

We Got 'Em Aull Het Up

Last Friday at a road meeting in Lamar., they asked us to express our views on the proper routing of the Jefferson Highway through Barton County. What we told 'em did not set very well, as the editor of the Lamar Democrat, Mr. Arthur Aull got aull peeved up and proceeded to roast us in his daily "hand-bill."

If blue-prints were long green and hot air was concrete aull them Lamar fellers would live on boulevards.

See us for Screen Wire Cloth, Screen Doors, Oil Stoves, Horse Collars and Sweat Pads, Coleman Lamps and Poultry Netting.

They got a blue-print at Lamar showing the Jefferson Highway crawling through the mud into Lamar from the southeast in a crooked line and winding around the public square like a snake three or four times before they allow it to escape to the northwest.

Peter Schuttler wagons and John Deere implements at reasonable prices.

Won't the tourists get a thrill of border days when they see a man hanging to a limb in the court yard of the Temple of Justice as they circle the public square at Lamar, Mo.

See us for Aull Sizes and Strength of Rope.

George Probert and family spent Sunday afternoon with Art Probert and family.

Mrs. Mary Klein of Nebraska and Mrs. Deninger of Golden re-

Did you ever hear the like?

One more year in Jasper, and like other years, the people say they never heard of the like. We hear some are telling wheat hurt by freeze 85 per cent. We hear the green bugs are ruining the crop and the better way to stop that is to tie an old cow out in the wheat field to eat them up. Others tell us a jackass tied near by to charm them with his music would do as much good. We admit we don't know, but we do know this—that every year we are told to buy but little binder twine as the crop is ruined. We believe it will take an exceptional amount of twine to handle the crop this year. Plymouth twine is 15 cents per pound cash for May and 16 cents in June. That is the market now. The price may change, we don't know. Use your own judgment. When you think the market is right we would like to figure with you. Next Trades-Day we are going to sell a new Hercules Buggy at your price to the highest bidder.

Come see your humble servants,

WEBB BROS.

P. S. Genuine Oyster Shell \$1.25 per 100.

turned to Golden Tuesday after visiting their brother and son Carl Deninger.

DORA HASTINGS, Propr.

CASH TALKS

There will undoubtedly be a large amount of twine used this summer. In order to take all discounts and give the farmer all advantage possible in price we must have the cash to do it, on or before May 21st. We will take your order and check up to that time for Deering Standard twine at 15c a pound, any quantity. After that time the loss of discount and local freight will make the price higher. If you want your money to give you a reasonable price place your order early.
