LAST Wednesday Sedalia went "wet" by a large majority.

FIVE hundred and fifty-two Missouri boys will accompany the Atlantic fleet on its trip around the world.

THE Northeast Missouri Press Association, and Editorial Association First Congressional district of Missouri will meet at Kirksville June 26th, 1908.

THE C. B. & Q. R. R. is filling its \$300,000,000 mortgage on its property in every county through which the road passes. It has already been recorded in many Missouri counties.

ACCORDING to a decision filed in the State Supreme Court en banc some days ago the eight-hour telegraph law is unconstitutional. The opinion rendered holds that the law is illegal because it discriminates between classes in that it allows train dispatchers to work twelve hours where there is only one operator employed in the day time.

WM. E. CONSTANCE, of Bear Creek township announces this week his candidacy for the office of Assessor of Montgomery. Mr. Constance is an old and highly respected citizen of the County. He is fully qualified to fill the office which he seeks. He earnestly requests the support of his friends and the Republican voters of the County at the Primary Election, August 4, 1908.

In this issue of the TRIBUNE we print the complete program for our coming grand chautauqua. It will interest you. The best talent procurable has been secured by the management and they will be here for a week commencing August 18. Read it and make your arrangements to be here and spend a week and enjoy a week of high class entertainment and instruction. Remember tickets on sale now. They can be purchased of any merchant. Buy your tickets in advance and save 50 cents on each one, at the gate all tickets will be sold for \$2.00.

THERE is no opposition in the republican party to the re-nomination of Sheriff Earnest, and therefore he will, of course, be the

nominee of the party this fall. Mr. Earnest has been an efficient official and is very popular with the citizens of the county. He will poll the full strength of the republican party vote.

OKLAHOMA business men are hard at work trying to overcome the damage done that state by its Democratic constitutional convention and its Democratic legislature but they will not make much headway. The only real way for Oklahoma to get right is to become a Republican state. Democratic States from one end of the Union to the other are avoided by both capital and labor. Republicanism spells prosperity. Republicanism means increased population and increased business.

FINAL SETTLEMENT.

Take notice that I will make a final settlement of the estate of CLARINDA P. ANDERSON at the July term 1908 of the Probate Court of Montgomery County, Missouri. Said term to be held at the court house in Montgomery City, Montgomery County Mo. and to begin on the third Monday in July, 1908.
 THOMAS M. ANDERSON,

RELIEF FOR THE UNFORTUNATE.

Where the United States is Behind European Countries.

The plan for establishing a state labor colony incidentally calls attention to the backwardness of the new world in two important matters, the relief of honest men out of employment and the suppression of vagrants. Save for the work done chiefly by private organizations, in a few large cities, there would be absolutely nothing in the United States which a Swiss, German or Dutch charity worker might compare to the labor colonies of his native land. Even a Frenchman, whose country is overrun by vagabonds, can point with pride to relief measures which have already done much to reduce the suffering due to the enforced continuous idleness of from 6.5 per cent. to seven per cent. of all workmen. The idea of allotting small gardens to men out of work was conceived and put into practice by Gen. van Bosch in Holland as far back as 1818; to-day more than 2,000 poor families are thus supported in the little kingdom. The environs of Paris are dotted with some 7,000 plots assigned by the Workmen's Garden Society to the unemployed, either gratis or at a nominal cost.

Sun's Heat.

Popularly speaking, the heat of the sun is such that the total annual output of all the earth's coal mines would serve to keep up the solar radiation for only one-fourty-millionth part of a second. If the earth was a solid mass of coal and could be supplied to the solar furnace it would last just 36 hours. The same difficulty attends the attempt to mentally realize the amount of the solar heat that is appropriated by our planet. Science has demonstrated that the amount of the sun's heat caught by the earth is only the 2,250-millionth part. In other words, the heat of the sun is sufficient to warm up 2,250,000,000 worlds the size of the one we are living in.—New York American.

DOWNWARD COURSE

Fast Being Realized By Montgomery City People

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow; Diabetes and finally Bright's disease.

This is the downward course of kidney ills. Don't take this course.

D. A. Wilson living at the corner of Coal and Anderson sts., Mexico, says, "I am an endorser of Doan's Kidney Pills. I had my back hurt when I was fifteen years old and it has been more or less sensitive ever since. Recently it became unusually lame and every moment was a pang. My kidneys bothered me. I was compelled to rise many times during the night to urinate. There was pain in the back and top of my head, spots dancing before my eyes. I had tried numerous things but receiving no good from them, it occurred to me to get Doan's kidney pills that people were so highly recommending and I procured them from a drug store and they gave me positive relief at once.

Plenty more proof like this from Montgomery City people. Call at Crump & Kidwell's drug store and ask what customers report. For sale by all dealers. Price

50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's and take no other.

If you see it in the TRIBUNE tell the man that advertises.
