

## Winchester Shells O. K.

Since Roy has been helping advertise the Winchester line, trade is picking up. Glenn Stemmons who plays first sack on the Carthage Tigers Baseball Team and knocks them both right and left handed, bought his shells for Thanksgiving of us, and Guy Webb bought a new Winchester Gun. They promised to advertise for us over near Avilla. I know the game must have suffered over there. Jake Sunderland killed a hawk 100 yards (with a Winchester Shell) that measured 55 inches from tip to tip, and his son killed 10 ducks at oneshot with a Winchester Shell. O.R. Newsom of Nashville bought two cases Winchester Shells this week and Beel Coss of Medoc bought one case. Roy, says he, "Father, if we don't quit advertising the Winchester Shells the whole county will be buying of us." Says I, "Roy, let them come. We will help keep down the high cost of living and maybe we will sell some of the good American Fence, Hercules Buggies or Keen Kutter Cutlery."

Come See Your Humble Servant,

The Auxvasse Review says this is the way one editor touched up his defunct subscriber: "We are informed that a young matron in this town kneads bread with her gloves on. The editor of this paper does worse than that. He needs bread with his hat on. He needs bread with his shirt on, and he needs bread with his pants on and if the delinquent subscribers don't pay up very soon, he will need bread without a darn thing on, and this is no tropical climate,
