Rev. J. E. Kerr will leave Monday for Concord, Mo., where he will conduct a revival meeting.

Sombody has discovered that corsets were worn by women in the year 1000 B. C.; and there are reasons for believing that pressure was exerted on woman's waists even much earlier than that.

Revival Meeting Closed.

Rev. H. A. Hunt and wife have just closed a great meeting with us. The church has had a great spiritual uplift, and many conversions as a result. 36 have been added to the church, 21 by baptism, others by letter and relation. To my mind Mr. Hunt has the right idea of evangelistic work. He preaches the word and depends upon the Holy Spirit to do his work in leading souls to Christ. He does not shun to declare the whole counsel of God, and expects that God will not allow this to return void—the great stress placed upon personal work in the congregation which was crowded with great success. Six old people were added to the church, their ages would average seventy years. Two by letter one by relation and two by baptism.

Brother Byron Bibb led the singing to the delight of us all, and Sister Hunt's solos were uplifting. This meeting is one of the greatest meetings the Baptist Church has ever enjoyed. The church is stronger and better prepared for services, and by God helping us expect to do great things.

Brother Hunt is a man who preaches the truth of God's word no matter who or upon what it falls, and this is just what the world needs. May God give us more such men as Brother Hunt, May God be praised for the good which has come to us as a church and people.

The Pastor, Thomas M. Green.

BIG FIRE AT MEXICO.

The Hathaway Grain Co.'s Store Destroyed, City Hall Badly Damaged.

From the Mexico Ledger.

Monday night, a bout the hour of ten, the entire city was alarmed by the incessant ringing of the fire bell and the vivid flames which shot heavenward in the most central part of the business section. The Hathaway Grain Company's store was in a blaze which threatened to destroy the surrounding structures and wipe out the business buildings of the town.

How the flames originated is a mystery, but at ten o'clock the fire discovered smouldering in the building and at 10:15 the flames could be plainly discerned through the volumes of smoke which filled the interior.

A few seconds after the first alarm several streams were playing upon the parts of the doomed building where the holocaust seemed to have gained the greatest headway. It was impossible to see anything as a gale from the south blew the smoke, in vast volumes, toward the north where the falling rain forced it close to the ground and made it exceedingly hard for the firemen to discern objects more than a few inches in front of them. At one time the sweep of flame was so great that the streams evaporated before they reached the burning structure.

Mr. Hill's residence, just west of the Hathaway store, was first saved by the firemen and then they devoted all their efforts toward the smoking City Hall.

This morning the city Hall is roofless and the greater part of it damaged by water. The flames in the cupola, where the fire bell is located, blazed still but the remainder of the building was not even smoking.

At 9:30 Tuesday morning the cupola of the City Hall fell with a crash and several firemen, in the second story, narrowly escaped crushing.

Spontaneous combustion is given as the cause of the fire.

Obituary.

Kiser Wilson Moore, the infant son of Harry and Mattie Moore was born Dec. 1st, 1904, and died Sept. 5th, 1905, his life of a few brief months will linger long in the minds of many. He showed a remarkable sweetness of disposition and an early recognition of greatest friends.

For three months he was to a great extent a little sufferer, and he was patient and always showed a sunny disposition. His disease finally claimed him, and all was done to ease the little sufferer that could be done, and the ties that bound him here were all broken and the spirit, freed from the imprisoned clay, took its flight. May the father, mother and little sister be consoled with the thought that their loss is his eternal gain, our baby is now in Heaven.

The little grave in the churchyard among so many relatives now only holds the clay, a sweet remembrance of such is the Kingdom of Heaven. X.
