SEVEN WON PRIZES.

Miss Covert Won Gold Watch Offered for Best Work in First Prize Period.

Seven young ladies won special prizes last Saturday in the News big piano contest, four of them won two prizes each, and one took down three, making a total of twelve fine prizes awarded for the short period of less than three weeks since the beginning of the contest.

Miss Zelda Covert, of Jasper rural route No. 1, won the gold watch offered for the best work up to Saturday night, and the subscriptions she turned in also gave her a jewel box and a fountain pen. Misses Byrkie Thompson, Jessie Johnston and Nora Fox each won a jewel box and fountain pen, but Miss Johnston chose a ruby setting in preference to the jewel box. Miss Vaneh Simmons won a jewel box and Misses Zella Wright and Mamie Corder each won a fountain pen.

The young ladies all did splendid work and we look for better results later on, as interest in the contest is now very widespread; nearly everyone has his favorite candidate who he wants to see win the fine Malbar piano.

As will be seen elsewhere in this paper we are offering more special prizes for Saturday July 2nd, while the fountain-pen, jewel-box, ring offer is also extended to that date for the benefit of the young ladies who have not yet actually started work and who want a chance at these prizes. The winner of the watch, Miss Covert, is barred from the three special prizes offered for July 2nd, but the subscriptions she secures go right on counting for the piano just the same as those secured by any other contestant. Later on Miss Covert will be given a chance to win other special prizes.

If the young ladies display the same energy throughout the contest as has marked the first prize period it will certainly be one grand contest and the result will be close indeed. Before it is over the NEWS' circulation will cover this entire country like a blanket. But while some of the girls have a good start nobody is far ahead and the work done up to last Saturday is only a drop in the bucket compared to what will come in before the close of the contest. It will pay every contestant to attend strictly to her own "knitting" from now on, and those who want a chance at the piano should start as soon as possible. Often a "dark horse" makes good in the home stretch.

Judge Dykeman Announces.

If there is a man making the present primary campaign who needs absolutely no introduction to the voters of the county, regardless of party, that man is C. W. Dykeman of Oronogo, whose formal announcement for the Republican nomination for presiding judge appears in its proper place in this paper. Judge Dykeman occupies a unique position in Jasper county politics in that he has not entered the race of his own volition, having several times expressed his desire to retire. His splendid work in the past as presiding judge of the county court has convinced his friends all over the county that he is pre-eminently the man for the place, and they insisted so strongly on his making the race that he finally consented. He asks for the nomination purely and simply on his past record, and it is certainly a good one. He is one of the strongest men in his party and if he is nominated will come pretty near to leading the ticket.

Harland Burkett and Chester Melton were up from Webb City Sunday. The bunch of Western Union employes with which they are working left this week to work in more distant parts of the state and this was their last opportunity for several months to visit at home.

Vern Perry was here from Kansas City last Saturday. He has a billet with the Kellogg Mfg. Co., and took advantage of his trip this way to visit with old friends.

LaGrippe Weakness

"After a spell of La Grippe I was so weak and exhausted I could hardly stand. I began taking Dr. Miles' Nervine and was soon better in every way."
MRS. F. J. NORTON, Freeville, N. Y.
La Grippe seems to wrench every particle of vitality from its unfortunate victims. That's where the principal danger lies; because it leaves the system in a weakened condition which invites more serious diseases. During convalescence Dr. Miles' Nervine should be taken to restore nervous energy, and overcome this weakening influence which is the most serious effect of La Grippe. The first bottle will benefit; if not, your druggist will return your money.
