

WEEKLY BAZOO.

SEDALIA, MO.

TUESDAY, JULY 19, 1887.

WEATHER REPORT.

Corrected daily for the BAZOO by C. G. Taylor, Horologist and Optician, No. 108 Ohio street, for the twenty-four hours ending at 2 o'clock p. m., July 16, 1887.

Table with 5 columns: Time (7 a.m., 9 p.m., 9 p.m.), Temp (80, 99, 84), Wind (SW, SW, SW), and Weather (Clear, Clear, Clear).

SEDALIA GOSSIP.

Very newsworthy in the court house these days. Cawnpore was captured July 17th, 1857. Plenty of country people in town yesterday. The demand for fair catalogues is immense. The new brick walk at the hospital is completed. The shady sides of the streets are popular at mid-day. Fort Mackinaw was captured July 17th, 1812. The Missouri Pacific dropped in yesterday to gladden the boys. The heat was mitigated yesterday by a pleasant breeze from the west. The police court was dreadfully barren of news items yesterday morning. Go to Hughs Bros. to find clean and fresh groceries, 119 East Second street. The ministers will probably meet for the last time, during the hot weather, tomorrow evening. The Clay pigeon "shoot" at the park Friday afternoon, was attended by a number of local Nimrods. The engine-house walk will be brought up before the council tomorrow night, for disposition. The Koeber family at Raiffeisen's last night sang and played delightfully, and were generously applauded. Mr. James Ramsey, who has been down for two or three days from the effects of the heat, was some better last evening. W. D. Fellows was prostrated with the heat yesterday afternoon, and had to go home. He was reported badly off last night. There still remains a few who have failed to take out their water license. Go without delay to the Sedalia water works office—and be happy. There is nothing specially interesting in the Robb case. It will be the main attraction in Esq. Fisher's court tomorrow morning. The fire engine of No. 2 company was taken over to the new house, yesterday morning, for a few minutes, to see how it would fit the new quarters. Milo Blair, J. P., has fitted up rooms in the building, 319 Ohio street, and is ready for any just business that may be presented to his care and consideration. They call it "Sparrow Block," now, at the northeast corner of Second and Ohio. There do be a good many of this kind of birds at that corner, to be sure. The brick to be used in the new sewer are being procured in Boonville by the contractor, it is stated, he alleging that he gets the material at a better margin in the vine-clad city than here. Michael Brady, the hermit Irishman, who was buried Friday, had, when he died, \$628 deposited in the First National bank, Sedalia, which has been turned over to the public administrator. White, the alleged deserter from the Army, is still in the calaboose, awaiting a reply to the letter which Officer Barnett sent off to Fort Leavenworth the morning after White gave himself up. Matthew Meyers, an ex-policeman, has been appointed the mounted force. His district will embrace the territory west of Ohio street. Prentice, the other mounted patrolman, will cover the city lying east of the street indicated. The two-year old boy of John Keeler died Friday night at the residence of the parents, north of the railroad. The child was buried at 4 o'clock yesterday afternoon at the cemetery, Rev. J. H. Gillespie conducting the services over the body. In the list of parties proposed for membership in the Marble Dealer's Union, Friday, and elected, should be the name of A. H. St. Louis, of Sedalia. It was inadvertently omitted from the report, which will be found in another place. The two undertakers of Sedalia—Messrs. Hibbs and Hillis—have names so much alike that a careless scribe is likely, if he doesn't put definite shoulders on the "b's" and dot his "i's" in accordance with the Spencerian system, to get the two inextricably mixed up, and that state of affairs would be too bad for anything. The Ohio street Methodist church trustees have bought two lots at the corner of Fourth and Missouri avenue, to which they will remove the two-story frame building, now occupying the lot at Fourth and Osage, and upon which work will shortly be commenced in the erection of a chapel, as already stated in the BAZOO. That blind organette player is up with the times. His cut paper pattern are regulated to suit all tastes. If one wants hymn tunes he can be accommodated, and if one desires lively dance music, the blind man is right there with "Money Musk" or "Dog Found a Rye-straw," or similar inspiring airs, which although inclined to be old-fashioned, still maintain their hold on popular favor. The docket of the police court for several days has borne the names of Marion Hughes and Hattie Daniels, both negroes, and both of vicious propensities and habits. They stand charged with lewd conduct, disturbing the peace, and etc. Through one pretext or another, they stayed off arrest, and Friday, it is reported, left the city for parts unknown. The woman it is said, left behind her a child, three years old, who will be a charge upon the county, possibly, if the mother does not return.

PERSONAL.

Sam Kingsbaker leaves on a business trip to-night for the south. Mr. John N. Dalby returned Friday night from a trip to Kansas City. Mr. and Mrs. J. A. McConnell, of Lamonte, were in the city yesterday. Chas. Brigham has gone to Dodge City, Kan., and will make that his future home. Walter Shirk who has been the guest of relatives in this city left yesterday morning for Kansas City. Miss Annie E., daughter of R. E. Evert, the stock dealer, has gone to Iowa, Kansas, to visit relatives and friends. Justice Milo Blair goes to Iowa tomorrow to finish up some mail letters. He will be absent from Sedalia about a week. City Treasurer Vitt and family will spend the next ten days of the heated term with friends in Morgan county, near Tipton. Mr. and Mrs. John Holsman and child of East Sedalia, have just returned from Nebraska, where they have been the past month. J. W. Bruns returned home yesterday from a trip to Iowa, Nebraska and Kansas. He reports crops in those states more than average. David S. Fotheringham, the express messenger, went down yesterday to Green Ridge to spend the day. He will leave early next week to visit kinsfolk at Butler. S. N. Moses, a prominent citizen of Great Bend, Kan., arrived in the city yesterday and is the guest of his brother, R. H. Moses, Esq. Mr. Moses formerly resided in this city. Chas. Haine, head floor walker at Bull, Moore & Emery's, Kansas City, passed through Sedalia last night on his way to El Dorado Springs, where he will remain a fortnight or longer. Mr. Peter Long, of West Main street, returned Friday night from a trip to Toronto, Canada. While there he saw a device for perpetual motion which covered almost the identical idea he thought of some ten years ago. The Toronto folks hadn't the thing just exactly perfect, but were very near it.

Balm orders from Spice Islands, Wafted by the tropic breeze; SOZODONT in healthful fragrance. Cannot be surpassed by these. Teeth it whitens, purifies; You will use it if you're wise.

One Great Merit of that Beautifier of the teeth, SOZODONT, is that its effect upon the mouth is refreshing while as a means of cleansing the teeth, and improving the health, it stands alone.

"SPALDING'S GLUE" handy about the house, mends everything.

Heat by the Hour. As will be seen by the following readings of the thermometer for yesterday from 6 a. m. to 9 p. m., furnished by Mr. C. G. Taylor to the BAZOO, it was the hottest day Sedalia has experienced this year. The figures are as follows: 6 a. m., 75; 7 a. m., 80; 8 a. m., 83 9 a. m., 85; 10 a. m., 88; 11 a. m., 90; 12 m., 94; 1 p. m., 97; 2 p. m., 99; 3 p. m., 101; 4 p. m., 100; 5 p. m., 94; 6 p. m., 92; 7 p. m., 90; 8 p. m., 86; 9 p. m., 84.

Bingley's Big Barn Burned. A fire this morning between 12 and 1 o'clock destroyed the large barn of Alexander Bingley, about five miles northwest of town, on the old Dr. Beck place, and about three-fourths of a mile west of Maj. Gentry's residence. The entire building was consumed, together with a large quantity of hay and some farm implements. It is reported, but not authoritatively, that a fine imported bull was also burned up. The loss is variously estimated, some putting it at \$2,000 and some at higher figures. Insurance not known. The origin of the fire is in doubt, but there is a very strong suspicion that the structure was set on fire. An investigation will be set on foot at once, and the guilty party will be granted no mercy, when discovered.

Scared to Death. Sampson Hughes, a colored man living near Flat Creek, was the owner of a blind horse, valued at \$50, until Friday night. Some evil-minded and mischievous boys surrounded the animal on that evening, and with cheers and alarming noises scared the innocent animal off the bank near the waterworks dam, and the horse went overboard into the ditch and broke his neck short off. The bereaved Sampson is the father of Policeman Hiram, surnamed Hughes.

A Couple of Sales. Among the real estate transfers made yesterday by W. L. Porter, the broker, was the Price lot on the southeast corner of Ohio and Fifth streets which was bought by J. H. Bothwell for outside parties, for \$10,000. Another sale made by Mr. Porter, was a lot at the northeast corner of Third and Prospect streets, sold for John Montgomery, Jr., to J. M. Offield for \$2,000.

Threw a Rock and Skipped. Ben Bowling, a colored man, who lives with his wife west of the gasometer, absorbed several superfluous spoonfuls of tanglefoot last evening, and under the effect of the extra inhibition, threw a rock at his wife and bursted the weather boarding behind which she sat. Officer Hughes was notified and he went over to arrest Ben. But Ben had skipped and the weeds are so high in the neighborhood that Hughes gave it up, temporarily, as a bad job.

At The Hospital. The following patients have been admitted to the Missouri Pacific railway hospital. J. B. Falden, section laborer, Weeping Water, Neb., bruise of right hip. Chas. Adam, section laborer, Garnett, Kan., general debility. None discharged.

STUCK ON THE NAME.

Wheeler's Belle Loves Not Wisely But Too Well.

The sheriff of Benton county, last night, arrived in Sedalia having in custody Ira Wheeler, who is charged with seducing under promise of marriage, Miss Belle Johnson, a member of a highly respectable family of Benton county. The baby was born April 2d, and Wheeler has been looked for ever since, and in fact, some time before. The sheriff, Major J. W. Peyton, tracked up his man, after many weeks, to Belle Plaine, in Sumner county, Kansas, fifty miles southwest of Wichita, and brought him in last night. He will take him to Warsaw on the first train to-morrow. Wheeler was put in the calaboose at midnight. He had handcuffs on, but covered them over when he debarked from the coach which brought him in with a silk handkerchief. Sheriff Peyton was met at the depot by Officers Jos. Gossage and Barnett, who accompanied the Benton county sheriff and his prisoner to the calaboose. Wheeler refused to talk to the reporters, who called, and seemed to feel his ignominious position nearly as keenly as the girl he is said to have ruined.

Break into a Parsonage and Devour Things. Three boys of tender years, but tough dispositions, were up before Esq. Halsted this morning for petit larceny. Their names are Peter Vose, Albert Avenseno and John Lukerman. They had broken into the parsonage of the Ohio street Methodist church, at the corner of Osage and Fourth and were devouring with great gusto the remains of the feast the ladies of the church had spread last evening for their friends for the benefit of a new organ. Officers Gossage, Shobe and Dixon gathered them in shortly after midnight and put them in the 'boose until this morning. Lukerman was fined \$1 and costs, which his father paid. The other two were sentenced to the county jail for twenty days and the costs, which will give them a fraction of over thirty-two days apiece. The last two boys are said to be very tough citizens. None of them is over fifteen years of age.

Michael Brady Buried. The funeral of Michael Brady, who was found dead in his bed yesterday morning, full particulars of which event appeared in last evening's BAZOO, took place at ten o'clock this morning from the church of St. Vincent de Paul. The funeral procession consisted only of Undertaker Hibbs with Father Murphy, in a buggy, the hearse with the remains, and the carriages containing the pall-bearers. These last were: John Cashman, John Quirk, Philip Kelly, William Curran, Thomas Millet and John Cunningham. The usual burial service at the church was conducted by Father Murphy, no one being in attendance, save the bearers of the pall, a couple of women at their devotions and several children attracted to the place by curiosity. Mrs. Burns was not present.

Endangered His Stomach's Pit. A messenger from near Cole Camp, about sixteen miles south of Sedalia, came into town yesterday afternoon, in hot haste for a doctor. From what could be gathered from the heated and excited courier, it seems that John McFarrick, who lives in the locality mentioned, was harvesting in a field, somewhere about noon time, and in some accidental way, not learned had been stuck in the right side, near the pit of the stomach, with the prongs of a pitchfork. No definite information was gleaned from the man who came for the physician, other than the meager story above set forth.

Spit On Him. Wm. Arnold was brought before Esq. Fisher yesterday on complaint of David Schuler, for an assault and battery alleged to have been committed by Arnold on the aforesaid Schuler. There doesn't seem to be much in the case, but the defendant gave a \$50 bond to appear for trial next Tuesday. The two men, it appears, have worked, or are working, in a pawnshop on Main street, and having allowed their angry passions to arise, Arnold, party of the first part, spat upon Schuler, party of the second part. What else went to constitute the assault and battery will develop when the cause comes on to be heard, July 19th.

A Beginning Made.

The contractor to build the new Sedalia sewer, Mr. Mercer, has begun operations. He put a small force to work Thursday, and yesterday the men were digging away on both sides of the railway tracks near Harman avenue. The excavating across the railroad will be begun to-morrow, or as soon as the railway company brings to the ground the heavy thirty-foot timbers, which will be laid along the track to support the rails, while the digging is in progress.

The outlet of the sewer is a few feet west of the culvert which leads the waters of Pearl river under the railroad tracks. The trench, after the excavation reaches Main street, will be dug with a machine fitted up for the purpose, and saving the labor of many men. A large force of laborers, it is expected, will be set to work to-morrow, and the progress of the sewer will be as rapid as the weather and circumstances will allow.

TRAIN TALK.

Items of General Information for the Especial Benefit of Railway Men.

St. Lawrence, Kan., on Thursday voted \$7500 to the Southern Kansas road for the right of way through the city.

The people of Grant township, in Neosho county, will celebrate the opening of the Kansas City & Pacific to Grant Center by a big excursion to Parsons to-day.

E. L. Green has been promoted from the position of freight conductor on the Missouri Pacific to a similar position in the passenger service, and will be given a regular run in a day or two.

Division Superintendent Welch, is at Peoria Ill. where he was called a day or two ago by the illness of his wife, who has been at that place for some time in the care of a prominent physician of that city.

The Rock Island road announced Friday from the general office that it will haul live stock, agricultural products and manufactured goods of Kansas origin to county, municipal or State fairs held in any of the Eastern States free of charge.

The Fort Scott, Wichita and Western Company, organized for the purpose of acquiring and operating the St. Louis, Ft. Scott and Wichita road, filled its charter Friday at Topeka, Kan. Jay and George Gould and Russell Sage are directors; capital stock, \$7,000,000.

This, Sunday morning, the Chicago, Kansas and Nebraska road will begin running through trains to Wichita, Kan., a distance of 240 miles. This makes the line complete from Chicago to Wichita. On the same day trains will be put on between Herrington and Hutchinson, Kan., a distance of seventy-four miles on the main line of the road.

Circulars were received in Kansas City yesterday, announcing that S. K. Hooper, general passenger agent of the Denver and Rio Grande railroad, has appointed Mr. Lew Eveland passenger agent with office in that city. Mr. Eveland is an old railroad man, having been connected with the Erie and Lake Shore. Mr. Eveland was also treasurer of Kansas City for two terms.

A change in the divisions of the Gulf railroad went into force to-day. H. W. Diggins is now Superintendent of the Arkansas Division, which embraces that part of the road between Springfield and Memphis, and G. I. Perry is Superintendent of the Kansas Division, from Springfield to Kansas City. The movements of trains on the Arkansas Division will be directed at Thayer, to which point the train dispatchers will remove from Springfield next Sunday. Supt. Diggins' headquarters will continue to be at Springfield.—Springfield Herald.

My daughter was troubled with Heart Disease for five years, given up by physicians, had sinking spells, constant pain, great swelling over her heart extending to left arm, and severe spells of neuralgia, extending over entire body, doctors could not help her. Dr. Graves' Heart Regulator cured her within three months.—Jas. Tilton, Concord, N. H. \$1 per bottle at druggists.

MANITOU SPRINGS

Colorado's Charming Resort Written of by a Sedalia Tourist.

Manitou Springs, Col., July 14.—Ed. BAZOO:—Thinking probably a few lines from me whilst at this lovely spot would not be an intrusion, I write hastily. After remaining two months in Denver, I concluded I would come here and try the mineral water and baths, and although only a few days since my arrival, I am charmed with the place. Had a most delightful stay in Denver and think it a lovely city.

I found quite a number of friends and relatives there, among the number Mrs. Sam and Singleton Morrison, Mrs. Suedaker, Mrs. Carlson and Mrs. Ellis, all former Sedalians.

The Cliff House, where I am stopping, is the prettiest locality of any of the hotels, and the mountain scenery around, grand. Among its guests here I met some pleasant Kentuckians, Missourians, and Ex-Governor Alcorn and daughter from Mississippi; also people from almost every state. Mr. and Mrs. Albert Parker, from Sedalia, are here, and my room is near theirs, and they are very kind and attentive, consequently I feel quite at home.

Yesterday forenoon with a party from Liberty and Kansas City, Mo., I visited the "Garden of the Gods," and my most sanguine expectations were realized. There are quite a good many other places of interest I hope to visit, and wish a number of my Sedalia friends could join me and enjoy the sight-seeing as well as the invigorating mountain air. I'm grieved to hear that there is so much sickness in Sedalia and especially sad was the death of Mrs. Hattie Bothwell, so young and so much to live for, the husband and family have my sincerest sympathies. I trust that the news from there in the future will be that good health reigns supreme and that we are to have another railroad and natural gas and our city to be one of the most prosperous in the state.

We are to have a hop at the hotel to-night and expect the guests from the other hotels. Last night one at the Mansions and night before one at the Iron Springs hotel. I will write again when I have more time.

Respectfully, M. H.

Society Personal. Biebush, the St. Louis counterfeiter, who has been in the state prison here for seven or eight years, will soon be a free man again, as his sentence will expire in about a month.—Jefferson City Tribune.

ROYAL BAKING POWDER Absolutely Pure. This powder never varies. A purity, strength and wholesomeness, and economical than the ordinary kinds, and can not be sold in competition with the untold of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.
