We can't use a lot of sensational headlines like "we need the money" "greatly overstocked," etc.,— those things aren't true. We've had a nice business.

Our regular stocks have been broken; many sizes out of certain patterns and styles are gone.

We're taking all of these fine suits

and we're making big price reductions on them in order to clean up---it's a regular summer clearance.

The values are extraordinary; our regular prices were close---now they're "rock bottom"---less than the present wholesale prices for similar merchandise.

You'd better stock up.

A BIG SAVING TO YOU!

Owing to the acute car shortage we have been unable to secure cars to ship lumber to the markets from our mill. Conditions are somewhat improved now and we are offering lumber at attractive prices in order to clean up our surplus before the rainy season sets in.

This will afford you an opportunity to get lumber direct from the mill. See our samples and get prices before buying.
