## POEMS TO MEMORIZE

This department is a sort of "Poet's Corner." Under the heading "Poems to Memorize" will be found some old familiar poem each week which, we believe will be of interest to our readers.

### THE WAY TO HEAVEN

BY J. G. HOLLAND

This is one of the most popular poems by that Bayard of American verse, Josiah Gilbert Holland.

Heaven is not gained at a single bound;  
But we build the ladder by which we rise  
From the lowly earth to the vaulted skies  
And mount to its summit round by round.

I count this thing to be grandly true,  
That a noble deed is a step toward God—  
Lifting the soul from the common sod  
To purer air and broader view.

We rise by things that are 'neath our feet;  
By what we have mastered of good and gain;  
By the pride deposed and the passion slain.  
And the vanquished ills that we hourly meet.

We hope, we resolve, we aspire, we pray,  
And think that we mount the air on wings  
Beyond the recall of sensual things,  
While our feet still cling to the heavy clay.

Wings for the angels, but feet for the men!  
We may borrow the wings to find the way—  
We may hope and resolve and aspire and pray,  
But our feet must rise, or we fall again.

Only in dreams is a ladder thrown  
From the weary earth to the sapphire walls;  
But the dreams depart, and the vision falls,  
And the sleeper wakes on his pillow of stone.

Heaven is not gained in a single bound;  
But we build the ladder by which we rise  
From the lowly earth to the vaulted skies,  
And mount to its summit round by round.

## WRECK AT HIGH HILL

Rear End Collision on Wabash Nine Miles from Montgomery City

### TWO DEAD, SIX INJURED

A terrible rear end freight train collision occurred on the Wabash road near High Hill Monday night at about eleven o'clock. Freight train No. 92 was running in two sections about twenty minutes apart, and section one stopped at High Hill for water, flagging section two as is the rule, but section two was apparently not under control, and ran into section one with terrific force, plowing its way through, knocking things helter skelter, until the engine was derailed and demolished. When the engine struck the caboose the stockmen were hurled into the air, and while badly bruised, physicians say they will recover. The engine fell across the track and Fireman Hughes who fell between the engine and tender, was mashed to death. Engineer Wray was thrown into a car of hogs and had to fight them off to keep from being devoured. His arm was broken and he was also badly bruised and hurt internally, but will, it is thought, recover.

## DECIDE YOURSELF.

The Opportunity is here. Backed by Montgomery City Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Montgomery City indorsement.

Read the statements of Montgomery City citizens.

And decide for yourself. Here is one case of it.

L. F. Lorton, living in the eastern part of Montgomery City, Mo., says: "Every spring until last year, I have had attacks of lumbago. I was unable to do my work and was so bad that I could not turn over in bed without having torturing pains passing through my loins. My neck hurt me and I had aching in the back and top of my head. If I remained seated long I could not stand erect immediately. It seemed impossible to straighten and I could not lift anything. I tried plasters and everything I could hear of without obtaining relief. When the trouble was coming on last March, I got Doan's Kidney Pills from Crump & Kidwell's drug store and took them and I have not had the least trouble since, which is the first spring I have been free from the complaint for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
