The editor of the Rich Hill Enterprise gives the following good advice: "If you will place a pitcher of cold water on a table in a room it will absorb all the gases with which the room is filled from the respiration of those living in the apartment. Very few people realize there is any impurity in their rooms, but in a few hours a pitcher of cold water will make the air pure and the water will be unfit for use."

**LYCEUM COURSE**

The first number of the Lyceum Course will be held Monday, November 25th at the High school auditorium.  
Miss MacLaren gives an Initiative recital of the famous comedy drama The Music Master.  
THE PLAY  
At the height of his musical career in Germany, on the night the Dresden Orchestra under his leadership played his great Symphony that was to have brought him fame and fortune, Herr Anton von Barwig came home and found that his wife had disappeared with a friend of his and left their little baby girl with her.  
After devoting sixteen years of his life to a fruitless search for his wife and child, the old music master is about to give up his mission and go back to Liepsic. His musical genius has failed to win recognition in this country and he is reduced to poverty. Every thing he had of value is gone and he is forced to play in a dime museum at night.  
In presenting the play Miss MacLaren will give imitations of Mr. David Warfield as Herr Anton von Barwig and the members of his company in their different roles.  
Season tickets \$1.50 and 75c. Single admission Monday night 35c and 25c. Seats reserved without extra cost at Knapp's, beginning with Friday.
