Two little fleas sat on a rock
And one to the other said:
"I have no place to hang my hat
Since my old dog is dead,
I've traveled the wide world over,
And farther will I roam,
But the first darn dog that shows his face
Will be my Home, Sweet Home!"
—Exchange.

The town spirit—or community spirit—is what counts in civic development. The citizen who will vote for town improvements on the opposite side of town from where he lives is not made of the stuff that counts for most in town development. Any citizen will not vote for walks and lights about his home—any farmer will help pay for a good road by his farm—but when it comes to putting lights and walks and good roads about another fellow's place—well, it takes a big-hearted, public-spirited man to do that. And Jasper has a bunch of citizens of this latter kind.

The advertising merchants of Sheldon have an earnest advocate in Mr. Storrs of the Enterprise. The Enterprise seldom goes to press without containing one or more articles urging its readers to trade with the advertisers. Aside from all possible selfish interests on the part of the paper, the advice is absolutely good. In nearly every instance the non-advertiser is a sort of human leech—drawing his life from the community and giving nothing in return.

Somewhat Hard to Digest.
On Monday morning little Jennie observed the kitchen assistant putting the clothes on to be preparatory to washing them. Rushing upstairs she exclaimed: "Oh, mamma, we're going to have boiled clothes for dinner!"

Keep your Skin Clear and Healthy

There is only one way to have a clear, healthy complexion and that is to keep the bowels active and regular. Dr. King's New Life Pills will make your complexion healthy and clear, move the bowels gently, stimulate the liver, cleanse the system and purify the blood. A splendid spring medicine. 25c. at H. F. Pitts.

..Brighten Your Corner..

"BRIGHTEN YOUR CORNER WHERE YOU ARE" is a favorite song in Billy Sunday meetings. The harvest is not far off and poor twine is worth less than nothing to the man in the field. If you will buy Plymouth Twine you sure can brighten the corner where you are. We have received one car already and the quality is the best. We have a nice line of Field Seeds, Cane, Millet, Sudan, Cowpeas, Soy Beans and Rape Seed. If you will buy one of those good Hercules Buggies or Maxwell Automobiles, then you have earned the right to join in the chorus, "Brighten the Corner Where You Are."

King Quality Shoes

FOR MEN

Pre-eminently the "King" among Men's Shoes. The name of King Quality on a shoe stands for foot comfort and long service. In this day of scarcity and high price of leather most manufacturers are cheapening their shoes by substituting fiber counters and heels in place of sole leather. All King Quality Shoes are absolutely guaranteed solid sole leather counters and leather innersoles. To prove that King Quality Shoes DO give long service we cite you a few cases of wear here in town.

Dr. W. H. Woods is now wearing a pair of King Quality that he has worn every day since the first of June, 1915, without a break in them. Think of it—eleven months continuous wear and still good for three or four months more, and he says every day has been a day of foot comfort.

Robert Horton has worn a pair for eight months and given them hard wear. They are still good shoes.

Bert Webb has worn a pair of King Quality Shoes for nearly two years. Ask him.

Are you getting eight or twelve months' wear out of the shoes you have been buying? If NOT, better get into a pair of King Quality and get your share of shoe service. They cost no more than the kind that give you only three or four months' wear. We have a good assortment of styles and widths. Bring in your feet and let us fit them. We have our new Spring line of Oxfords on display. Come in and let us show you and tell you some of the good points about King Quality Shoes.

We have our Summer Work Shoes in stock, both men's and boys'—soft, pliable elk skin. They will make your feet glad and every pair guaranteed to give you good service. Yours for better shoes,
