The case against David Nevens, the janitor of the opera house, who was engaged in the Wood-Lyon embroglio, was dismissed.

The case against Richard Sullivan, charged with vagrancy and trespassing, was dismissed.

Willie Levin, for vagrancy, got \$10.00. Albert Hearn, for a plain drunk, was taxed \$5.00.

Out in Arizona.

Hon. A. W. Sheldon, Associate Justice, Supreme Bench of Arizona Territory, writes as follows: "It affords me great pleasure to say, from my personal observation, and you know the scope of such observation, that the great and wonderful conqueror of pain, the sovereign cure for all bodily aches and pains, and I cheerfully bear this testimony."

A Small Blaze.

Yesterday evening about 4:45 fire was discovered in the dwelling house on Pettis street, owned and occupied by Fred Brush, a colored transfer driver.

The house was occupied by two families, Mr. Rush and Mr. Thomas, and as they were all in the front part and the fire originated in the kitchen, from the cook stove, it was not discovered until it had gained good headway.

The place is valued at about \$600, and the damage to the house will amount to about \$250. Mr. Rush had a small insurance. The furniture was all safely removed to the house next door.

The Burmester Case. Nicholas Burmester, the man who so brutally assaulted his wife on the 6th inst., was arraigned in Justice Halstead's court yesterday on the charge of assault and battery.

Mrs. Burmester, the prosecuting witness, presented a pitiable spectacle, the wounds on her face, the result of the cruel blows administered by her brutal husband, being still visible, showing the ferocity of the assault.

The greater part of the day was taken up in the examination of witnesses, and at a late hour last evening the testimony was closed, and to-morrow morning set for the argument of the case. The evidence adduced is substantially the same as that heretofore published.

The state was represented by County Attorney Heard, and Henry Lamm looked after the interests of the defendant.

Electric Light. C. A. Daigh, state agent for the Excelsior (Hocuseen) Electric Light company of Chicago, is in the city in the interest of his company. The following telegram received by Mr. J. D. Sieber yesterday will explain Mr. Daigh's business in Sedalia:

CHICAGO, March 15. J. D. Sieber. Have contracted for Excelsior light job engine, and bought entire outfit at satisfactory figures.

Mr. Daigh informed a BAZOO reporter last evening that his company would commence at once the erection of fifty poles, and wire covering five miles of territory.

Two twenty-five-light dynamos, with fifty arc have been ordered. The company will commence with about fifty incandescent lights, with switchboard, galvanometer and amperé metre, together with a sixty-horse power 1de engine and boilers complete.

This is the only system which uses the arc and incandescent light on the same wire.

Horsford's Acid Phosphate. Well Pleased. Dr. C. Roberts, Winchester, Ill., says: "I have used it with entire satisfaction in cases of debility from age or overwork, and in inebriates and dyspeptics, and am well pleased with its effects."

As When She Was Young. "I have used Parker's Hair Balsam, and like it better than any similar preparation I know of," writes Mrs. Ellen Perry, wife of Rev. P. Perry, of Goldbrook Springs, Mass. "My hair was almost entirely gray, but a dollar bottle of the Balsam has restored the softness, and the brown color it had when I was young—not a single gray hair left. Since I began applying the Balsam my hair has stopped falling out, and I find that it is a perfectly harmless and agreeable dressing."

TALKING TO TALMAGE.

A Brief and Pleasant Interview with the Powerful and Popular Preacher.

According to appointment, a BAZOO reporter called at the rooms of Rev. Dr. De Witt Talmage at the Garrison house yesterday afternoon and spent an hour in pleasant, social converse.

The eminent divine, although greatly wearied by continued travel and with fulfilling his numerous engagements in the lecture field, met the reporter in a most pleasant and suave manner and in his free, pleasant and unconstrained style chatted of his recent travels and lectures.

"How have your audiences averaged, doctor?" asked the news monger. "Splendidly; I have not had a poor house since I left home."

"How long have you been out on your present tour?" "I left New York a week ago last Monday and went to Chicago where I fulfilled an engagement to lecture. From there I went to Keokuk, Iowa, thence to Atchison, Kansas and Lincoln, Nebraska."

"Where will you go from Sedalia, doctor?" "To St. Louis, and from there to Springfield, Ill., where I lecture Monday night."

"Will you preach in St. Louis to-morrow?" "No, sir, I am too much fatigued and must improve the day of rest in the true sense of the term."

Dr. Talmage informed the reporter that his weekly congregation numbered about 6,000 people, and that there were 3,100 members on his church roll. The great platform orator expressed his gratification of western people and of the manner in which he had been received in Kansas City, Sedalia, Lincoln, Neb., Atchison, Kas., and other western cities.

The doctor left last night for St. Louis, carrying with him the best wishes and the most unbounded expressions of admiration of all who had the pleasure of hearing his able effort.

It looks like the manuscript of the caricatures, and Mr. Townsend says he will read it as soon as he can get a day off and borrow a step ladder.
