Worked the Town.

Two \$500 bills were in town, Friday, being sold. It appears that they had some samples of the bills and when they went to deliver the quantities, which showed to be \$500, the customers paid it as a \$500 note. When they had the bills they had the money back. The bills were made from a photograph of a woman in a dress and hat, and the letter was printed on the back. The bills were sold to the public for \$100 each. The money was used for the purchase of a new building for the Jasper News. The bills were made by the printer of the paper, and the money was used for the purchase of a new building for the Jasper News.

Rev. W. T. Ferguson Visits Jasper.

Rev. W. T. Ferguson and his wife and baby visited Jasper friends several days the past week. Mr. Ferguson was pastor of the M. E. Church here ten years ago, and is now located at Gregory, S. Dak. Mr. Ferguson preached Sunday night to a crowded house, and most of the large audience expressed to Mr. Ferguson their personal pleasure at seeing him again.

Bethel Epworth League.

The splendid program given last Sunday night was the best that has been given for some time, but the attendance was small. Another good program will be rendered next Sunday night. A special invitation is extended to all.

Correspondent.

An authority says there are more ducks in China than in all the bunches of the world. There are a lot of lame ones in the political centers of this country this year.

"Weeds and objections are easily raised." Get after the weeds and you will have little time to tend the other crop.

SENIOR PLAY AT LAST.

"The Time of His Life" to be Staged Saturday Week.

The Seniors are in readiness for the presentation of "The Time of His Life" Saturday night, April, 19. With two weeks' training there is no doubt of the success of the play.

"The Time of His Life" is a comedy in three acts and is one continual laugh from start to finish.

The most amusing characters in the cast are as follows: Mrs. Peter Wycombe, by Agnes Crow, who is handling the Southern accent nicely; Lester Goddard has a difficult part as Mr. Peter Wycombe, a pessimist who takes the wrong pill at the wrong time and has a great deal of trouble with his digestive organs; Bryan Brown, as Tom Carter a college bred fellow, who is always up to some scheme or other. The great laugh producer is Estey Busby as Uncle Tom, an old colored butler from the South. Busby is getting the "nigger laugh" in good shape.

Others are Roy Webb as Mr. Bob Grey; Clara Hubbard as Dorothy Landon, who is secretly engaged to Tom Carter; Joe Edwards as Mr. James Landon, sr., Dorothy's father, who has a peppy disposition; and Charles Grim as Officer Hogan.

Says I to Georgie Patterson; says I, "Which do you think the better buggy to buy?" Say he to me, says he: The new Racine I bought of Webb Bros. suits me.

Silo Demonstration.

The Burgner Bowman Lumber Co. has arranged for a demonstration of silage machinery to be given at Roe Cline's farm next Saturday afternoon, to which all farmers and others interested in this important part of up-to-date farming are invited. They will have a cutter and blower for filling the silo in operation, and from 1 o'clock to 6 p. m. will run free automobiles from their office in Jasper to the Cline farm. In case the condition of the roads will not permit of the auto trips they will have other conveyances to make the trips and will take interested parties to and from the place free of charge.

This will be the first demonstration of this kind held in this section and will no doubt draw a large crowd.

Sunday School Day.

Next Sunday will be a big day among the Jasper Sunday Schools. Joseph S. Walker of Joplin, president of the county association, and several other prominent Sunday School workers will be here and conduct a Sunday School institute at the M. E. Church in the afternoon, to which all Sunday School workers are invited.

Sunday morning at 11 o'clock prominent Sunday School men will occupy the pulpits of the M. E. and Christian churches.

Farmers, come and see how ensilage is cut and put into the silo at Roe Cline's farm Saturday afternoon. Free auto trips from 1 to 6. Burgner Bowman Lumber Co.

Bond Issue For Waterworks Likely.

A petition has been circulated this week asking the city council to call a special election to issue bonds for a municipal waterworks plant.

Hardly half a dozen citizens refused to sign the petition. Of course, it is not expected that every man who signed will vote for the bonds, but the gentlemen who are advising the matter feel that a considerable majority favor the proposition.

This is a matter that, if carried out, will benefit every property owner in the town. Insurance rates will depreciate, property values will appreciate, the chances for typhoid on account of bad water will be greatly lessened, and of course the convenience of having water in the house for domestic purposes is understood and desired by all.

The increased taxes will not be a burden and will be far outweighed by the benefits derived.

Let's get together on this proposition and put Jasper in line with other progressive towns that have long since proved the wisdom of this step.

E. D. McQuillen Dead.

Ed. McQuillen died at his home in Jasper Tuesday afternoon after an illness of several weeks. The funeral was held today (Thursday) at 11 a. m. at the M. E. Church South, the Rev. Mr. Hibbs of Fort Scott, Kans., preaching the funeral sermon. The remains were buried in Mitchell cemetery.

Mr. McQuillen has lived in and about Jasper most of his life. He was converted in his young manhood and for some years has been a devout and consistent member of the Holiness Church, frequently preaching in the church here and elsewhere. His reputation was that of a man who lived the religion he preached.

A widow and four or five grown children survive to mourn the loss of father and husband.

Stung Again.

Along in January this paper received from a firm in Chicago copy for a 5-inch single column ad to run four times. The firm stated that they accepted our usual price rates per inch and that it was their custom to send out "full payment checks" as soon as the ad ran four times.

We bit and so did other southwest Missouri papers. At the end of the term we mailed them a statement for the amount due and received in return certificates valued at 20 cents each, for the return of which they agreed to sharpen 12 safety razor blades for each certificate. Althum was right.

Selby Jones in Business.

Selby Jones who is so well known to Lamar and Barton county people will soon open a shoe store over in the building lately vacated on the west side. He is now in the market after a stock of goods and when he returns he will be getting ready for business.—Lamar Republican-Sentinel.

Mr. Jones is well known in Jasper, having been employed with the Conrad Mercantile Co. about a year and half. With his knowledge of the shoe business and being a wide-awake and intelligent advertiser The News feels sure of Mr. Jones' success.

Former Jasper Man Died.

Who is violating the law?

The Saloon Keepers' Protective Association met yesterday and decided to hold a meeting Sunday, April 20, to which the public will be invited. The purpose is to ascertain who is violating the law and to adopt plans to stamp out the illicit trade in liquor.

More than 100 saloon keepers were at the meeting, which was held at 1211 Grand Avenue. Earl Martin presided. In calling the meeting to order he said:

"This time has come for the saloon keepers to stand for law enforcement. All we ask is a square deal. I suggest that we have today for the inauguration of a campaign which will result in every man conforming to the letter of the law."—Kansas City Times, April 7.
