MICKIE SAYS

"Tweedledum and Tweedledee." We understand that the expression "tweedledum and tweedledee" is used to designate two things between which there is the smallest possible difference, and is applicable to disputes over trifles. It is also applied to nonsensical discussions such as the old logicians indulged in, e. g., when a farmer takes a pig to market, is the pig going with the farmer or the farmer going with the pig?—The Wire Message.
