### An Active Governor.

Governor Hadley was absent from the state again last week attending the National Rivers and Harbors Congress at Washington, where he occupied a prominent place on the program along with President Taft, the German Ambassador, members of the Cabinet and leading members of the Senate and House. During the first year of his administration Governor Hadley has been more actively engaged in public movements in the interest of the state than all of his predecessors during their entire four year's term.

### ONE DOLLAR BARGAIN.

The Twice-A-Week Republic, of St. Louis, Mo., is making a special Christmas offer of a three-year subscription to their paper for \$1.00. This rate will positively not be good after December 31, 1909. Any number of subscriptions will be accepted at this ridiculously low price while the rate is in effect, from December 1st to the 31st, but positively no premiums or cash commission will be allowed. The \$1.00 price is absolutely net.

The Twice-A-Week Republic is the oldest, biggest and best metropolitan semi-weekly newspaper in the south-west. You should take advantage of this liberal offer and tell your friends and your neighbors about it. Send your money to The St. Louis Republic, St. Louis, Mo., without delay.

## INDIAN GIRL A PHYSICIAN

Granddaughter of Chief of Omahas Ministers to Physical Needs of Tribe.

The first Indian girl to study medicine is Dr. Susan LaElesche Picotte of Walthill, Neb.

She was graduated both from the Hampton, Va., and from the Woman's Medical college in Philadelphia, with the highest honors, and was the first Indian girl in this country to study medicine. She lives in a beautiful, modern house, replete with all the present day comforts.

Dr. Picotte is the granddaughter of the great Chief Joseph of the Omahas, whose advice the tribe still follows, and when her eldest sister was graduated from Carlisle, Pa., and returned to teach the government school at Omaha reservation, this little Indian maiden could not speak a word of English.

When she left the tepee where she was born and went to live in the little log house it was a wonderful day for her, and no sooner had she learned the English language than she saw what was needed.

Young though she was, she resolved to give herself for the uplifting of her race, and the best way for her, she was convinced, when the time came to make the choice, was to become a country doctor.

By this means she is ready for any emergency. Having married a Sioux Indian from Yankton, S. D., after her babies were born she tried to hand her visiting practice over to other physicians who had now settled on the reservation, but her people would not listen to such a thing.

"Bring the baby with you," they said, "if you cannot come without him."

### STEEL TARGET RAFTS.

Two compressed air target rafts of steel are being built at the Charlestown navy yard. Heretofore the rafts have been of wood surmounted with canvas wings. The rafts, shaped much like a small vessel, will be towed around like a barge. They are each about 150 feet in length, 25 feet in depth at the deepest section, and have a beam of about 26 feet. The deck section is a sort of an overhanging platform, and the hull part shapes down in triangular style to the keel. Each will have many water-tight compartments, and the compartments will be filled with compressed air, which makes the rafts float even if holes have been shot in half a dozen of the compartments.

### HIS FIRST BANQUET

Nephew—But, Uncle John, you left the banquet table too early. You should have waited for the bon mots and the repartee.

Uncle John—Oh, don't worry; I was satisfied. You see, I don't drink nor smoke.

### IMITATING FATHER.

The other day I took my young nephew to the barber shop for the first time. I hated to see the soft little curls cut off, but his mother decided they must go. As the barber tied the towel under his baby chin, he remarked: "How do you want your hair cut, young man?"

"Wif a little round hole in the top, like my faver's."—Delineator.

### WHAT AMBER IS.

Amber is a fossilized vegetable resin, found in great abundance on the shores of the Baltic sea, especially between Koenigsberg and Memel. In all probability it is derived from extinct coniferous trees. It becomes negatively electric when rubbed, and manifests this property in a marked degree.

### ENTERPRISE IN MINNESOTA.

Electric vacuum cleaners are rented out by the day by electric light and power companies of Minnesota.

### A STEADY DRAIN.

Sick Kidneys Weakens the Whole Body—Make You Ill, Languid And Depressed.

Sick kidneys weakens the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Montgomery City cures prove it.

S. S. Mitchell, of Montgomery City, Mo., says: "For five years I suffered from kidney trouble. I had severe pains in the small of my back, tired easily and felt languid and nervous. Headaches and dizzy spells bothered me and at times there was a blurring before my eyes. The kidney secretions passed too frequently and annoyed me greatly at night. Learning of Doan's Kidney Pills I produced a box and though I have used them only a short time, I can say that I feel a great deal better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

### EXECUTOR'S NOTICE.

Notice is hereby given that Letters Testamentary on the estate of David H. Whitehead deceased, were granted to the undersigned by the Probate Court of Montgomery County at Montgomery City, Mo., on the 23rd day of November, 1909.

All persons having claims against said estate are required to exhibit the same to the undersigned for allowance within one year after the date of said letters, or they may be precluded from any benefit of said estate; and if such claims be not exhibited within two years from the date of this publication they will be forever barred.

JULIA F. WHITEHEAD, Executrix of the estate of David H. Whitehead, dec'd. Dated this 26th day of November, 1909.

### LACK PHYSIQUE OF GERMANS

Englishmen Much Inferior in Stature to Their Rivals, Says London Newspaper.

Ten millions of our people inhabit dwellings inferior to the kennels provided for the hounds in a well-managed hunt. The results of living in dwellings unfit for human habitation and the prevalence of a dietary scale from which English meat, bread and milk are excluded, are fatal to successful rivalry with a virile and healthy race where agriculture is fostered for strategic reasons.

Having spent hours in watching the arrival of the early morning trains in Berlin and Hamburg, I am appalled with the contrast between the vigorous and well-set-up, broad-chested and healthy looking clerks, brawny shopmen and stalwart laborers on the other side of the North sea, and the champagne-shouldered cow-hocked, pigeon-chested, lack-luster trainfuls of men of the same classes landed at Liverpool street, Victoria and Charing Cross.—London World.
