Ought to be Encouraged.
 Here is a chance to help a young
 boy in his laudable ambition to
 get an education, and at the same
 time he who helps him is likely to
 be greatly benefitted. It's no small
 matter to help make a man of a
 boy, and when the boy is made
 a man, the profits to all
 concerned will be large. The fol-
 lowing is from the Missouri Ruralist:

'Simon Gress, of Stepock, White
 county, Ark., has asked the editor
 of the Missouri Ruralist to help him
 get a home where he can attend
 high school. Simon is eager to ac-
 quire an education and is willing to
 work at anything he can do to pay
 his way while attending school. There
 is no chance for him to attend
 high school at home.
 'The Ruralist editor should like
 to see young Gress find a home
 in some member of the Ruralist
 family in Missouri or Arkansas. He
 writes intelligently and the editor
 believes he has the "pep" and the
 ability to make good. Some farm-
 ers near a good high school in town
 in the country should employ
 Simon Gress during the summer.
 When the fall term of school opens
 he will be willing to do chores and
 other work to pay for his board and
 room. Let's help this deserving
 young man. He can give good
 references and references should be
 sent to him if you offer him a posi-
 tion. Write to Simon Gress, Step-
 ock, Ark.'

Co-Operating.

According to The Jasper News a
 Farmer's Co-operative Elevator
 Company has been organized at
 Jasper with a capital stock of
 5,000. The company is com-
 posed of substantial farmers who
 realize the need of co-operation.
 A board of directors have been
 chosen and instructed to select a
 site and take immediate steps
 toward erecting a building, in order
 to be ready for this season's crop.
 This is a step in the right di-
 rection. The farmers have come
 to realize the advantage of co-op-
 eration and such organizations
 could be perfected in every com-
 munity. We have Fruit Growers'
 associations and need more co-op-
 erative, elevators such as Jasper
 farmers have organized. The farm-
 ers' interests are mutual; why not
 work together for each other's
 benefit?—Alba Leader.

**Rheumatism Yields Quickly to
 Sloan's.**

You can't prevent an attack of Rheu-
 matism from coming on but you can
 stop it almost immediately. Sloan's Lin-
 iment gently applied to the sore joint or
 muscle penetrates in a few minutes to
 the inflamed spot that causes the pain.
 It soothes the hot, tender, swollen feel-
 ing, and in a very short time brings a re-
 lief that is almost unbelievable until you
 experience it. Get a bottle of Sloan's
 Liniment for 25c of any Druggist and
 have it in the house—against Colds,
 Sore swollen joints, Lumbago, Sciatica
 and like ailments. Your money back if
 not satisfied, but it does give almost in-
 stant relief. H. F. Pitts.

A New Book
 THE STORY OF
Billy Sunday

Considered by many to be
 in some respects the great-
 est evangelist who ever
 lived. 300,000 people
 have made public confes-
 sion of Christ under his
 preaching, ranging from
 the down-and-outer in the
 gutter to the college man.

The story is entrancing,
 captivating. Sunday's
 power over men is nothing
 less than remarkable.

The price of the book is
 \$1.50 in a solid cloth bind-
 ing; a little more for leath-
 er binding. The print is
 fine and large.
