

## Standard Binder Twine

With the best prospect for a wheat crop we have had in years we are reminded that it will take a lot of Twine to bind it. We have bought a Twine called the "Standard" which we will sell for 94 cents per pound if paid for before June 1, as we get a discount on that date. If not paid for before June 1 it is 10 cents, and higher on September terms. This Twine looks all right. We will sell the Plymouth Standard for 1 cent per pound higher. If interested in Twine

come see us. If you can beat this price buy it of the other fellow.

We expect a car of Hercules Buggies by Saturday and will sell this good buggy with steel tires for \$100 or for \$110 with rubber tires.
