Gems, the most precious of earth's

weights of which we have records  
were seeds of uniform size from the  
fruit of the Kuara or coral tree and  
from the fruit of the carob or locust  
tree, which were used in Africa for  
weighing gold and later in the east  
for weighing diamonds.

### Extravagance

SLAYS JOYS OF LIFE.  
PRIDE IS THE DEVIL'S  
TOOL.

This old custom of credit  
and slow pay, and with some  
never pay, is fast driving the  
merchant of the small city  
to a cash basis, and, by the  
way, that will be better for  
everybody concerned as soon  
as they get accustomed to it.

#### Bank Your Friendships

No man can stand alone.  
All men need friends, and  
the friendships for the fair
