The TRIBUNE'S subscription list continues to grow. Every week closes with several new names added to the list. Some few stop but for some time there has been an average of over two new ones for every one that stopped. We doubt if there is a paper in the county whose subscription list is better paid up than that of The TRIBUNE. While there are a few who are considerable in arrearage yet we are glad to say there are only a few.

One of our readers told us the other day that he read everything in The TRIBUNE—advertisements and all—every week.

There are many people in Montgomery county who are not readers of The TRIBUNE and who should be. Had you thought of it? Come in and subscribe now only one dollar a year.
