

MADE THE DEAF HEAR IN ONE MINUTE

Remarkable Demonstration given by St. Louis
Strange Philanthropist Before
Immense Throng

Removes Immense Parasite From System of Well Known Wo-
man With a Few Doses of Peculiar Medicine—
[Refuses Pay for Services]

St. Louis, Mo., Dec. 11. (Special)—
Excitement over the marvelous cure
of the Great Cooper's name unaltered.
One of the biggest throngs that has
yet gathered upon the noted philanthropist
visited him yesterday, and a re-
markable demonstration of his power
was given before the entire audience.
Selecting an elderly gentleman, whom
he noticed carrying an ear trumpet,
Cooper motioned for him to come for-
ward. He poured a few drops of a pe-
culiar liquid into the man's ears, and
then rubbed them gently for a mo-
ment. Stepping quickly backward to
a distance of six or seven feet, he asked in
an ordinary conversational tone, "Can
you hear me?" A look of surprise and
delight spread over the man's face, as
he answered, "Yes I hear you perfectly."

The gentleman was Mr. Wm. H.
Shearer, living at 2517 South 12th
street, and is widely known in this city.
Mr. Shearer stated that he had been
deaf for 25 years. He said "I called
at Wolf Wilson's to see what Mr.
Cooper could do for my hearing. I
was taken to a room where a demon-
stration, I recalled in the affirmative.
In a few moments I could hear plainly
every question that was asked me. I
did not believe it was possible for any
remedy to have such immediate effect.
My hearing is so much improved
already that I have every confidence
in its being entirely restored, and I shall
continue to use the remedies Mr.
Cooper told me to use."

Many of those who called had come
to thank Mr. Cooper for what he had
done for them, they having previously
written him a statement of their condi-
tion and having followed his instruc-
tions, had returned to tell him of their
cures.

A lady by the name of Mrs. W. H.
Emmer exhibited a glass jar contain-
ing a parasite 50 feet long which she
claimed had passed from her system
after taking a few doses of Cooper's
medicine. The parasite was alive and
squirming, and Mrs. Emmer anxious to
know what it was.

When Cooper informed her that the
cause of her ill health had been re-
moved she was greatly relieved, and
was profuse in her thanks to the phil-
anthropist.

Thousands of people viewed the pa-
rasite, and expressed surprise that such
a thing could exist in the human sys-
tem.

Mrs. Emmer is well known in this
city, living at 1108 Dillon street.

In speaking of her experiences, she
said, "I have been in poor health for
four years. I was in a general run-
down condition. I attributed this to
Stomach Trouble, as I had a very ir-
regular appetite with a bloating sensa-
tion after eating. I felt tired all the
time. Even in the morning I would
be as tired as when I went to bed. I
had dizzy spells with dark spots before
my eyes, and after the least exertion
I was completely exhausted. It was an
effort for me to attend to my household
duties, and even my mind seemed dull
and sluggish. My memory was poor
and if I stood on my feet for any
length of time I had a dull pain in the
lower part of my back, and if I went
up stairs rapidly my heart would beat
very rapidly. I tried everything I
could hear of without receiving any
benefit; in fact I grew worse and was
losing hope of ever being cured."

"I heard so much about this man
Cooper that I decided to write to him
about my case. He told me what reme-
dies to take and I began their use.
I had only taken a few doses when this
immense tapeworm passed from my
system. Now I know what was causing
all these years of suffering, and I am
sure I shall soon be entirely well, as I
am feeling a great deal better already.
I am deeply thankful to Mr. Cooper
for my remarkable cure."

A story with a touch of pathos was
related by a gentleman conversant
with the facts that illustrates the kind-
ly nature of the the philanthropist,
and explains to a great degree his
wonderful skill upon the people.

A delicate woman whose face bore
traces of care and suffering, whose
frail body was distorted by the ravages
of disease, seated at Wolf Wilson's
Drug Store and asked for the Great
Cooper but he was out and the woman
turned away resignedly but sadly dis-
appointed.

To her it was another stroke of mis-
fortune, and she turned her weary
steps toward the little home, where a
sick husband was awaiting her return.
But her disappointment was of a short
duration, for Cooper was just then
coming up the street. Noting the
careworn look and halting step he
came quickly forward and assisted her
carefully over the crossing. By a few
kindly, well directed questions, he
learned that she had been to call upon
the Great Cooper to secure medicine
for the sick husband, who had been ill
for a long time, unable to provide even
the barest necessities for his little fam-
ily.

The poor woman was greatly aston-
ished when she found that she was
talking to the "Great Cooper," as she
termed him. He assisted her back to
the drug store, supplied her not only
with the required medicines, but also
with a generous handful of silver and
sent her home with a light heart and
smile shining through tears. That
night a big basket of groceries was
left at the little home, and it was not
hard to guess who the donor was.

Another feature of Cooper's visit to
this city and one that has attracted a
great deal of attention, is the many
cures of Rheumatism, Stomach trouble
and Nervousness which he has effected.

An instance of this character was re-
lated today by Mr. C. A. Taylor, living at
4229 Finney Ave., who has been ill for
several years. Mr. Taylor said: "I have
been suffering from a severe nervous
disorder brought on by Stomach
Trouble. I was unable to sleep and
not being able to secure natural rest or
the proper nourishment from my
food, my general condition became so
run down that I was almost a confirmed
invalid. I had tried physicians and
various remedies without relief, and
was growing weaker every day. Two
weeks ago I wrote to Mr. Cooper and
described my condition. The remedies
he told me to use gave immediate relief.
My nervous trouble disappeared, and I
can eat heartily. My food digests, I
sleep as well as ever, and I am gaining
rapidly in strength and flesh."

Mr. Jas. Groves, living at 625 South
Broadway, said: "I have been suffering
with Rheumatism and Stomach Trouble
for 35 years, and have been treated by
some of the best physicians in this city
without any benefit."

"I heard so much about the cures
this man Cooper was effecting that I
wrote him a full description of my case,
and securing the medicine he advised
me to take, I began the treatment. In
5 days I felt like a different man. I can
now eat anything without it distressing
me. My bowels are regular and every
trace of my Rheumatism has dis-
appeared. During the recent bad
weather I did not have a single
rheumatic pain, greatly to my surprise.
My head feels clear and I am feeling
better in every way."

"I naturally feel very grateful to Mr.
Cooper. I wanted to pay him for what
he had done for me, but he refused to
accept anything—just said, 'My one
pleasure in life is to relieve distress. If
you know of any suffering friends, tell
them to write to me, care Wolf Wilson's
Drug Store, and the pleasure I will re-
ceive from relieving them of their
affliction will be all I ask.'"

SLOAN STOCK SALE

Only Fair Prices Secured—Big Free
Binder—Large Crowd Attended

The stock sale of R. M. Sloan yester-
day at the Sloan-Ayer farm north-
west of town, was largely attended.
Fifteen head of horses, 51 head of hogs
and 28 head of cattle were sold, besides
quite a lot of farm implements, wagons,
saddles, corn in the crib, wheat in the
stack, etc.

The stock had just come off rough
feed and did not bring as good prices
as it otherwise would, but the bidding
was spirited and the sales were very
satisfactory. B. F. Boland acted the role.

At the noon hour a big lunch of sand-
wiches and coffee, all that anyone
wanted of them, and cigars were served
free to the crowd. Ed Wood served the
lunch.—Press.

Don't Bite at This.

A new graft in Missouri is to try to
sell farmers a tank which, among other
virtues, possesses the magic power of
preventing the water in it from freezing,
no matter how cold the weather
may become. If the agent fails to sell
one he wishes to leave a sample on the
farmer's hands to be tried in the cold
weather and requires a signed contract
for leaving it. The contract later turns
up at the bank as a note for the sign-
er to pay.
