CARTHAGE, MISSOURI

PAISLEY'S ENTERTAINED THE ALPHA CLUB.

An Interesting Lecture on Cliff Dwellers by Departing Member.

The Alpha Club and their husbands, were very pleasantly entertained last Saturday evening, by Mr. and Mrs. W. O. Paisley who intend leaving this week for their new home in Omaha. Mr. Paisley highly delighted the club with his famous illustrated lecture, "The Cliff Dwellers." The collection of view used in connection with the lecture is a large one numbering some hundred or more, all of which were taken by Mr. Paisley during his trip among the Cliff Dweller ruins of Colorado. Mr. Paisley's rare collection of relics was obtained during his extensive travels; associated with many of these is a quaint and picturesque, not to say weird, story; one relic displayed was over two thousand years old, and was an object of much curiosity to the appreciative guests.

Vocal and instrumental music, was furnished by Mrs. McComb and Mrs. Paisley.

Mrs. Ballard, in behalf of the Alpha's presented in well chosen words expressive of the club's regret to lose so congenial and accomplished a member, a hand some engraved spoon. Mrs. Paisley's response was both touching and beautiful. Dainty refreshments were served by Mrs. Paisley and son, Oldham.

More than half the club were unable to be present on account of the inclement weather. Those attending were: Messrs. and Mesdames, H. E. Ballard, C. S. Johnson, A. H. Laughhead, J. Good, F. J. McComb, O. E. Roberts, Mrs. Shoemaker.

"The Hawaiian Islands" proved a most delightful and instructive theme of discussion, at the Alpha Club meeting with Mrs. R. J. Putnam, last Friday. The program was preceded by a business session, after which roll call was responded to with "Interesting Items on the Hawaiian Islands." Mrs. Putnam had a splendid paper on the "Natural Resources of the Islands."

"The Condition of the Inhabitants and the Lepers Colony" was most beautifully handled by Mrs. Ballard after which Mrs. Roberts gave a brief sketch on Porto Rico. A general discussion and current events closed the afternoon work. The next meeting will be held with Mrs. O. E. Roberts with a most interesting program on "Lincoln."

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 173 pounds." For severe colds, obstinate Coughs, Hemorrhages, Asthma, and to prevent Pneumonia it's unrivaled. 50c. and \$1.00 Trial bottle free. Guaranteed by Webb Bros., Drug Store.

THE KANSAS CITY MARKET

Reported for the News by a Special Correspondent.

Kansas City Stock Yards, Feb. 8, 1909. Cattle receipts here last week were 38,000, about 5000 head more than during the previous week. Liberal receipts at Chicago after Monday, and the great weakness there, caused a depression of 15 to 25 cents on steers here up to Friday, but the week closed with some signs of strength. Cows and butcher grades held more nearly steady, calves advanced 25 to 50 cents, and stockers and feeders closed the week a shade lower than close of previous week. The greatest loss on steers was on the more expensive kinds, as buyers were reluctant bidders when asked to look at anything worth \$6.00 or more. Top early in the week brought \$6.60, but while nothing good enough to test prices was here after Wednesday, the limit at the end of the week would have been around \$6.35. Supply of cattle today is 13,000 head market steady on steers, and strong to a shade higher on cows stockers and feeders. Urgent warnings were sent out against heavy marketing this week account of the enfeebled state of trade which successfully held the run down to a moderate figure today. Bulk of beef steers now sell at \$5.25 to \$6.15, heifers \$3.00 to \$5.50, cows \$2.75 to \$4.80, bulls \$3.00 to \$4.05, calves \$3.00 to \$6.75, stockers \$5.40 to \$5.20, feeders \$4.50 to \$5.25. Not as many half fat steers have gone into feed lots from here in the last week as heretofore.

Hog run last week was 70,000 head, and the market made a gain of 10 cents during the week. A feature of the week was activity of buyers Wednesday and thereafter balance of the week, and the advance in prices here almost up to the basis ruling at Chicago. Run is 17,000 head here today, market 10 to 15 lower, top \$6.40, medium weights, hogs weighing from 200 to 260 lbs, at \$5.95 to \$6.35, light hogs \$5.60 to \$6.10, pigs \$4.50 to \$5.35. The run continues about 25 per cent under this period a year ago, and prices have made a steady gain each week since the first of the year, amounting to 50 cents net per cwt.

Sheep lost a little ground last week, but lambs declined 25 to 40 cents from the high time last Monday. Run is 11,000 head here today, sheep scarce and steady, lambs steady to fifteen lower. Good lambs sold today at \$7.10 to \$7.35, medium kinds downwards to \$6.65, yearlings \$5.40 to \$6.25, wethers \$4.75 to \$5.35, ewes \$4.00 to \$5.00. Feeding wethers are worth up to \$4.40, ewes \$3.50, lambs \$6.25. J. A. Rickart.
