

SEVEN MORE KILLED.

THE LIST OF STORM VICTIMS GROWING LARGER.

TWO MORE DEATHS IN R.J. BUD.

Five Persons Killed in the Destruction of Harrison, Ark.—Later Reports Expected to Swell the Death List in Arkansas—Fears for the Safety of Vessels on the Great Lakes.

St. Louis, Mo., Nov. 19.—Seven more deaths have been added to the list of victims of the tornado which swept over Northern Arkansas and Southern Illinois Wednesday night.

It is probable that when the reports of the ravages of the storm are received from portions of Arkansas where railroads and telegraph lines do not penetrate the list of victims will be greatly increased.

Chicago, Nov. 19.—Wednesday night and Thursday were marked by fierce storms throughout the Northwest and on the great lakes and it is expected that considerable loss of life will be reported in consequence as many vessels were caught on the great lakes and several are overdue.

The schooner Genlorie is missing and it is feared she has been lost with all on board. She was on her way to Sault Ste. Marie grain laden but broke two tow lines and her tug was obliged to run for shelter leaving the schooner to her own devices.

A train blown from a track. DENVER, Col., Nov. 19.—A passenger train on the South Park railway was blown from the track last night near Kenosha by a heavy wind and toppled over an embankment. Eleven people were hurt, but it is thought none fatally.

Several Miners Imprisoned. POTTSVILLE, Pa., Nov. 19.—A cave-in occurred to-day at the Hazel Dell colliery at Centralia and eight or nine men are now imprisoned. Two others were taken out very badly injured.

DID HE STEAL A FORTUNE?

An Express Messenger and One Hundred Thousand Dollars Missing for a Time.

Chicago, Nov. 19.—Did the United States express messenger, George T. Bagley, steal \$100,000? Is Bagley under arrest? Chief Detective John Shea of the Chicago police force answers "Yes" to both questions, but General Manager Shepard of the United States express company answers "No."

One hundred thousand dollars, Shepard says, was missing for a day, by virtue of what circumstances he cannot explain in detail or with any definiteness. Bagley's run is between Council Bluffs, Ia., and Chicago. Captain Shea says he left his train at Davenport at 2 o'clock yesterday morning, ostensibly to arrange for sending some potatoes to his family, and did not return. When the train reached this city it was found that a large package of money was missing. The captain detailed Officers Pinkett and Weaver on the case and they learned that Bagley had a female friend, Mrs. Miller, a dressmaker living here. He had not been there and they were told. So in he appeared and was arrested. At police headquarters Bagley met General Agent Wygant of the express company. He admitted the robbery and said the money could be found at Geneseo. Detective Weaver at once went to Geneseo with Bagley and found the money. Bagley made false statements concerning his actions which led up to the securing of a confession. Then, too, his action in buying a ticket to Chicago when he was the bearer of a pass was peculiar.

General Manager Shepard said when told the police story: "It is not true that any money has been stolen from this company; that any arrests have been made or will be made. It is true that a package containing \$100,000 was missing. I cannot explain it in detail now. All I can say is that a package of \$100,000 which should have been delivered from a certain office to the messenger was not found in his safe. That it was not delivered was a mistake."

take. He denied that Bagley had been arrested or was subject to censure.

Detective Weaver, who went to Davenport with Bagley, telegraphed Captain Shea this afternoon that the money had been found all right and had been turned over. He will return with his prisoner this evening.

The English Strike May Be Settled.

LONDON, Nov. 19.—There is now a better prospect for the settlement of the cotton strike, owing to the willingness of the operatives to consider a proposal for a temporary reduction of wages concurrent with the placing of the mills on short time. The employers in North Lancashire are willing to effect a compromise, but those in South Lancashire are not, but the latter are likely to submit to pressure from the North Lancashire manufacturers.

COTTON CROP BAD.

Very Many Complaints of Poor Yield in the South.

VICKSBURG, Miss., Nov. 19.—All the facts obtainable concerning the cotton crop in this state and North Louisiana are very unfavorable. A short yield is almost universally reported. The most conservative people estimate the Mississippi crop at half that of last year or two-thirds of an average crop, which would place it under 700,000 bales. There is no reason to suppose it is being held back; on the contrary it is being marketed freely. Picking is almost completed in the West and South. In the lowlands there is a little cotton in the fields. The shrinkage on individual plantations unaffected by overflow is startling. Up to September, both this and last year, the indications pointed to a short crop. A phenomenal top crop swelled the yield in 1891 and an equally promising top crop this year was annihilated by an early frost aided by heavy rains which rolls the bolls.

CHARLESTON, S. C., Nov. 19.—A special to the News and Courier from New Orleans says that the cotton prospects grow worse every day and that there will be a loss of 45 per cent from last year's crop with a total net exceeding 400,000.

MICHIGAN OFFICES SPLIT.

Democrats Counting on Victory in Three of the State Counties.

DETROIT, Mich., Nov. 19.—The Republican candidates for supreme justice, attorney general and land commissioner may be defeated. Official returns from all but eight counties of the state show that Hooker now has 3,140 plurality, Diekmann 2,721 and Berry 2,437. The counties yet to hear from are Wayne, Crawford, Kent, Monroe, Muskegon, Menominee, Montcalm, Presque Isle and Ontonagon. It would appear from unofficial figures and estimates that Ellis stands a good show of wiping out Diekmann's plurality, but that Shafer has little probability of beating Henry, while Hooker is pretty sure of defeating Newton. The returns from Wayne will have an important place in deciding one of the closest races of recent years. Several of the missing counties are heavily Democratic.

RUSSIA'S MISERY GREAT.

The Peasants Threatened With a Renewal of Last Year's Suffering.

St. Petersburg, Nov. 19.—Count Tolstol in the Russian Gazette calls attention to the continued miserable condition of the peasantry of Russia. He says that famine again threatens the districts. The rye harvest is as bad as it was in 1891 and oats are an utter failure. There is complete dearth of material for fires and the people are exhausted by last winter's miseries. The outlook he declares is as black as possible.

Litigation of the Treasury.

WASHINGTON, Nov. 19.—General W. P. Hepburn, solicitor of the treasury, has made a report on the character, amounts and results of public litigation conducted under his direction during the fiscal year ended June 30. The whole number of suits commenced was 5,122 for the recovery of \$2,445,173. Of these 3,137 were decided in favor of the United States, 43 adversely, 637 were settled and dismissed and in eight the penalties were remitted, leaving 1,287 still pending.

Cotton Mill Owners Prosperous.

FALL RIVER, Mass., Nov. 19.—Twenty of the Fall River cotton mills, representing a capital of \$15,020,000, have earned \$2,627,000, an average of 16.16 per cent during the past year. Unusually cheap cotton has been the important factor in the boom in this business, as goods have not been particularly high. All of the factories with two or three exceptions have been enabled to pay generous dividends and to charge off a certain percentage for depreciation.

Dufferin's Son to Wed an American.

LONDON, Nov. 19.—The engagement of the Hon. John Temple Blackwood, the second son of the Marquis of Dufferin and Ava, and Miss Flora Davis, daughter of John Davis of New York, is announced. The young man is only 26 years of age. The Blackwoods are not among the wealthiest in the peerage. The Marquis was recently ambassador to Rome, but was transferred to Paris a few months ago on the death of Lord Lytton.

THE VOTE OF KANSAS

OFFICIAL RETURNS FROM ALL BUT FOUR COUNTIES.

LEWELLING'S PLURALITY 3,200

Harris' Majority Over Anthony Will Be Fully 5,000—Plenty of Democratic and Populist Patriots Anxious to Serve Uncle Sam or the State in Almost Any Capacity—Late Political News.

TOPEKA, Kan., Nov. 19.—The official elections returns have been tabulated in the secretary of state's office from all counties except Brown, Linn, Rooks and Graham. Secretary Higgins said this morning that Lewelling's majority would be about 3,200 and that Colonel W. A. Harris would have about 5,000 majority over Anthony. Harris ran far ahead of his ticket in the Eastern and strong Democratic counties. The Weaver electors will have about 3,500 majority.

The fusionists took almost complete possession of this city Friday night. There were elaborate fireworks, hundreds of tin horns and the other usual features of jollifications. All the newly elected state officers and all the fusion leaders except Mrs. Lease were present. Republican headquarters were all illuminated and banners were out claiming a gain of 40,000 votes over 1890 and 100,000 Kansas Republicans in line for the next campaign. At the state house Judge John Martin presided, and Governor-elect Lewelling, ex-Governor Gilke, Congressman Jerry Simpson and Editor Chapman of Fort Scott made brief speeches.

Six aspirants for speaker of the lower house on the Republican side have already been announced as follows: E. W. Hoch of Marion, W. R. Hopkins of Garden City, C. E. Lobdell of Lane county, John Seaton of Atchison, George L. Douglass of Wichita and M. W. Sutton of Dodge City. All of these, with the exceptions of Hoch and Sutton who served in the legislature of 1888, were members of the last legislature. Frank L. Brown, secretary of the Republican central committee, is a candidate for chief clerk of the house. Other candidates for this position are A. H. Heber of Meade, who served in the last house, John Q. Royce editor of the Smith Center Bulletin, and H. L. Millard who filled the position in 1888.

Atchison Aspirants.

ATCHISON, Kan., Nov. 19.—The latest Atchison Democrat to join the procession of office-seekers is Frank Jarrell of the Patriot, who wants to be statistical state agent for Kansas of the agricultural department. Robert W. Eaton, who was defeated for re-election to the office of district judge last week, wants to be United States district attorney, and is said that Colonel R. B. Morris has his heart set on succeeding by Leiland as collector for internal revenues.

It is concluded that ex-Governor Glick is to have something, and a strong pull will be made to place him at the head of the department of agriculture. Jim Orr modestly says he wants nothing; he is satisfied to help the other fellows. In the Populists' lists, in addition to Church White, who wants to be grain inspector under Governor Lewelling, L. C. Seever, also defeated candidate for district judge, wants to be railroad commissioner.

McKinley Says Little.

YOUNGSTOWN, O., Nov. 19.—At the annual banquet in memory of the late President Garfield, Governor McKinley responded to the toast, "The Day We Celebrate." He delivered an eloquent tribute to the dead and only referred to the recent political campaign in the closing sentence as follows: "The Republican party will have to wait. It may be temporary, but the people will not see it perish for it is the country's best and represents the highest destiny of the greatest prosperity of the people."

Three Important Offices Filled.

WASHINGTON, Nov. 19.—The president to-day made the following appointments: J. H. Gear of Iowa to be assistant secretary of the treasury in place of Judge Crouse, resigned. William M. Stone of Iowa to be commissioner of the general land office, vice Thomas H. Carter, resigned. George W. Miller to be collector of internal revenue for the Twenty-third district of Pennsylvania.

Official Returns From Georgia.

ATLANTA, Ga., Nov. 19.—The official vote of the state of Georgia in the national election was as follows: Total vote, 223,891; Cleveland, 129,386; Harrison, 48,305; Weaver, 42,539; Bidwell, 988; scattering, 2,313; Cleveland's plurality over Harrison, 81,081, and majority over all other candidates combined, 34,791.

An Oklahoma Politician Arrested.

OKLAHOMA CITY, Ok., Nov. 19.—Wood Little, a prominent Republican of Lexington, Ok., is under arrest for intimidating voters. The case will be

made a test, and if he can be held a number of other arrests will follow.

Official Figures From Illinois.

CHICAGO, Nov. 19.—Official returns from all the counties in Illinois give Cleveland 424,149 votes, Harrison 307,325, Bidwell 21,590, Weaver 20,685; Cleveland's plurality over Harrison 21,824.

Gilmore's Band to Disband.

PEORIA, Ill., Nov. 19.—Gilmore's band will disband after playing its Cincinnati engagement to-morrow night. The band played here last night and the box office receipts were attached by the Galesburg opera house for failure to play a matinee. The matter was compromised. A telegram sent to R. Euler of Buffalo by Ida Klein, one of the solo singers, says: "We are going to disband. Will be in New York Monday."
