln Township Had Mud And Rain To Contend With.

The semi-annual Sunday school convention under the auspices of the Interdenominational association was held at Liberty Grove, in Lincoln township, June 4 and 5 and was a success. The heavy rains for several days preceding the convention kept away the speakers that were expected from Carthage and a distance, but while the ground was literally soaked the enthusiasm of the people was not even dampened.

Mr. Mackey, of Jasper, made the address of the day followed by local talent and exercises by the various schools of township which was carried over from Saturday on account of the rain. E. M. Reynolds was elected chairman for the ensuing year and the last echo of the convention had not ceased before he had begun preparing for our next convention which will be early in the autumn months. Many were at the convention from Sheridan township taking notes. They will hold their convention the 19th of June, at Zion church, and are making efforts for a good one. They have been repeatedly rained out but are not discouraged. J. H. S.

BARTON COUNTY DELEGATES.

They Were Instructed for Folk, Cook and Allen.

The democrats of Barton county met at Lamar Saturday and elected delegates to the state convention at Jefferson City and judicial convention at St. Joseph. The delegates elected were S. Finley, T. E. Thompson, H. C. Chancellor, G. T. Thompson and Smith Long. The delegates were instructed to vote for Jos. W. Folk for governor; Sam B. Cook, for secretary of state; Albert O. Allen, for state auditor and A. M. Woodson for supreme judge. The delegates to the judicial convention are R. E. Casement, Arthur Aull W. G. Warner and Dr. T. H. Duckett.

Geo Sturdevant, representing Webb Bros put up a wind mill and a system of water works for Mr. Cochran 8 miles southeast of Jasper last week.
